The weekly report on scarcity in Kathiawar is as follows:—Distress is decreasing in Gohilwad. The public health is good. There is no wandering or emaciation. New grass is coming up. Gratuitous relief was given to 387 persons.

Hyderabad.—The rainfall during the week was light except in three districts. The average fall was 71 cents. A break in rain is beneficial. Agricultural operations have been resumed. Autumn crops are in fair to good condition, except in places where they have been damaged owing to continuous rain. The crops are being weeded. Early rice is being sown and weeded and is in good condition. Lands for spring crops are being prepared and sown. Cattle disease prevails in seventeen talukas. Prices of grains are high and steady. The highest price of *juar* in districts is 10 seers per rupee in Karimnagar and the lowest 26 seers per rupee in Mahbubnagar.

Mysore.—The rainfall during the week was good in Kadur and Shimoga and light elsewhere. Prices of food grains are steady. Markets are well supplied. Sowing and

weeding of *ragi* and transplantation of paddy are in progress. Standing crops are in good condition. Prospects of the season are good. Cattle are healthy in the greater part of the State. Water and fodder are available.

Coorg.—Rainfall 4 inches 5 cents. Transplantation of rice continues. Prices of food grains are stationary. The public health is fair. Water and fodder for cattle are sufficient.

Madras.—The rainfall during the week was very heavy in South Canara and Travancore, heavy in Malabar and Cochin, good in Ganjam, the Vizagapatam Agency, Bellary and the Nilgiris, fair in the Vizagapatam littoral, Go avari, Banganapalli, Cuddapah, Chingleput, North Arcot and Salem and light or *nil* elsewhere. Standing crops are in fair to good condition generally but have withered in parts of one district for want of rain. Harvesting of paddy, sugarcane and dry crops is proceeding in parts with outturn fair to normal generally. Sowings of paddy, sugarcane and dry crops are proceeding normally. The condition of cattle is generally good. The water-supply is insufficient in Bellary and in parts of Ganjam, Anantapur, Nellore, South Arcot, Chittoor, North Arcot, Salem and the southern parts and sufficient elsewhere. Pasture is insufficient in parts of four districts and sufficient elsewhere. Fodder is generally available. Prices are steady.

No 8083-78-W.-II.—The following Royal Proclamations are published for general information: —

BY THE KING

A PROCLAMATION

FOR PROHIBITING THE IMPORTATION OF CERTAIN ARTICLES INTO THE UNITED KINGDOM.

GEORGE R. I.

WHEREAS by Section forty-three of the Customs Consolidation Act, 1876, it is provided that the importation of arms, ammunition, gunpowder, or any other goods may be prohibited by Proclamation :

And whereas it is expedient that the importation into the United Kingdom of certain goods should be prohibited as hereinafter provided :

NOW, THEREFORE, We by and with the advice of Our Privy Council, in pursuance of the said Act and of all other powers enabling Us in that behalf, do hereby proclaim, direct and ordain as follows :—

As from and after the Seventh day of August, 1916, subject as hereinafter provided, the importation into the United Kingdom of the following goods is hereby prohibited, *viz.* :—

Air guns and rifles.

Sporting guns, carbines and rifles.

Oranges.

Provided always, and it is hereby declared, that this prohibition shall not apply to any oranges which are the produce of any of Our Dominions, Colonies, Possessions or Protectorates, nor to any goods of the kinds of which the importation is prohibited by this Proclamation

which are imported under licence given by or on behalf of the Board of Trade, and subject to the provisions and conditions of such licence.

This Proclamation may be cited as the Prohibition of Import (No. 8) Proclamation, 1916.

Given at Our Court at Buckingham Palace, this Twenty-eighth day of July, in the year of our Lord One thousand nine hundred and sixteen, and in the Seventh year of Our Reign.

GOD SAVE THE KING.

BY THE KING.

A PROCLAMATION

FOR PROHIBITING THE IMPORTATION OF COCAINE AND OPIUM INTO THE UNITED KINGDOM.

GEORGE R.I.

WHEREAS by Section forty-three of the Customs Consolidation Act, 1876, it is provided that the importation of arms, ammunition, gunpowder or any other goods may be prohibited by Proclamation :

And whereas it is expedient that the importation into the United Kingdom of cocaine or of opium should be prohibited except as hereinafter provided :

NOW, THEREFORE, We, by and with the advice of Our Privy Council in pursuance of the said Act and of all other powers enabling Us in that behalf, do hereby proclaim, direct and ordain as follows :—

As from and after this date, subject as hereinafter provided, all cocaine and all opium shall be prohibited to be imported into the United Kingdom :

Provided always, and it is hereby declared, that nothing in this Proclamation shall apply to cocaine or opium imported under the licence of one of Our Principal Secretaries of State and in accordance with the provisions of such licence.

The word "cocaine" includes all preparations, salts, derivatives, or admixtures prepared therefrom or therewith and containing 0·1 per cent (one part in a thousand) or more of the drug.

The word "opium" means raw opium, powdered or granulated opium, or opium prepared for smoking, and includes any solid or semi-solid mixture containing opium.

This Proclamation may be cited as the Cocaine and Opium (Prohibition of Import) Proclamation, 1916.

Given at Our Court at Buckingham Palace, this Twenty-eighth day of July, in the year of our Lord One thousand nine hundred and sixteen, and in the Seventh year of Our Reign.

GOD SAVE THE KING.

No. 8106-W.-II.—In exercise of the powers conferred by Section 3 of the Import and Export of Goods Ordinance, 1916 (IV of 1916), and in supersession of the Notification in this Department No. 5563-W.-II, dated the 8th July 1916, as subsequently amended, the Governor General in Council is pleased to prohibit the import and export of all goods, directly or indirectly, from and to Siam except such goods as are shipped by or consigned to the trading concerns in Siam named in the Schedule hereto attached :

Provided that nothing in this Notification shall be deemed to authorise the import or export of any article the import or export of which is prohibited by or under any enactment.

War Office,
27th July 1916.

His Majesty the KING has been graciously pleased to approve of the appointment of the undermentioned Officers to be Companions of the Distinguished Service Order, in recognition of their gallantry and devotion to duty in the field :—

* * * * * * * *

Maj. Maxwell Edward Dopping-Hepenstal, 1st Bn., 1st Gurkha Rif., Ind. Army.

For conspicuous gallantry when leading his battalion in the attack under heavy rifle and machine-gun fire

Capt. and Bt. Maj. Henry Richard Augustus Hunt, 25th Punjabis, Ind. Army (attd. 142nd Infy. Bde).

For untiring and invaluable work as Bde. Maj. during operations. He was continually exposed to shell fire in the performance of his duties.

* * * * * * * *

Capt. Peter Fleming Gow, M.B., Ind. Med. Serv.

For conspicuous gallantry and devotion to duty on several occasions, notably when he took one end of a stretcher after three bearers had been hit, and brought in a wounded officer.

* * * * * * * *

Capt. Percy Cleghorn Stanley Hobart, R.E. (attd. 1st Sappers and Miners, Ind. Army).

For conspicuous gallantry when carrying out a series of dangerous reconnaissances under fire, during which he collected much useful information. On one occasion he made gallant efforts to rescue one of his escort, who was wounded ; on another occasion he was wounded himself.

His Majesty the KING has been graciously pleased to confer the Military Cross on the undermentioned Officers and Warrant Officers, in recognition of their gallantry and devotion to duty in the field :—

Capt. William Rhodes James, 89th Punjabis, Ind. Army.

For conspicuous gallantry on several occasions, notably when, after three British officers had become casualties, he reorganised and consolidated his new position, moving up and down the line under heavy fire with great coolness.

Capt. William Hunter Riddell, M.B., Ind. Med. Serv.

For conspicuous gallantry and devotion to duty on several occasions when tending the wounded under heavy fire.

Lt. Thomas Norman Cameron Kemp, 1st Bn., 9th Gurkha Rif., Ind. Army.

For conspicuous gallantry when leading his company to the assault under heavy rifle and machine-gun fire. After reaching his objective he consolidated the position, and later organised an attack on two hostile guns 400 yards to his front and captured them, taking two officers and twenty men prisoners.

Temp. Lt. Cyril Tedman, Ind. Army Res. of Off. (attd. 21st Coy., 3rd Sappers and Miners).

For conspicuous gallantry. He held up an enemy counter-attack which had driven in a covering party of bombers until the arrival of fresh bombers. After the enemy had been driven off he completed the block on which he had been engaged.

* * * * * * * * *

2nd Lt. William George Hugh Gough, 1st Bn., 2nd Gurkha Rif., Ind. Army.

For conspicuous gallantry when leading his men with great dash against some enemy snipers who were annoying our line. Later he organised a defensive line in face of heavy machine-gun and rifle fire.

2nd Lt. John Arthur Copleston Kiddle, Ind. Army Res. of Off. (attd. 125th Napier's Rif.).

For conspicuous gallantry. Seeing a wounded officer lying in the open, he at once went out under heavy shell and rifle fire and carried him into safety.

2nd Lt. Frederick Auber Menzies, Ind. Army Res. of Off. (attd. 1st Sappers and Miners).

For conspicuous gallantry in going out, accompanied by one man, to within 100 yards of the enemy's lines and cutting the wires of six land mines. He then brought in his companion, who had been severely wounded. Three days later he was himself severely wounded.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 26th August 1916.

Burma.—Copious rain was general over Lower Burma. In the dry zone the rainfall was good. Cultivation of winter rice and of upland crops is proceeding The condition of standing crops is good. Recent rain has improved the prospects of crops in three districts of the dry zone. Livestock are generally healthy. The price of unhusked rice at Rangoon has risen to Rs. 118 per hundred baskets and is slightly above normal. The market for white rice continues to be steady.

Assam.—The weather is seasonable. Light to moderate rain has fallen in all districts but more rain is still wanted for the transplantation of winter rice in most districts of the Assam Valley. Plucking and manufacture of tea, transplantation of winter rice and harvesting of autumn rice and jute continue. Some damage by insect pests to autumn rice is still reported from Kamrup. Prospects of tea, jute, cotton and winter rice are generally fair and those of sugarcane good. The price of common rice is practically stationary. Cattle disease is reported from almost all districts.

Bengal.—Seasonable rainfall was general throughout the Province. It has greatly facilitated the transplantation of winter rice and the steeping and washing of jute. Weeding of the winter rice crop has commenced. Harvesting of autumn paddy and jute continues everywhere and is approaching completion in some of the eastern districts. Prospects of the standing jute and other autumn crops are on the whole fairly satisfactory. Insufficiency of fodder, owing to floods, is reported from parts of Dinajpur, Bogra, Dacca and Tippera. Cattle disease exists in two districts. The average price of common rice for the province has risen by about 0·25 per cent as compared with that of the previous week.

The weekly report on famine in Bankura is as follows:—Distress in affected areas is generally unchanged. The rainfall was general. Transplantation of winter rice is progressing satisfactorily. Maize and *til* crops are being harvested. Prospects of standing crops are good. Relief measures are adequate. The condition of people on relief works is generally good. Private charitable institutions are giving relief. Sufficient advances are being made to weavers. Clothes are being distributed by the District Relief Committee. Prices are stationary. The price of rice is 8¾ seers per rupee. The number of persons on relief works was 9,229 and in receipt of gratuitous relief 20,798, total 30,027. The number of persons relieved on private works was 2,347.

Bihar and Orissa.—Light to moderate rain was general over the Province. Harvesting of autumn crops has commenced in some districts. Transplantation of paddy continues. Standing crops are, on the whole, doing well. The average price of common rice has fallen as compared with that of the preceding week. The supply of fodder and water is sufficient. Cattle disease is reported from fifteen districts. The attendance of persons on test works in Manbhum and Singhbhum was 2,011 and 9,089 respectively. Gratuitous relief was given to 113 persons in Manbhum and 1,736 persons in Singhbhum. The condition of standing crops in the Feudatory States of Orissa is good.

United Provinces.—During the week the rainfall was heavy in the south Oudh, southeastern, eastern submontane and Bundelkhand districts, while light to moderate showers fell in other parts of the Provinces. A break is generally desirable. Heavy rain has hindered agricultural work in Bundelkhand and damaged standing crops in parts of the Muzaffarnagar, Aligarh, Agra, Mainpuri, Etawah, Farrukhabad and Jhansi districts. Damage from floods is reported from the Etawah, Sitapur, Cawnpore, Fatehpur, Benares, Ballia, Ghazipur and Hamirpur districts. Transplantation of late rice is nearing completion. Weeding of autumn crops is generally in progress. Harvesting of millets is going on Preparation of fields for winter crops continues where possible. The condition of agricultural stock is good, on the whole, though cattle disease is still increasing. Fodder is generally sufficient. Prices are generally stationary.

Punjab.—Fairly heavy rain has fallen in parts of the southeast and submontane tracts and light to moderate elsewhere. More rain is not required for the present. Standing crops are in good condition but in parts of a few central districts maize and *juar* have been damaged slightly by insects and in one or two districts by excessive rain. Sowings of autumn crops have been nearly completed and are normal Ploughings for spring crops continue in a few districts and sowings of *toria* and *taramira* have commenced. Cattle are healthy and fodder is sufficient. Prices are generally stationary but have fallen slightly in some districts. In the case of wheat they range between normal and warning and in other cases between normal and scarcity rates. Price of wheat :—Lahore and Lyallpur 10 and Ambala, Ferozepore and Rawalpindi 10½ seers per rupee.

North-West Frontier Province.—Rain fell during the week in Peshawar and Bannu. The weather is moderate in Peshawar but elsewhere it is hot and clear. The condition of standing crops both on irrigated and unirrigated areas is average. Harvesting of extra spring crops in Bannu is in progress with outturn average. The condition of cattle is good. Fodder and water are sufficient. The Paharpur canal is not running. Government canals in Peshawar have been closed owing to recent rains. The public health is generally good. Prices are high but stationary. Prices of wheat, barley and maize are falling in Peshawar.

Jammu.—The rainfall during the week was abundant. Prices are fluctuating. Wheat sells from 9 to 12 and maize from 11 to 19 seers per rupee. The condition of standing crops is good. Cattle disease prevails in the Jasmergarh and Sriranbisinghpura tahsils. Fodder is sufficient.

Kashmir.—The rainfall during the week was fair. Standing crops are in fair condition. Cattle are generally healthy. Water and fodder are sufficient. Prices are normal.

Rajputana.—This week like the preceding one has been marked by abundant rain throughout the country. The maximum fall was 12½ inches in Jhalawar. Standing crops are in good condition but some damage is reported from Dungarpur and Kotah, owing to excessive and continuous rain. Weeding of autumn crops and preparation of lands for spring crops continue. Prospects are excellent but a break in the rain is now needed in most places. The condition of cattle is good. Water and fodder are sufficient. Prices show a tendency to fall. The number of persons on test works in Kishengarh was 429.

The weekly report on scarcity in Merwara is as follows:—Distress is coming to an end and the number on works is diminishing steadily. The physical condition of the people on relief is satisfactory. Advances are being distributed. The public health is good. Prices are 11 seers per rupee. The number of persons on test works was 500 and in receipt of gratuitous relief 1,200, total 1,700.

Central India.—The rainfall during the week was general. The principal falls were over 11 inches in Mehidpur and Garot, over 8 inches in Dhar, over 7 inches in Alirajpur, over 4 inches in Indore city and Jhabua, over 3 inches in Jobat, over 2 inches in Kannod, Barwani and Manpur, and over 1 inch in Khargon and sufficient everywhere. Autumn crops are being weeded. Land for spring crops is being prepared in Malwa. Standing crops are in good condition. The probable outturn is generally good. Agricultural stock is generally good. The fodder supply is sufficient. Prices are normal in Bhopal and steady elsewhere.

Central Provinces.—During the week light showers were received in Berar but in the remaining districts moderate to heavy rain fell, the heaviest quantity registered being 7¼ inches at Betul. More rain is, however, required in parts of Drug and Raipur for thinning of rice. Elsewhere a break would be welcome. Transplantation and weeding are well advanced. Continuous rain has slightly damaged the crops in places. Otherwise prospects are generally favourable. The supply of fodder and water is adequate and cattle are faring well. Prices remained steady or fluctuated slightly.

Feudatory States.—Moderate to heavy rain fell in all the States. More rain is required in three States. Standing crops are in good condition.

Bombay.—The rainfall during the week was general. Standing crops are thriving except in parts of Larkana, Kaira, West Khandesh and Sholapur where they have been damaged slightly by continuous rain. Sowing of autumn crops and transplantation generally continue. The fodder supply is deficient in parts of Sind and Cutch. Agricultural stock is generally sufficient. Cattle are in good condition except in parts of Sind. Drinking and irrigation water is generally adequate. Prices of food grains are generally steady.

The weekly report on scarcity in Kathiawar is as follows:—Distress is decreasing in Gohilwad. The public health is good. There is no wandering or emaciation. Gratuitous relief was given to 316 persons.

Hyderabad.—The rainfall during the week was light except in four districts. The highest fall was 5 inches 80 cents in Adilabad. The average fall was 1 in 24 cents. Autumn crops are generally in fair to good condition and are being weeded. Early rice is being sown and weeded and the condition of the crop is satisfactory. Lands for spring crops are being prepared and sown. Cattle disease prevails in nineteen talukas. Prices of grains are high and steady. The highest price of *jwar* in districts is 10 seers per rupee in Karimnagar and the lowest 26 seers per rupee in Mahbubnagar.

Mysore.—The rainfall during the week was good except in the Shimoga and Chitaldrug districts. Prices of food grains are steady. Markets are well supplied. Sowing and weeding of *ragi* and transplantation of paddy are in progress. Standing crops are in good condition. Prospects of the season are good. Cattle are healthy in the greater part of the State. Water and fodder are available.

Coorg.—Rainfall 91 cents. Transplantation of rice is nearing completion. Prices of food grains are stationary. The public health is fair. Water and fodder for cattle are sufficient.

Madras.—The rainfall was light in Tinnevelly and Travancore, fair in Madras, very heavy in the Vizagapatam Agency, heavy in Vizagapatam littoral, Banganapalie, Sandur, Salem, Trichinopoly, Tanjore, South Canara and Cochin and good elsewhere. Standing crops are in fair to good condition generally but have withered or are withering in small portions of two districts for want of rain and have been damaged in part of another owing to excessive rain. Harvesting of paddy, sugarcane and dry crops is proceeding in parts with outturn fair to normal generally. Sowings of paddy, sugarcane and dry crops are proceeding normally. The condition of cattle is generally good. The water-supply is insufficient in parts of Ganjam, Bellary, Anantapur, Nellore, South Arcot, Chittor, North Arcot, Salem and the Southern parts and sufficient elsewhere. Pasture is sufficient except in parts of two districts. Fodder is generally available. Prices are steady.

All notifications and other matter intended for publication in those Parts should be addressed to the Publisher at Simla and Calcutta, respectively.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette* and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*.

J. P. HEWETT,
Secretary to the Government of India."

NOTICES.

THE PATENT OFFICE, 1, COUNCIL HOUSE STREET, CALCUTTA.

Public room, open 11 a.m. to 4 p.m.; Saturdays, 11 a.m. to 1 p.m.

1. *All communications* relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) should be addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed.

2. *Directions* for the guidance of inventors and others are given in the Patent Office Handbook (price one rupee) which contains the Indian Patents and Designs Act, 1911,

the Indian Patents and Designs Rules, 1912, the Indian Patents and Designs (Temporary Rules) Act, 1915, the Indian Patents and Designs (Temporary) Rules, 1915, together with current regulations and instructions. These should be consulted before an application is made to the Controller.

3. *Advice.* The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs or on their infringement; (2) to make searches in respect of information available in the public room; (3) to recommend any particular agent; or (4) to assist in the disposal of inventions. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom or any of the British possessions. The International Convention for the Protection of Industrial Property does not include India. For information regarding patents in countries other than India applications should be made to the patent offices in the countries concerned.

4. *Fees* are payable in *cash* and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

5. *Trade and property marks and names* are not registered and *medicines* are not patented under the Indian Patents and Designs Act. There is no provision of Law in British India for their registration. Neither does this Act deal with *pictures, photographs, etc.*, for which copyright is obtainable under the Indian Copyright Act, 1914.

6. *Printed Specifications* of applications, which have been accepted, are published within about three weeks after acceptance has been notified in the *Gazette of India*. These specifications can be purchased at the Patent Office at a uniform price of 8 annas per copy; and may be seen free of charge, together with other publications of the Patent Office, at the following places:—

GOVERNMENT OF MADRAS, REVENUE DEPARTMENT.

ORDER.

Dated the 25th August 1916.

The agreement has been executed by the Secretary to Government (Revenue Department) on behalf of the Secretary of State for India in Council, and will be published in the Fort St. George Gazette, and a copy transmitted for publication in the *Gazette of India* under section 42 of the Land Acquisition Act I of 1894.

Agreement made the 24th day of August one thousand nine hundred and sixteen between the Bank of Madras constituted under the Presidency Banks Act of 1876 and carrying on business at North Beach Road Madras and elsewhere (hereinafter called "The Bank") of the one part and the Secretary of State for India in Council (hereinafter called "The Secretary of State") of the other part Whereas upon the application of the Bank the Government of Madras by Order Number Press 1824 Revenue, dated the 10th day of August 1916, has agreed to acquire on behalf of the Bank under the provisions of the Land Acquisition Act 1894, the piece of land described and delineated respectively in the schedule and plan hereto annexed and situated at Trichinopoly it having been shewn to the satisfaction of the said Government that the proposed acquisition is needed for the construction of a work likely to prove useful to the public namely the construction of a building on the said piece of land suitable for the purposes of a Branch office of the Bank to have the custody and management on behalf of the Secretary of State of cashing and issuing universal currency notes for the public and the other public treasury business which may be entrusted to the Bank by the said Government and for the erection whenever required of new buildings as additions for the aforesaid purpose from time to time And whereas the said Government has called upon the Bank under the provisions of Section 41 of the said Act to enter into the agreement with the Secretary of State hereinafter contained Now these presents witness that it is hereby agreed and declared as follows :—

1. The Bank shall pay to the Government of Madras before the said land is transferred to the Bank the cost of the said land and all costs of the acquisition inclusive of all payments and allowances in respect thereof payable under the said Act.

2. Upon such payment by the Bank the Secretary of State shall execute and do all such acts deeds matters and things as may be necessary or proper for effectually vesting the said land acquired in the Bank and giving the Bank an absolute title thereto.

3. The terms upon which the said land shall be held by the Bank are that the Bank shall construct buildings on the said piece of land suitable for the purposes of a Branch office of the Bank to have the custody and management on behalf of the Secretary of State of cashing and issuing universal currency notes for the public and of other public treasury business which may be entrusted to the Bank by the said Government and if necessary erect new additions from time to time for the aforesaid purpose and so long as the Bank shall carry on the business of banking at Trichinopoly shall maintain the said buildings and use the same or the business portion thereof as a branch of the Bank and for the purposes aforesaid or for such purposes as the Bank may from time to time be under agreement with the said Government to perform.

4. That new buildings shall be erected as aforesaid within two years from the date when the said land shall have been transferred to the Bank and that the Bank so long as it shall continue to carry on the business of banking at Trichinopoly shall maintain and keep the said buildings in proper repair and condition.

5. That the customers of the Bank and other persons resorting thereto on business with the Bank shall be entitled to such right of ingress egress and regress during business hours as may be necessary and proper for their business but otherwise the public shall not be entitled to the use of the said land or the buildings to be erected thereon.

In Witness whereof the corporate seal of the Bank of Madras hath hereunto been affixed in the presence of James Fletcher Simpson and John Oakshott Robinson being two of the Directors and of William Bernard Hunter Secretary and Treasurer of the said Bank and James Perch Bedford Secretary to the Government of Madras in the Revenue Department for and on behalf of the Secretary of State for India in Council, hath hereunto set his hand and seal the day and year first above written.

DEPARTMENT OF STATISTICS, INDIA

CALCUTTA, AUGUST 29, 1916

First Forecast SESAMUM (Til or Jinjili) Crop, 1916-17

This forecast is based upon reports received from eight provinces, which contain, on an average, 78 per cent of the entire area under sesamum in British India. The returns in this forecast exclude estimates for the United Provinces and for the late crops of Bengal and Bihar and Orissa.

A general comparison of the figures is made below with those for the corresponding period of last year. The total area so far reported amounts to 1,819,000 acres as against 1,776,000 acres (revised figure) for the same tracts at this date last year, or an increase of 2 per cent. Details of the area by provinces are stated below :—

First forecast, August

	1916-17	1915-16	Increase + or Decrease −
	Acres	Acres	Acres
United Provinces (*a*)	...	...	...
Central Provinces and Berar	853,000	872,000(*b*)	−19,000
Madras	301,000	296,000	+ 5,000
Bombay and Sind (including Native States)	320,000	304,000	+16,000
Bengal	185,000	194,000	− 9,000
Bihar and Orissa	10,000	11,000	− 1,000
Punjab	148,000	99,000	+49,000
Ajmer-Merwara	2,000	(*c*)	+ 2,000
Total (*d*)	1,819,000	1,776,000	+43,000

The climatic conditions at sowing time have not on the whole been very favourable, owing to heavy and continuous rainfall which has interfered with sowing operations in some of the most important sesamum-growing tracts in the United Provinces, the Central Provinces, and Madras. On the other hand, a lack of moisture was felt in parts of Bengal and of Bihar and Orissa, owing to inadequate early rains. It is in the Punjab alone that the season has been very favourable. The present condition of the crop is reported to be from fair to good.

The provincial reports are summarised below :—

United Provinces (24·6 per cent of the total area under sesamum in British India).—Sowings of sesamum generally commenced about the middle of July, but were retarded by excessive rain, and are still going on. It is not, therefore, possible to give an estimate of the area at present. Germination has been indifferent in parts of Bundelkhand, where this crop is mainly grown, owing to continuous rainfall, and a break would be beneficial for the crop.

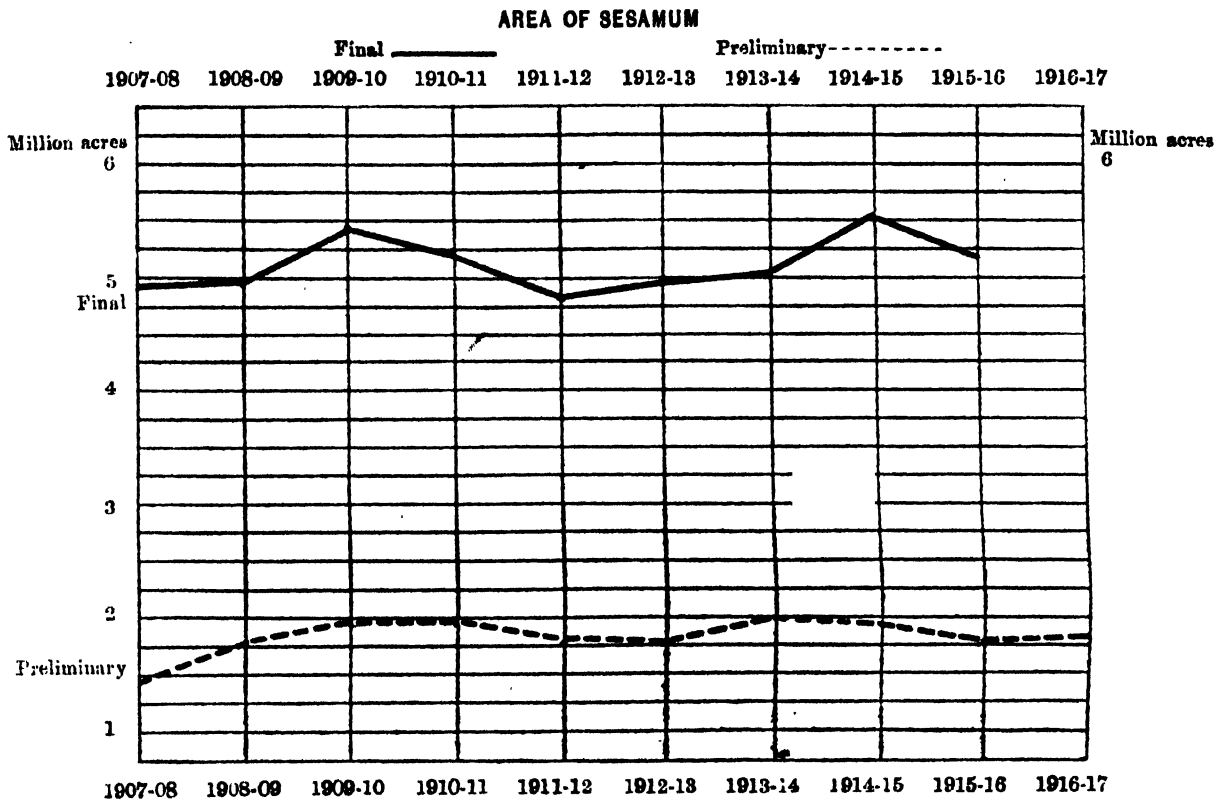
Central Provinces and Berar (16·9 per cent of the total area under sesamum in British India).—The total area is estimated at 853,000 acres, which is 2 per cent below the area at the corresponding date of last year. Heavy and continuous rain somewhat delayed sowings in Damoh, Mandla, Narsinghpur, and Bilaspur. Elsewhere the seasonal conditions were generally favourable at sowing time. Germination is good all over the provinces. A little re-sowing was necessary in parts of Seoni, Nimar, and Wardha. Sowings of the late crop did not begin at the date of report (9th August).

Madras (16·3 per cent of the total area under sesamum in British India).—The total area sown up to date is estimated at 301,000 acres, which is slightly in excess of the area at the corresponding date last year. The south-west monsoon broke early this year and caused a considerable increase in the area sown in the Circars and in the south. In the Deccan the area decreased owing to heavy rains which delayed sowings in Anantapur. Sowings are below normal throughout the central districts.

Bombay and Sind (7 per cent of the total area under sesamum in British India).—The report relates to estimates made up to 1st August, and the information is incomplete as sowings were in progress at that date. The total area reported is 320,000 acres (100,000 acres being in Native States), which is 5 per cent above the area at this date last year. The increase is confined to the Presidency proper, and is attributed to favourable early rains. In Gujarat the early crop suffered at first through prolonged drought, but the rain at the end of July has improved it, and its condition is now fairly satisfactory. The late crop is not yet sown. In the Deccan the early rains were favourable in the north and in places in the west and south, and the condition of the crop is generally good; in the east the crop was somewhat affected by the excessive rain in July. In the Karnatak sowings were delayed in places for want of rain; the condition of the crop is reported to be fair to good. The crop is progressing well in the Konkan. In Sind the cultivation was restricted owing to late inundation. Germination is, however, reported to be satisfactory.

Bengal (5·3 per cent of the total area under sesamum in British India).—The total area sown with the early crop is estimated at 185,000 acres, which is 5 per cent below the area reported at this date last year. The weather conditions are reported to have been unfavourable on account of insufficient rain at sowing time and a spell of drought later in the season, except in the 24-Parganas, Bankura, Rangpur, and Chittagong. There has been no cultivation of sesamum this year in Howrah and Malda, owing to lack of moisture. Heavy and incessant rain just before harvesting did considerable damage to the crop in some districts. The yield is estimated at 67 per cent of the normal, which works out to 19,300 tons, against 69 per cent of the normal or 20,900 tons last year.

Bihar and Orissa (4·2 per cent of the total area under sesamum in British India).—The total area under the early crop is estimated at 10,000 acres, which is 9 per cent below the area reported at this date last year. Lack of moisture was felt in Manbhum at the sowing season, while heavy rain and floods affected the crop in parts of Muzaffarpur. Elsewhere the weather conditions were favourable. The prospects of the crop are reported to be fair to good. The yield is estimated at 90 per cent of the normal, giving an outturn of



(*a*) The estimated acreage is not reported until October in each year.
(*b*) Revised figure. The figure given in the first forecast of 1915-16 was 907,000 acres.
(*c*) Cultivation of sesamum did not commence at this time last year owing to want of rain.
(*d*) Excluding the United Provinces.

1,500 tons, against 95 per cent of the normal or 1,700 tons last year.

Punjab (3 **per cent** of the total area under sesamum in British India).—The total area sown up to the end of July is estimated at 148,000 acres, as against 99,000 acres reported at this date last year, or an increase of 49 per cent. There is an increase of 39 per cent in irrigated and 57 per cent in unirrigated sowings. Owing to heavy rains in June and July the season has been very favourable for sowings, which are still continuing in some central districts. The condition of the standing crop is reported to be good throughout the province

Ajmer-Merwara (0·4 **per cent** of the total area under sesamum in British India).—The area sown up to date is estimated at nearly 2,000 acres. [No sowings were made at this time last year for want of rain.] The condition of the crop is reported to be fair to normal.

Chart.—The chart below illustrates the variations in the preliminary estimates of the last ten years as compared with those in the final estimates. The preliminary figures exclude the United Provinces, which do not, as already noted, make any estimate in the first forecast.

Acts of the Indian Legislative Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 5th September, 1916, and is hereby promulgated for general information :—

ACT No. X OF 1916.

An Act to prohibit or control trading by hostile foreigners and hostile firms and for other purposes.

WHEREAS it is expedient to take powers further to prohibit or control trading by hostile foreigners and hostile firms and for other purposes; It is hereby enacted as follows :—

Short title and duration.

1. (*1*) This Act may be called the Enemy Trading Act, 1916.

(*2*) It shall remain in force during the continuance of the present war, and for a period of six months thereafter.

Definitions.

2. In this Act—

"company" means any company, firm or association, or body of individuals whether incorporated or not ;

"hostile foreigner" means a subject of a State for the time being at war with His Majesty, and includes any company constituted according to the laws of such State, and the ruler or Government of any such State ; and

"hostile firm" means any of the following, namely :—

(*a*) any hostile foreigner who has, or at any date subsequent to the 3rd day of August, 1914, had, an office, agency or place of business in British India ;

(*b*) any company of which any member or officer is a hostile foreigner, or of which a hostile foreigner was a member or officer on the 3rd day of August, 1914, and which has or has had since that date an office, agency or place of business in British India ;

(*c*) any person, or company who or which has, at any time since the 3rd day of August, 1914, carried on business in British India, and whose business is, or was, in the opinion of the Governor General in Council, either by reason of its nature or of the persons who carry or carried it on, or for any other cause whatsoever, carried on either under the control whether direct or indirect of any hostile foreigner, or carried on wholly or mainly for the benefit of hostile foreigners generally, or any class of hostile foreigners or any individual hostile foreigner.

Power to appoint Inspectors.

3. (*1*) The Governor General in Council may, by general or special order, appoint Inspectors for the purpose of determining whether any business is or was carried on by a hostile firm within the meaning of this Act.

(*2*) The Inspector may summon before him any person whom he believes to be capable of giving information concerning the trade, dealings affairs or property of such business, and of the antecedents and nationality of those by whom it is or was carried on or controlled.

(*3*) The Inspector may examine such person on oath concerning the same, and may reduce his answers to writing, and require him to sign them.

(*4*) The Inspector may require such person to produce any documents in his custody or power in any way relating to such business or to the persons by whom it is or was carried on or controlled.

(*5*) If any person so summoned refuses to come before the Inspector at the time appointed, the Inspector may cause him to be apprehended and brought before him for examination.

(*6*) If any person refuses to answer any question or to produce any document which under this section the Inspector is empowered to ask or require production of, such person shall be punishable with imprisonment which may extend to six months, or with fine which may extend to one thousand rupees, or with both.

Power to prohibit or restrict, or wind up hostile firms.

4 (*1*) The Governor General in Council may make an order either—

(*a*) prohibiting any hostile firm from carrying on business, except for the purposes and subject to the conditions, if any, specified in the order; or

(*b*) requiring the business of such firm to be wound up; and may in any case, where he has made an order prohibiting or limiting the carrying on of the business, at any time, if he thinks it expedient, substitute for that order an order requiring the business to be wound up.

(*2*) Every order made under sub-section (*1*) shall be published by notification in the Gazette of India.

(*3*) If any person contravenes the provisions of any order made under this section, he shall be punishable with imprisonment which may extend to one year, and shall also be liable to fine.

(*4*) An order made under this section shall continue in force, notwithstanding the termination of the present war, until determined by order of the Governor General in Council.

Winding up order.

5. (*1*) Where the Governor General in Council makes an order under this Act requiring a business to be wound up, the order shall, on notification in the Gazette of India, have effect as if it were a winding up order made by a Court under the Indian
1913. Companies Act, 1913, and the provisions of that Act relating to winding up by the Court and the rules made thereunder subject to such exceptions, restrictions, extensions, modifications and adaptations as the Governor General in Council may, by general or special order, prescribe, or such other rules as may be prescribed by him, shall apply to the winding up of the business:

Provided that, for the purposes of any winding up order under this Act, all powers exercisable by the Court under the said Indian Companies Act VII of 1
shall be exercisable by the Governor General in Council, or by such other authority as he may appoint either generally or specially in that behalf:

Provided also that the assets of the business and any money resulting from the realization of any part thereof shall be dealt with in accordance with such rules as the Governor General in Council may make in that behalf.

(*2*) Where an order has been made under this Act directing the winding up of the business of a hostile firm, the hostile firm shall not, nor shall any other person, commence or initiate, whilst that order remains in force, any other proceedings of a like nature or calculated in any way to interfere with the carrying out of such order.

Contracts or transfers against the public interest.

6. (*1*) Where it appears to the Governor General in Council that a contract entered into before or during the war, or a transfer of property, moveable or immoveable, made during the war, with or by a hostile foreigner or a hostile firm is injurious to the public interest or was made with the object of evading any provision of the law, the Governor General in Council may by order cancel or determine such contract, either unconditionally or upon such conditions as he thinks fit, or declare such transfer to be void either in whole or in part, or may impose such conditions on the transferee as he thinks fit.

(*2*) The powers conferred by sub-section (*1*) in respect of transfers of property shall be exercisable also in respect of any subsequent transfer or sub-transfer which, in the opinion of the Governor General, is injurious to the public interest or was made with the object of evading the law.

(*3*) On the making of an order under this section declaring any transfer or subsequent transfer or sub-transfer to be void, all property, the transfer of which is declared void by such order, shall, with effect from the date of the order, be deemed to be re-vested in the original transferor, or, if a winding up order has been made under section 4 (*1*) (*b*), in the liquidator.

Power of the Governor General in Council to vest property in Custodian under the Enemy Trading Act, 1915.

7. (*1*) The Governor General in Council, in any case where it appears to him to be expedient to do so, may by order vest in any Custodian appointed under the Enemy Trading Act, 1915, any pro- XIV of 1
perty, moveable or immoveable, belonging to, or deemed to be vested in, or managed or held whether in trust or otherwise, for, or on behalf of, a hostile foreigner, a hostile firm, or any person or company residing in, or carrying on business in the dominions of, a State at war with His Majesty, or the right to transfer that property, and may by any such order or any subsequent order confer

on the Custodian such powers of selling, managing and otherwise dealing with the property as to the Governor General in Council may seem proper.

(2) A vesting order under this section shall notwithstanding the provisions of any other law to the contrary, be sufficient to vest in the Custodian any property or the right to transfer any property as provided by the order without the necessity of any further document.

(3) Where, in the exercise of the powers conferred on him by the Governor General in Council, the Custodian proposes to sell any shares or stock forming part of the capital of any company or any securities issued by the company in respect of which a vesting order under this Act has been made, the company may, with the consent of the Governor General in Council, purchase the shares, stock or securities, notwithstanding anything to the contrary in any law or in any regulation of the company, and any shares, stock or securities so purchased may, from time to time, be re-issued by the company.

(4) The transfer by the Custodian of any property shall be conclusive evidence in favour of the transferee and of the Custodian that the requirements of this section have been complied with.

(5) All property vested in the Custodian under this section and the proceeds of the sale of, or money arising from, any such property, shall be dealt with by him in accordance with such directions as he may receive from the Governor General in Council; and no such property or money shall be liable to be attached or otherwise taken in execution.

Validity of vesting orders.

8. Where a vesting order has been made under this Act as respects any property belonging to, or held or managed for, or on behalf of a person who appeared to the Governor General in Council to be a person to whom the provisions of section 7 were applicable, the order shall not, nor shall any proceedings thereunder or in consequence thereof be invalidated or affected by reason only of such person having, prior to the date of the order, died or ceased to be a person to whom the said provisions were applicable, or subsequently dying or ceasing to be such a person or by reason of its being subsequently ascertained that he was not such a person, as the case may be.

Registration of transfer without production of certificates, etc.

9. Where the Custodian executes a transfer of any shares, stock or securities which he is empowered to transfer by a vesting order made under this Act, the company in whose books the shares, stock or securities are registered shall, upon the receipt of the transfer so executed by the Custodian, and upon being required by him so to do, register the shares, stock or securities in the name of the Custodian or other transferee, notwithstanding any regulation or stipulation of the company, and notwithstanding that the Custodian is not in possession of the certificate, scrip or other document of title relating to the shares, stock or securities transferred; but such registration shall be without prejudice to any lien or charge in favour of the company or to any other lien or charge of which the Custodian has express notice.

Power to make rules.

10. (1) The Governor General in Council may make rules for all or any of the following purposes, namely:—

(a) providing for the distribution or disposal of any assets, or any money resulting from the realization of any part thereof, of any business in respect of which a winding up order has been made under this Act;

(b) prescribing that hostile foreigners and hostile firms or any class of hostile foreigners or hostile firms shall, when required by the Custodian, furnish to him such particulars as he may require of all or any moveable or immoveable property in their possession, or under their control whether direct or indirect;

(c) requiring persons in British India to furnish to the Custodian such particulars as he may require of all or any class of debts or other property due by them to any person to whom the provisions of section 7 are or may be applicable;

(d) prescribing the remuneration payable to the Custodian in respect of his duties under this Act, the fund from which it shall be paid, and the method of collecting the same; and

(e) generally for carrying out the purposes of this Act.

(2) In making any rule under this section, the Governor General in Council may direct that a breach of it shall be punishable with imprisonment which may extend to a term not exceeding six months, or with fine which may extend to one thousand rupees, or with both.

Certain licenses under the Hostile Foreigners (Trading) Order to be deemed to be orders issued under section 4 (1) (a).

11. Every license for the time being in force granted under the Hostile Foreigners (Trading) Order permitting the licensee to trade or carry on business subject to conditions or restrictions shall be deemed to be an order made under section 4 (1) (a), and this Act shall have effect accordingly.

Power to deal with non-trading companies.

12. (1) The Governor General in Council may, by notification in the Gazette of India, declare that the powers conferred by section 7 in regard to the property, moveable or immoveable, of the persons referred to therein shall extend to the property, moveable or immoveable, in British India, of any company specified in such notification of which any member is a hostile foreigner, or of which a hostile foreigner was a member or officer on the 3rd day of August, 1914, notwithstanding that such company is not a company trading in British India.

(2) On the publication of a notification under sub-section (1), the company shall be deemed to be a person referred to in section 7 of this Act, and this Act shall have effect accordingly.

Validation of past action.

13. Any act done after the 3rd day of August, 1914 by, or under the orders of, any officer of Government in respect of the property, moveable or immoveable, of any hostile foreigner or hostile firm which, if this Act had been in force, could have been validly done in the exercise of the powers conferred thereby, or which could have been conferred thereunder, is hereby validated.

Repeal of Ordinance V of 1916.

14. The Enemy Trading Ordinance, 1916, is hereby repealed.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the 5th September, 1916, and is hereby promulgated for general information :—

ACT No. XI OF 1916.

An Act to provide further power to prohibit or restrict the import and export of goods to and from British India.

WHEREAS it is expedient to provide further power to prohibit or restrict the import and export of goods to and from British India ; It is hereby enacted as follows :—

1. (1) This Act may be called the Import and Export of Goods Act, 1916 ;

Short title, extent and duration.

(2) It extends to the whole of British India ; and

(3) It shall remain in force during the continuance of the present war, and for a period of six months thereafter.

2. In this Act—

Definitions.

"export" means the taking by sea or land out of British India ;

"import" means the bringing by sea or land into British India.

3. The Governor General in Council may, by notification in the Gazette of India, prohibit or restrict in any way he may specify in such notification the import or export of all or any goods or any class of goods from or to any country or place, or from or to any person or class of persons.

Power to prohibit or restrict import or export of goods from or to any country or place, or any person or class of persons.

4. Where, by a notification issued under section 3, the import or export of any goods is prohibited or restricted, such goods shall be deemed to be goods of which the import or export has been prohibited or restricted under section 19 of the Sea Customs Act, 1878, and the provisions of the said Act shall have effect accordingly :

Application of the provisions of Act VIII of 1878.

VIII of 1

Provided that, in any proceedings for the adjudication of confiscation of any goods to which the provisions of any notification under this Act are alleged to apply, the goods shall be deemed to be goods of which the import or export has been so prohibited or restricted, as the case may be, unless the contrary is proved.

5. (1) Where any bond has been executed for the due performance of any condition imposed in the exercise or by virtue of the power of restriction conferred by section 3, the officer in whose favour the bond has been executed or his successor in office may, if he is satisfied that such bond has been forfeited, call upon the person bound thereby to pay the penalty to show cause why it should not be paid by him.

Summary procedure for recovery of penalty of bond.

(2) If, in the opinion of such officer, sufficient cause is not shown and the penalty is not paid, he may, in addition to all other legal remedies, proceed to recover the same as if it were an arrear of land-revenue, and shall, for that purpose, have all the powers conferred upon the Collector by any enactment relating to land-revenue for the time being in force in any part of the province in which the bond was executed.

6. All notifications under section 19 of the Sea Customs Act, 1878, issued after the 3rd day of August, 1914, and in force at the commencement of this Act, shall be deemed to have been issued under the provisions of section 3, and any action taken after the said date which, if this Act had been in force, could have been validly taken, is hereby validated.

VIII of

Certain notifications under Act VIII of 1878 to be deemed to be issued under this Act.

7. The Import and Export of Goods Ordinance, 1916, is hereby repealed.

Bills introduced in the Indian Legislative Council, Reports of Select Committees presented to the Council, and Bills published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Indian Legislative Council on the 5th day of September 1916:—

No. 8 OF 1916.

A Bill to make provision in connection with the present war with respect to Bills of Exchange payable outside British India.

WHEREAS it is expedient to make provision in connection with the present war with respect to bills of exchange payable outside British India; It is hereby enacted as follows:—

1. (*1*) This Act may be called the Indian Bills of Exchange Act, 1916. Short title and duration.

(2) It shall be in force during the continuance of the present war and for a period of six months thereafter.

2. Notwithstanding anything contained in the Negotiable Instruments Act, 1881, or in any other enactment for the time being in force, delay in the presentment for payment of a bill of exchange, where the proper place for payment is outside British India, is excused if the delay is, or has been, due either directly or indirectly to circumstances arising out of the present war, or to the impracticability, owing to similar circumstances, of transmitting the bill to the place of payment with reasonable safety. XXVI 1881. Delay in presentment of a bill for payment due to war.

3. Where, in any suit or other proceeding founded upon a bill of exchange payable outside British India, there is reason to believe that the bill has been lost, and that the loss can reasonably be presumed to be due either directly or indirectly to circumstances arising out of the present war, the Court may allow proof of the bill to be given by means of a copy thereof certified by a notary public, or by means of such other evidence as the Court thinks reasonable under the circumstances, and may pass a decree thereon notwithstanding any rule of law of the place where the bill is made payable: Bills lost owing to the war.

Provided that such indemnity be given against the claims of other persons as the Court may require.

STATEMENT OF OBJECTS AND REASONS.

THE Government of India have received representations from the Exchange Banks in this country praying for protection from loss in connection with bills of exchange arising out of the position created by the present war. Prior to the outbreak of the war, these Banks had become holders of a large number of bills of exchange which had been drawn in India and made payable at a specified period after date or sight thereof in countries which have now become enemy countries or countries occupied by the enemy. Shortly before the war some of these bills were sent forward for presentment, but it has not been possible to ascertain whether they have been presented to the acceptors or not, or whether they have been lost; while, as regards such bills as could not be so sent forward for presentment, it was impossible, and indeed illegal, to present them for payment to the acceptors thereof. Under Sections 64 and 66 of the Negotiable Instruments Act, 1881, bills of exchange made payable at a specified period after date or sight thereof must be presented at maturity, and if such presentment is not made, the drawers of the bills are discharged from liability to the holders. The consequence is that the Banks, who are the holders, have no right of action against the drawers. Nor have they any remedy against the acceptors, for the existing law would not validate presentment of bills for payment after the war. It is reasonable, therefore, that the Banks should be protected from loss. The present Bill follows the lines of the British Bills of Exchange Act, 1914 (4 & 5 Geo. V, Chap. 82).

The 28th August 1916.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Indian Legislative Council on the 5th day of September 1916 :—

No. 9 OF 1916.

A Bill to amend the Indian Lunacy Act, 1912.

WHEREAS it is expedient to amend the Indian Lunacy Act, 1912; It is hereby enacted as follows :—

1. This Act may be called the Indian Lunacy (Amendment) Act, 191 .

Short title.

2. After section 11 of the Indian Lunacy Act, 1912, the following section shall be inserted, namely :—

Insertion of new section 11A in Act IV, 1912.

"11 A. (*1*) When an arrangement has been made with any foreign European State with respect to the reception of lunatics in asylums in British India, the Governor General in Council may, by notification in the Gazette of India, direct that reception orders may be made under this Act in the case of any lunatic or class of lunatics residing in the territories in India of such foreign European State, and shall in such notification specify the province or provinces within which such reception orders may be made.

Reception order in case of lunatics from foreign States in India.

(*2*) On publication of a notification under sub-section (*1*), the provisions of this Act as to the making of reception orders on petition and for temporary detention in suitable custody shall apply in the case of such lunatics, with the following modifications, namely :—

(*a*) an application for a reception order may be made by petition presented by such officer or agent of the foreign State in which the alleged lunatic ordinarily resides, as may by general or special order be approved by the Local Government in this behalf;

(*b*) the functions of the Magistrate shall be performed by such officer as the Local Government may, by general or special order, appoint in this behalf, and such officer shall be deemed to be the Magistrate having jurisdiction over the alleged lunatic for all the purposes of the said provisions;

(*c*) for the purposes of sections 5 and 18(*1*), the expressions "medical officer" and "medical practitioner" shall include such person or class of persons as the Local Government may specify in this behalf;

(*d*) the Magistrate may in his discretion extend the period prescribed by section 19 within which the alleged lunatic must have been medically examined; and

(*e*) sections 6(*1*), (*2*), (*3*), 11 and 34 of the Act shall not apply,

and with such other modifications, restrictions or adaptations as the Governor General in Council may, by notification in the Gazette of India, direct for the purpose of facilitating the application of the said provisions.

(*3*) A reception order made under this section shall be deemed to be a reception order made under section 7 or section 10, as the case may be".

STATEMENT OF OBJECTS AND REASONS.

It is proposed that power should be taken to provide for the reception into asylums in British India of lunatics residing in the territories in India of European Foreign States, in cases where such States have entered into an arrangement in this behalf. The French Government are anxious to obtain these facilities, and as a matter of international comity, it is desired to meet their wishes. This is not possible under section 98 of the Indian Lunacy Act, 1912, as the Courts in foreign territories do not of course exercise jurisdiction conferred by His Majesty or the Governor General in Council. It is not proposed to recognise the findings of foreign Courts in lunacy proceedings, but to permit proceedings for a reception order in such a case by authorities in British India. The Bill, which provides for the insertion of a new section after section 11 of the Indian Lunacy Act, 1912, is designed to effect the object in view. The procedure of the Act for the making of reception orders on petition will be applied to such cases with certain modifications specified in the Bill. Power is taken to make further modifications if necessity arises. The provisions of the Bill will in no case apply to criminal lunatics.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 2nd September 1916.

Burma.—Moderate rain was general in Lower Burma. In the dry zone the fall was meagre and elsewhere good Cultivation of winter rice in Lower Burma is proceeding normally The progress of miscellaneous crops in Upper Burma is satisfactory. Standing crops are generally doing well. Cattle are healthy. The price of unhusked rice at Rangoon has risen further to Rs. 119 per hundred baskets and is above normal. The market for white rice is firm.

Assam.—The weather is seasonable. The rainfall during the week was general. It was mod rate to heavy in all districts but more rain is still wanted in Darrang. Plucking and manufacture of tea, transplantation of winter rice and harvesting of autumn rice are in progress. Some damage by insect pests to paddy crops is reported from Sibsagar and the Khasi and Jaintia Hills districts. Prospects of jute, winter rice and cotton are fair and of tea and sugarcane fair to good. The price of common rice is stationary. Cattle disease is reported from eleven districts.

Bengal.—During the week heavy rain fell over the greater part of the Province, causing some damage to the standing autumn paddy in parts of the 24-Parganas and Jessore. Transplantation of winter rice is approaching completion. Weeding continues. Harvesting of autumn rice and jute is nearing completion in the eastern districts and continues elsewhere. Prospects of sugarcane and of other standing crops are generally reported to be satisfactory. Fodder is scarce in parts of Jessore and Tippera. Cattle disease is reported from five districts The average price of common rice for the Province has remained almost stationary as compared with that of the previous week.

The weekly report on famine in Bankura is as follows :—Distress in affected areas is generally unchanged. The rainfall during the week was general. Transplantation has been finished. Weeding continues. Prospects are good. Autumn crops, *til* and maize are being harvested. Relief measures are adequate. The condition of the people on relief works is generally good. Sufficient advances are being made to weavers. Private charitable organizations are giving relief Prices are stationary. The price of rice is 8¼ seers per rupee. The number of persons on relief works was 9 279 and in receipt of gratuitous relief was 20,346, total 29,625. The gradual increase in the number on works is due to the small demand for labour owing to the completion of transplantation. The number of persons relieved on private works was 2,358.

Bihar and Orissa.—The rainfall during the week was general over the Province, the fall being generally heavy in the Tirhut and Bhagalpur divisions and light to moderate in the rest of the Province. Harvesting of autumn crops continues. Transplantation of paddy has been nearly finished. Standing crops are on the whole, doing well. Some damage has, however, been done by floods to the autumn crops in parts of Bihar. The average price of common rice has fallen as compared with that of the preceding week. The supply of fodder and water is sufficient. Cattle disease is reported from sixteen districts. The attendance of persons on test works in Manbhum and Singhbhum was 2,477 and 7 911 respectively. Gratuitous relief was given to 2,259 persons in Singhbhum. The condition of standing crops in the Feudatory States of Orissa is good.

United Provinces.—Heavy rain fell in the western submontane, north central, central submontane, south Oudh, south eastern and eastern submontane districts, while the falls elsewhere were light to moderate. A general break is needed. Continuous rain has hindered agricultural operations and damaged crops in many districts. Serious damage to standing crops has occurred in the valleys of the Jumna and Ganges from floods especially along the Ganges from Allahabad eastwards and lesser damage in other parts. Harvesting of early rice, maize and millets is going on. Fields are being prepared for winter crops where possible. The condition of agricultural stock is satisfactory and cattle disease is decreasing. Fodder is generally ample. Prices are practically stationary.

Punjab.—Fairly heavy rain has fallen in almost all the reporting districts except in parts of the west where the fall was light. It was beneficial to standing crops on higher lands. Standing crops are in good condition but in parts of a few districts in the central tract maize and fodder have been damaged slightly by insects and in other tracts by excessive rain. Sowings of autumn crops have been completed and are normal. Sowing of *toria* and *taramira* and ploughing for other spring crops continue and are normal. Cattle

are healthy and fodder is sufficient Prices are generally stationary and in the case of wheat they range between normal and warning and in other cases between normal and scarcity rates. Prices of wheat:—Lyallpur 10, Lahore 10¼, and Ambala, Ferozpore and Rawalpindi 10½ seers per rupee.

North-West Frontier Province.—During the week rain fell in Peshawar and Marwat. The weather is comparatively cool in Peshawar, hot and clear in Bannu and cloudy in Marwat. The condition of standing crops both on irrigated and unirrigated areas is average. Sowing of autumn crops is in progress in Dera Ismail Khan. Harvesting of extra spring crops has been concluded in Bannu with outturn average. Rice is being reaped and cotton and chillies picked in some places in Peshawar with outturn average. Water and fodder are sufficient. The Paharpur canal is not running. The public health is generally good. Prices are high but stationary.

Jammu.—The rainfall during the week was sufficient. Prices are fluctuating. Wheat sells from 9 to 12 and maize from 11 to 19 seers per rupee. The condition of standing crops is good. There is no cattle disease. Fodder is sufficient.

Kashmir.—The rainfall during the week was good in Baramula and Mozaffarabad and *nil* in Anantnag. Standing crops are in good condition. Cattle are generally healthy. Water and fodder are sufficient. Prices are normal.

Rajputana.—The weather is generally cloudy. During the week good rain fell throughout Rajputana and Ajmer-Merwara. The maximum fall was 11 inches, 78 cents in Kotah. Standing crops are in good condition. Weeding of autumn crops and preparation of land for spring crops continue. Prospects are very hopeful. The condition of cattle is good. Water and fodder are sufficient. Prices are stationary.

The weekly report on scarcity in Merwara is as follows :—There is no distress. Relief works were closed on 31st August. The physical condition of the people is satisfactory. There is no epedemic disease. Prices are 10 seers per rupee.

Central India.—The rainfall during the week was general. The principal falls were over 7 inches in Bundelkhand, over 3 inches in Dhar, over 2 inches in Alirajpur and Jobat and over 1 inch in Kannod, Garot and Manpur and sufficient everywhere. Autumn crops are being weeded. Lands for spring crops are being prepared in Bhopal, Malwa and the Southern States. The condition of the standing crops is fair in Bhopal and good elsewhere. The probable outturn is generally good. Agricultural stock is generally in good condition. The fodder supply is sufficient. Prices are normal in Baghelkhand, slightly fluctuating in the Indore State, and steady elsewhere.

Central Provinces.—The weather has been generally warm and cloudy. Light to moderate rain has been received in nearly all the districts. More rain is, however, required in Jubbulpore, Raipur and Drug. Transplantation and weeding continue. The condition of crops is generally satisfactory. Fodder and water are sufficient and agricultural stock is in good condition. Variations in prices are unimportant but the price of wheat shows a slight tendency to rise.

Feudatory States.—There was good rain in the States. Kawardha needs more rain. Prospects are generally favourable.

Bombay.—The rainfall during the week was generally beneficial. Standing crops have been damaged slightly by rats in two talukas of Karachi and one State of Rewa Kantha, and by continuous rain in parts of Karachi, the Upper Sind Frontier and Nawabshah and are thriving elsewhere. Sowing and transplantation of autumn crops continue in places. The fodder supply is sufficient. Agricultural stock is generally sufficient. Cattle are in good condition. Drinking and irrigation water is generally adequate. Prices of food grains are generally steady.

The weekly report on scarcity in Kathiawar is as follows :—Distress is decreasing in Gohilwad. The public health is good. There is no wandering or emaciation. Gratuitous relief was given to 241 persons.

Hyderabad.—The rainfall during the week was slight and partial. The highest fall was 3 inches and 49 cents in Seram. The average fall was 54 cents. Autumn crops are in fair to good condition and are being weeded but need rain in parts of the Nalgonda and Raichur districts. The early rice crop is in fair to good condition and is being sown and weeded but needs rain in parts. Lands for spring crops are being prepared and sown. Cattle disease prevails in 21 talukas. Prices of grains are almost constant. Coarse rice is selling at 8½ and white *juar* at 14 seers per rupee in Hyderabad city. The highest price of *juar* in districts is 10 seers per rupee in Karimnagar and the lowest 26 seers per rupee in Mahbubnagar.

Mysore.—The rainfall during the week was good except in the Chitaldrug district Prices of rice and *ragi* have fallen in Hassan and of *ragi* have risen in Shimoga. Markets are well supplied. Weeding of *ragi* and transplantation of paddy are in progress. Standing crops are in good condition. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

Coorg.—Rainfall 3 inches 66 cents. Transplantation of rice has been completed in parts. Prices of food grains are normal. The public health is fair. Water and fodder for cattle are sufficient.

Madras.—The rainfall during the week was *nil* in Sandur, light in Guntur, Bellary and Madras, fair in Ganjam, Kurnool, Nellore, Chingleput, Chittoor, Tinnevelly and Travancore, heavy in Cochin and the Nilgiris and good elsewhere. Standing crops are in fair to good condition generally but are withering or have withered in some parts of two districts for want of rain and have been damaged in parts of another owing to excessive rain. Harvesting of paddy, sugarcane and dry crops is proceeding in parts with outturn fair to normal generally. Sowings of paddy, sugarcane, and dry crops are proceeding normally. The condition of cattle is generally good. The water-supply is insufficient in parts of Ganjam, Anantapur, Nellore, South Arcot, Chittoor, North Arcot, Salem and the Southern parts and sufficient elsewhere. Pasture is sufficient except in parts of three districts. Fodder is generally available. Prices are steady.

All notifications and other matter intended for publication in those Parts should be addressed to the Publisher at Simla and Calcutta, respectively.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette* and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*.

J. P. HEWETT,
Secretary to the Government of India."

NOTICES.

THE PATENT OFFICE, 1, COUNCIL HOUSE STREET, CALCUTTA.

Public room: open 11 a.m. to 4 p.m.; Saturdays, 11 a.m. to 1 p.m.

1. *All communications* relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) should be addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed.

2. *Directions* for the guidance of inventors and others are given in the Patent Office Handbook (price one rupee) which contains the Indian Patents and Designs Act, 1911, the Indian Patents and Designs Rules, 1912, the Indian Patents and Designs (Temporary Rules) Act, 1915, the Indian Patents and Designs (Temporary) Rules, 1915, together with current regulations and instructions. These should be consulted before an application is made to the Controller.

3. *Advice.* The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs or on their infringement; (2) to make searches in respect of information available in the public room; (3) to recommend any particular agent; or (4) to assist in the disposal of inventions. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom or any of the British possessions. The International Convention for the Protection of Industrial Property does not include India. For information regarding patents in countries other than India applications should be made to the patent offices in the countries concerned.

4. *Fees* are payable in *cash* and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

5. *Trade and property marks and names* are not registered and *medicines* are not patented under the Indian Patents and Designs Act. There is no provision of Law in British India for their registration. Neither does this Act deal with *pictures, photographs, etc.*, for which copyright is obtainable under the Indian Copyright Act, 1914.

6. *Printed Specifications* of applications, which have been accepted, are published within about three weeks after acceptance has been notified in the *Gazette of India.*

These specifications can be purchased at the Patent Office at a uniform price of 8 annas per copy; and may be seen free of charge, together with other publications of the Patent Office, at the following places:—

NOTICE.

Applications are invited from medical practitioners for the post of Professor of Anatomy without attached Hospital duties, for the Medical College, Calcutta. Officers of the Indian Medical Service on the active list are not eligible to compete for the appointment, but it is expected that the candidate selected will possess such qualifications as would ordinarily be expected from an Indian Medical Service Officer selected for a similar post. The salary will commence at Rs. 700 per month, and rise by triennial increments of Rs. 100 to a maximum of Rs. 1,200. Free quarters will not be provided, nor any house rent given. The post will be a whole-time one, but will not be pensionable, and neither private nor consulting practice will be permitted. Government reserve the right to dispense with the services of the officer who may be appointed at six months' notice. Intending candidates are requested to send their original diplomas and certificates by registered post to the undersigned; copies will not be accepted. All documents sent will be returned in due course. The latest date for the receipt of applications will be the 18th September 1916.

W. R. EDWARDS,
Surgeon-General with the Government of Bengal.

[*The President.*] [5TH SEPTEMBER, 1916.]

His Excellency the President :—" I regard it as a privilege to be able to welcome here to-day the third Imperial Legislative Council since the reform of the Council under Lord Minto. I, as a new Viceroy, meet a new Council, and I have every hope and confidence that in the days before us we shall work together for the good of India in a spirit of co-operation and good-will. For my part, I can assure you that it is my earnest desire to maintain unimpaired those harmonious relations which have always existed between the Council and my predecessors, and I lay great store on enlisting your help, and I am emboldened to believe that that help will always be forthcoming.

" In welcoming you to-day, I should like to refer to the absence of one who has long assisted in your debates, being, I am informed, the most senior Member of the last Council. I refer to Sir Gangadhar Chitnavis, who has sat in this Council for a period of about 12½ years. We shall all, I am sure, regret that he has felt unable to embark on a further term of office amongst us.

" Under the present constitution of our Council, the number of unallotted seats which I can dispose of by nomination is very small, and the exercise of this power has given me much anxious thought and consideration. I have weighed with the utmost care the claims and needs of the important communities and classes who can only be provided for by this method. There seems to me, however, to be one class which at this juncture has pre-eminent claims to furnish a representative to this Council. Its gallant deeds on the battle-fields of the Empire, its loyalty under circumstances often of great strain, and its patience under climatic and other hardships, have earned a right to our gratitude and affection. I refer to the sword-arm of our Indian Empire, His Majesty's Indian Forces. It was, therefore, a great pleasure to me to be able to find a representative of the Army whom I could nominate to this Council in the person of that gallant soldier and distinguished officer, Subadar-Major and Honorary Captain Ajab Khan, Sardar Bahadur, I.O.M., who has taken his seat here for the first time to-day.

" I need hardly say that it is with great regret that I find myself in consequence of this nomination unable to secure representation on this Council of other communities. It is a question for consideration, I think, whether the Viceroy's powers of nomination should not be further enlarged.

" I should now like to give you a resumé of the more salient features of interest since the last meeting of Council. I have on two occasions exercised the powers conferred on me by section 72 of the Government of India Act, 1915, and legislated by Ordinance. Both of these Ordinances deal with urgent situations created by the war. The first, the Import and Export of Goods Ordinance, 1916, confers very wide, but necessary, power to check the machinations of our enemies in respect more particularly of their endeavours to trade through neutral countries. The second, the Enemy Trading Ordinance, 1916, amplifies our control of trading in this country by subjects of enemy countries, whether directly or by more subtle means, and confers upon us powers which, I hope, will enable us to eradicate the taint of German and Austrian influence in the commerce of this country. Both measures are in pursuance of the general trade policy laid down by the Imperial Government which emphasises the fixed determination of all our dominions not to allow the re-establishment after this terrible war of the dominating influence which our enemies had so astutely achieved for themselves in many parts of our commercial world. As you are aware, Ordinances of this kind are limited in duration, and we are asking you at the very earliest opportunity to confirm my action by embodying as Acts of this Council the emergency measures taken in the period intervening between the last and the present session. As to the other legislation that will be presented for your consideration, it will be of the usual type dealt with in our September sessions. Such of it as we shall ask you to pass into law is, in our opinion, non-controversial and unimportant in character; and in so far as we deal with more important measures, we are

taking the opportunity afforded us by this session of advancing them a stage, postponing their consideration for our fuller session at Delhi in the cold weather.

"I turn now to discuss briefly proposals for legislation, which for one reason or another cannot be undertaken immediately, but with which progress has been made since this Council last met. As you are aware, it was decided to postpone further consideration in Council of the Criminal Procedure Code Amendment Bill, which was introduced in March 1914, until after the war, but following the precedent taken with success in the case of the Bill for the revision of the Civil Procedure Code in 1907, and in order that the matter may be ripe for your consideration when the time arrives, I have decided to appoint a small Committee to settle definitely the shape in which the measure will eventually be brought before this Council. The Committee on which the legal representation will be particularly strong will be presided over by the Hon'ble Mr. Lowndes, and will assemble in Simla about the middle of this month.

"Another measure which has come under consideration is the general revision and consolidation of the Court Fees Act of 1870, which experience has shown to be out of date and defective. A draft amending Bill has now been prepared and circulated for the views of Local Governments.

"The very difficult and important question of usury in this country and of appropriate remedies to control it is still under consideration by my Government. The Local Governments have given us their views on the various suggestions put forward to meet this crying evil, and I hope to be in a position shortly to announce the conclusions eventually reached.

"Those of you who were Members of the last Council will be interested to hear the action taken since it broke up, on Resolutions brought before it. We have consulted Local Governments and Administrations on the subject-matter of the Hon'ble Mr. Dadabhoy's Resolution for the amelioration of the depressed classes of this country. We have commended to the notice of the same authorities Dr. M. N. Bannerji's Resolution suggesting the advisability of establishing institutions for the purpose of giving medical students a special course of training in the Vernacular so as to qualify them for ordinary medical practice in rural areas, and in accordance with the Resolution moved by the Hon'ble Khan Bahadur Mir Asad Ali, we are investigating, in consultation with Local Governments, the possibility of placing the ancient and indigenous systems of medicines on a scientific basis and of adding to their usefulness. In the latter connection, you will be interested to know that a site has been granted on favourable terms to the Anjuman-i-Tibia for the construction of the Unani-Tibia College at Delhi.

"Lastly, as a result of the discussion in this Council at its last session, we are arranging for experiments in the improvement of vital statistics and for the investigation of malaria problems in Bengal. I have corresponded with the Governor of Bengal on this latter question, and the Hon'ble Member in the Department discussed it with Lord Carmichael when he was in Dacca the other day. It is impossible to exaggerate the importance of this question, and I hope that we shall be able in due course to formulate measures to deal with it as a result of these experiments.

"The decision to appoint a Commission to examine the question of the expansion and development of Indian manufactures and industries was announced by Sir William Clark when speaking on Sir Ibrahim Rahimtoola's Resolution in this Council on 21st March last. Since that date the Commission has been formally constituted under the Chairmanship of Sir Thomas Holland, and it will assemble in full strength next month. Sir Thomas Holland, who arrived in May last, has in the meantime been conducting the necessary preliminary inquiries, and he is at present touring in the different provinces to prepare the ground for the investigations of the Commission. The Government of India have every hope that the work of the Commission, which is a very strong one, will result in the stimulation of existing industries, the foundation of others, and the increase of the material prosperity of the people

[*The President.*] [5TH SEPTEMBER, 1916.]

"The Government of India are giving their very careful consideration to the question of trade after the war. They are examining in detail such heads of the export trade as were before the war wholly or mainly controlled or directed by enemy interests, and are also paying attention to certain other items which might possibly become so in future. For imports and exports alike they are collecting the information necessary for the full and proper presentment of the case for India, which will at no distant date have to be laid before the Imperial Conference on trade after the war, and at this Conference we have the Prime Minister's and the Secretary of State's assurance that India will be represented and taken into consultation with all the other parts of the British Empire.

"One of the most important questions which is now occupying the attention of my Government and of Provincial Governments, whom we have addressed on the subject, is that of a scheme to be substituted for indentured emigration as it is sometimes described. This is perhaps hardly a correct way of putting it, as it implies that we are trying to work out a scheme for the purpose of supplying labour to the Colonies, whereas the scheme we are contemplating relates to a very different matter, *viz.*, the control of the operations of persons so engaged. Labourers have a right to emigrate if they wish, and it would be very unwise and very undesirable on our part to prevent them, and we are, therefore, trying to devise arrangements which will secure that recruitment in this country is conducted under decent conditions, that a proper sex ratio will be maintained, and that, on arrival in the country of their destination, they will be properly treated and allowed to engage themselves on terms at least as free as those obtaining at present in the Malay Peninsula, where a labourer can leave his employer by giving a month's notice. These are the conditions, which, in our letter to Local Governments, we explained are regarded by the Government of India as necessary for a satisfactory system of emigration. I think it will be clear to all who have studied the question that the Government of India would be departing gravely from its duty if it allowed emigrant labour to leave this country without proper protection and safeguards. There are a certain number of labourers, I believe a very small number, who emigrate as genuine free labourers, that is to say, unassisted by pecuniary help and uninvited by any interested agency. But if we confine ourselves to the abolition of our existing indentured emigration, a position will arise in which the parties interested in procuring Indian labour will be free to induce labour to emigrate by pecuniary help under any conditions they like, so long as the labourer does not go under indenture. The abuses likely to arise out of such a state of things would be very serious. I need only refer to the state of affairs which existed before the amendment of the Assam Labour and Emigration Act in connection with so-called 'free labour'; the consequence of this system was, as Sir Charles Rivaz put it in his speech before the Legislative Council in 1901, that 'a horde of unlicensed and uncontrolled labour-purveyors and recruiters sprang into existence who, under the guise of assisting free emigration, made large illicit gains by inducing under false pretences ignorant men and women to allow themselves to be conveyed to Assam'. These emigrants were, it is true, placed under labour contracts on arriving in that province, but the abuses complained of arose in connection with the recruitment, and not with the contract. Similarly, when the system of indentured emigration first arose in India, the only precaution required was that intending emigrants should appear before a Magistrate and satisfy him as to their freedom of choice and their knowledge of the conditions they were accepting. It was shown in a report submitted in 1840 that abuses undoubtedly did exist in connection with recruitment in India, abuses which the constantly increased safeguards provided by successive acts of the legislature were designed to correct. Uncontrolled recruitment cannot, it is clear, be permitted under any circumstances. Lord Hardinge promised—and I associate myself with him—to deal with certain points raised by my Hon'ble friend, Pandit Madan Mohan Malaviya, during the last session of the Legislative Council. These points were the better supervision of Colonial recruiting in India, the insertion of information regarding the penal conditions attaching to labour contracts in the indenture signed by intending emigrants and the undesirability of labourers in the Colonies being compelled to do work repellent to their caste ideas and religious beliefs. Regarding

the first matter, we have already consulted Local Governments very fully when asking their views as to the precautions which will be required after the abolition of indentured emigration. As to the second point, you are no doubt aware that Fiji has now abolished imprisonment for labour offences, and other Colonies are arranging to follow suit. But there will still be certain provisions remaining which, we think, should be brought to the notice of intending emigrants, and we have arranged to do this as soon as the various Colonial Legislatures concerned have passed the amendments to which I have alluded. We have also asked the Secretary of State to press the third point on the attention of the Colonial Governments concerned. I should like to say just one more word about the reference we are making to Local Governments. The conditions under which we are to allow labour to be recruited in India and under which it should be employed in the Colonies are peculiarly matters on which Indian public opinion has every right to be heard, and on which we desire its full expression as an aid to us in formulating our proposals. We have, therefore, asked the Local Governments to consult private persons and associations who are specially interested in, or have special knowledge of, this important question, and we hope that the case, which we shall be able to put forward for the discussion which will shortly take place on this subject in London, will represent not only the result of our own experience and judgment, but the views of the most intelligent sections of the Indian community.

"As was indicated in Sir William Meyer's speech (paragraph 88) introducing the last Financial Statement, the Government of India have for some time past had in view a clearer definition, and an enlargement, of the financial powers of the Local Governments and of authorities subordinate to these. There was general agreement as to the desirability of an advance in this direction, but considerable difficulty was found in determining the manner in which the general principle of decentralisation should be applied. The practical impossibility of defining the powers of every authority in India, and of compiling an exhaustive statement of such powers, will be readily appreciated. On the other hand, the Secretary of State was unwilling to concede to us any general powers of delegation and re-delegation. I am glad, however, to say that we have made substantial progress. In the case of Provincial Governments, the Secretary of State has assented to the principle that their financial powers of sanction and control of Provincial expenditure can properly be placed in a position of substantial equality with the powers of the Government of India in respect of Imperial expenditure. The extended powers with which Local Governments have been invested in pursuance of this policy have been defined in a Resolution recently issued. We hope that, as a result, there will be a considerable diminution in the occasions on which it will be necessary for Local Governments to refer to the Government of India in regard to matters that may, with advantage, be settled locally.

"In the case of the further delegation of powers to other authorities subordinate to the Government of India, as well as to Local Governments, no such simple solution offered itself, but we have obtained the Secretary of State's general approval to the following arrangement. Broad fundamental rules will be laid down specifying for each class of authority the limits within which powers may be delegated to them. The precise degree of delegation will then be settled by the Government of India for Imperial Departments, and by the Local Governments for Provincial, on the merits of each case. It will, for example, be optional for a Local Government in any particular case to delegate or not to delegate, and if it does delegate a given power, it can impose such conditions as it may consider necessary. The detailed rules to give effect to these arrangements are now before the Secretary of State, and we hope that they will soon be sanctioned.

"I ought perhaps to refer to the legislation which has been undertaken in Parliament to amend the provisions of the recent Government of India Act. With regard to one of the clauses of the Bill that was introduced for the purpose, some feeling has been evoked in this country; but as I have no desire to enter into the controversial aspect of the case, I will content myself with saying that the clause has now been definitely held over for further consideration after the war.

[*The President.*] [5TH SEPTEMBER, 1916.]

"The need for economy and the shortage of officers owing to the war have necessarily restricted the activities of those Departments of Government to which we look for material progress. You will, however, I think, agree with me that the thanks of the whole community are due in these days to the Agents of our railways for their energy and resource in coping with the very difficult task that has been set them. An increase of traffic has taken place due in the main to the diversion to railways of the whole of the coal-traffic between Bengal and the Western ports through the shortage of sea-freight. In normal times many additional facilities could have been provided rapidly to deal with the new situation. In present circumstances not only have our activities been restricted by financial considerations, but owing to the war difficulties in obtaining materials have been well-nigh insuperable. Thus additions to rolling-stock have been out of the question, and we have had much to do, even to keep existing stock in good order. Again the attention of railway administrations has not been devoted solely to railway work. Besides the manufacture of shell, a great deal of military work of a miscellaneous character has devolved upon the railways. The staff, too, has been depleted by the war, the railways having given up 350 officers and 1,500 subordinates for military duty or employment on railway work overseas under military control. Notwithstanding these manifold difficulties, there has been no serious breakdown of internal or external trade. This has been due, chiefly, to the whole-hearted endeavour of each railway administration to co-operate with others for the public good, and to the valuable assistance which has been given to railways by the commercial public.

"We are not unmindful of the future. The danger is still with us. We have taken counsel with the representatives of trade interests, and a Conference was convened in July, under the presidency of the Hon'ble Member in the Railway Department, to discuss the whole situation and make sure that no method of alleviating congestion was overlooked. Still the prospects at present are not altogether favourable. The outstanding need is that advantage should be taken of the slack season to increase stocks of coal throughout the country. But the difficulty unfortunately arises that conditions in the coal-fields preclude large raisings at this time of the year, owing to harvest operations, and this may interfere with the building up of stocks. We are all alive, however, to the needs of the situation. The raisings of coal will no doubt presently increase; before the pressure comes on us again, the capacity of our lines will have improved, and it is not unreasonable to hope that with the hearty co-operation between railways and the commercial public, evidence of which was a pleasing feature at the Conference I have mentioned, we shall be able to deal with the traffic during next cold weather.

"The activities of the departments administered by the Department of Revenue and Agriculture have also been restricted both by the need for economy and by the shortage of officers. Not only have the services of a considerable number of officers been placed at the disposal of the military authorities, but it is at present difficult to obtain suitable recruits, especially for the Forest and Agricultural Departments. We have lately, however, been able to secure the services of two experts from home to conduct special investigations. One of these is studying the problem of reviving the trade in natural indigo. If he can devise a means of standardising the natural product in a form which will enable it to compete with the German synthetic dye, it is to be hoped that the planters will adopt some co-operative system of manufacture and marketing, and thus place this once profitable industry on a sound basis for the future.

in India with a view to preparing [illegible]

If his researches are successful, not only will the Forest Department obtain a new source of income, but the tannin industry may be expected to develop on a large scale, and to produce good leather from the enormous quantities of hides which are at present exported from India in a raw condition,

[*The President.*] [5TH SEPTEMBER, 1916.]

"Mr. Lefroy's inquiries into the silk industry were interrupted by a visit to Mesopotamia, where he did valuable work in organising measures for the destruction of flies and vermin, but he has now returned and resumed his investigations. It is hoped that they will result in a considerable revival of this historic industry. Without forestalling his report, I think I may say that he will show that large parts of the country, especially the sub-montane tracts, are suitable for the production of the silkworm, which cannot thrive in the arid heat of the plains. It is equally important to know the areas which are unsuitable, so that efforts to develop the industry may be concentrated in those tracts which offer the best prospect of success.

"The Hon'ble Mr. Hill explained at the discussion of the Financial Statement last March that the present period of comparative inactivity is being utilised for the preparation of schemes, especially in connection with agriculture, for development when more favourable conditions recur. It is my hope that those schemes will bear bountiful fruit during my term of office. The success of the researches at Pusa in selecting improved varieties of various crops, especially of wheat, has demonstrated the possibility of getting a vastly increased yield from indigenous species. There is room for many more workers in this field, and in course of time every large province should have a competent staff to work out local problems. There is equal room for expansion in the work of demonstrating the results of these researches. The Indian cultivator has shown himself quite ready to adopt improved methods as soon as he is convinced of their utility, and I look forward to a time when Demonstration Farms will be spread all over the country, bringing the practical results of scientific research within the reach of the agricultural masses.

"The improvement of agriculture, besides bringing prosperity and content to the majority of the population of India, will provide a worthy career for the young educated Indian who desires to serve his country, but does not always find the best way of doing it. The recommendations of the Conference on Agricultural Education, over which the Hon'ble Mr. Hill presided last February, have been considered by Government, and have recently been referred for the opinions of Local Governments. The Conference dealt, among other matters, with the question of reforming the system of education in our agricultural colleges. One of the chief needs of those colleges is to attract suitable students. The development of agricultural farms should tend to effect this object, but more farms can only be opened as men become available to manage them, and agricultural education and development are thus inter-dependent. I should like from my personal experience in Australia to lay stress on this. Agricultural colleges and Demonstration Farms have played a great part in the development of the agricultural industry in that country; and though the farming community is notoriously conservative, it has through these means been awakened to the possibilities opened out by science. I should like to impress this further fact on Indian parents. When they are planning the future of their sons, they might well pause to consider whether, instead of sending them to join the over-stocked market of the legal and literary professions, it would not be better to turn their attention to the possibilities of employment in scientific agriculture. As the department expands, it will afford greater opportunities of advancement, and the man who elects for this service may do well for himself and at the same time contribute to the prosperity of his country.

"I think it will interest the Council to hear that we have under consideration at present the question whether it is not possible and desirable, with due regard to economy and efficiency, to make certain radical alterations in the organisation of our Public Works Department on the Roads and Buildings side. As the Council is aware, the great bulk of the construction and repair work of public buildings of all classes, however unimportant, is at present done through the official agency of the Public Works Department. It seems to us not unreasonable to suppose that a good deal of the work of this character could be devolved upon an agency, other than the Government Public Works agency, under the control of local bodies; while side by side

[*The President.*] [5TH SEPTEMBER, 1916.]

with delegation to local agency, a stimulus might be given to private enterprise on a larger scale in connection with contracts for works. If this be found feasible, it will, of course, follow that the Buildings and Roads Branch of our Public Works Department will eventually be susceptible of considerable reduction in establishment, since its functions, apart from the larger public buildings, will be in the main inspectorial. It is not merely on the score of economy that this change is under consideration. We feel that there is scope for very considerable improvement in our Engineering Colleges; and that if highly competent engineers were turned out by these institutions, there is no inherent reason why the graduates of those Colleges should not be able to enter upon private practice, either as architects or civil engineers, thus gradually building up—what at present is almost absent from India—a body of qualified engineering experts whose knowledge would be available on a much larger scale for private contracting firms. It will be realised that this question is one of great intricacy and importance, and requires very careful examination. I do not, therefore, propose to discuss the matter now in greater detail. Indeed, at the present moment, it would be undesirable, as we have proposed, for the Secretary of State's approval, that the whole question be examined by a Committee specially appointed for the purpose who will investigate conditions throughout India and report to us upon the possibilities of change in the directions I have indicated. Here, again, I would suggest the possibility of outlets for the youth of India other than those found in the legal and literary professions.

"In the sphere of education the influence of the war has been very apparent. The Provincial Governments have, as the Council is aware, been forced by the financial situation to restrict their educational programmes, and the Government of India have for the same reason been unable to assist them with increased grants. We have, however, brought under their consideration three classes of educational effort in which some progress may suitably be made when better times recur. We have, in the first place, consulted Local Governments and the public on the lines which should be followed in the important matter of the development of female education, especially in its primary phases—one of the most important and most difficult of the problems which have to be faced in the near future, and one which I could wish that we were better prepared to meet. We have also drawn attention to the claims on Government assistance possessed by institutions for the instruction of the blind and the deaf and dumb. And lastly, we have placed before the Provincial Governments the necessity of maintaining more systematic arrangements than at present for securing an adequate supply of properly-trained teachers—perhaps the most vital requirement in our educational system to-day. Since we last met, moreover, two new Universities have come into existence, one at Benares and one at Mysore, and much consideration has been given to the pending proposals for the institution of new Universities at certain other centres. The rules for the grant of scholarships in England have at the same time been consolidated and improved, and we have had correspondence with the Secretary of State on certain aspects of the complaints which have from time to time been made regarding the facilities for Indian students in England. I was glad in connection with this question to be able lately to announce the constitution of a special Delegation at Oxford and an inter-Collegiate Committee at Cambridge for the express purpose of meeting the needs of Indian students, whose numbers at these two Universities are said to have trebled in the last ten years.

"In matters connected with local self-government, I may note that, in view of the position assumed of recent years by aliens in certain of our towns, we have found it necessary to ask Local Governments to ensure that in future aliens shall have no right to vote for election to, or to sit upon, municipal or district councils in this country. In several provinces there are measures of importance relating to municipalities and district boards which have been for some time under discussion. To one of these—the United Provinces Municipal Act—I have recently given my assent, and this measure—quite apart from the special provisions regarding communal representation which have attracted so much public attention—may be said to mark a very real and important step in the direction of self-government in local affairs.

[*The President.*] [5TH SEPTEMBER, 1916.]

"Turning to foreign affairs, I am happy to be able to state that the relations between His Majesty the Amir of Afghanistan and the Government of India continue to be of the most cordial and friendly character. His Majesty, I need hardly tell you, is scrupulously observing the neutral attitude which he guaranteed at the beginning of the war and has since re-affirmed.

"On the North-West Frontier, the tranquillity to which my predecessor alluded in his last speech in this Council has happily been maintained. This almost unprecedented calm on this usually restless border is due partly to the attitude of His Majesty the Amir, partly to the punishment inflicted last year on the few aggressive sections, but chiefly to the innate good sense and loyalty of the tribes as a whole, who have now realised that this war involves no menace to their religion, as they were at first falsely led to believe by enemy agents and interested schemers. Not that our enemies have entirely abandoned their campaign of religious misrepresentation, but I have every confidence that false promises of these mischief-makers will now fall on deaf ears, and that our tribesmen will not again be tempted to turn in mistrust against a Government, whose unswerving policy has been to respect and safeguard the religion of its peoples and uphold the standard of religious freedom.

"The relations between His Majesty's Government and the Government of Persia have never been more harmonious. In realisation of the unity of purpose which animates both, the Persian Government have invited and welcomed our assistance in the raising and training of a Persian force to purge the south of the last traces of German intrigue, and to police the main trade routes leading to the sea. And with this assistance, which we on our part were glad to be able to afford them, the Persian Government, I am confidently assured, will shortly be enabled to bring back the blessings of order and prosperity to the southern provinces, and thereby to draw still closer those bonds of commerce which from time immemorial have knit India and Persia together.

"I now turn to consider the situation in this country. In spite of the machinations and intrigues of our enemies, India's loyalty remains as steadfast as in 1914, when the outbreak of hostilities led to that conspicuous and ever-memorable wave of enthusiasm for the cause of the Empire and its Allies, which swept from one end of the country to the other.

"In Bengal, where political dacoities and dastardly murders of Indian police officers still continue, the position has given, and is giving, us all cause for anxious thought. We are, in consultation with the Local Government, closely considering the situation, and in particular we are endeavouring to elucidate the causes of this sinister development in what was at one time a most peaceful province. As a measure of immediate and practical relief, we have taken important steps to strengthen and protect the police force which is engaged in maintaining law and order, but we are not unmindful of the necessity for finding remedies which will go to the root-cause of the evil.

"I do not intend to enter into further details to-day, and will leave the subject with the remark that I feel sure that you will all agree that it is impossible for Government to tolerate the indefinite continuance of dangerous activities which strike at the foundations of all constituted authority.

"It is in pleasant contrast that I turn to the situation in the Punjab, where a peace, which was momentarily disturbed by a handful of returned emigrants who found themselves after their absence entirely out of sympathy with their own countrymen, has been satisfactorily restored. While speaking on the subject of the Punjab, I would like to say with what gratification I received—as I am sure its officers and people did—the sanction of the Secretary of State to the creation of a High Court at Lahore as soon as the termination of the present war makes this possible.

"The last subject with which I shall deal to-day is the war. You must all of you be conscious that since the last Session of this Council a great change has come over the military situation in the main theatres of conflict. The chief features of that change I shall presently attempt to describe. But first

[*The President.*] [5TH SEPTEMBER, 1916.]

I wish to deal with events in a minor theatre of war—Mesopotamia—in which India is very closely interested and where, owing to difficulties of country and climate, our forces have been subject to great hardships.

"The gallant garrison of Kut, reduced to the last extremity, had perforce to surrender before relief could be afforded, but the stubborn resistance offered under adverse circumstances, and the fine spirit displayed by both the Commander and his men—British and Indian—will ever be memorable. During the hot weather months active operations in Mesopotamia have not been undertaken, but our occupation of enemy territory has been further consolidated and experience gained which will assist our Commanders when the campaign again develops.

"Hon'ble Members will doubtless have noted that the conduct of the campaign in Mesopotamia has lately been the subject of criticisms in Parliament and the Press, and that the Government of India and its Army Department have been blamed for certain failures in administration which are alleged to have occurred in that country. As the whole question is about to be investigated by a Royal Commission, the present time is not opportune for a discussion of the case. I would, however, suggest that there is another side to the picture. We have in fairness to ourselves the right to ask our critics to survey the situation as a whole, and I shall endeavour to place before you in studiously considered outline a summary of what India has done during the past two years.

"The winter of 1914-15 was one of the most critical periods of the war, for it was evident that the troops then available on the Continent and in the United Kingdom were inadequate for the defensive rôle allotted to them, and that the only way, pending the raising and training of the new armies, in which the position could be saved, was by replacing the regulars serving in the Mediterranean and colonial garrisons with territorials, and by drawing upon India for troops to the fullest possible extent. The demands then made on us were honoured in full and with the utmost promptitude. Two cavalry and two infantry divisions, completely equipped in every respect, with staffs, guns, horses, transport, ambulances and all requisite auxiliary services, were despatched to France. Of the endurance and gallantry displayed by the Indian Corps while serving in the trenches during the trying winter of 1914-15 and again in the severe fighting that took place in the following spring, I need hardly speak, for its details are known to you all. Despite a wastage in *personnel* of over 150 per cent per annum, and a considerable loss in animals, the Indian Corps were always kept up to strength and liberally provided with clothing, munitions and equipment from India.

"At the same time as the despatch of troops to France, nearly the equivalent of a division was sent to East Africa, while one cavalry and six infantry brigades were despatched to Egypt. Very soon after, a division, complete in every respect, was sent to Mesopotamia, where it has since been largely reinforced, while smaller forces were employed at Maskat, in the Persian Gulf and at Aden. All these forces were based on India, which provided the drafts of men and animals and the food, forage and material required for their maintenance.

"Besides the heavy burden of having to meet the needs of four expeditionary forces at the same time, India had to maintain the troops on her frontiers and to conduct operations which attracted little attention at the time, but which were nevertheless on a considerable scale.

"The Army in India has thus proved a great Imperial asset, and in weighing the value of India's contribution to the war, it should be remembered that India's forces were no hasty improvisation, but were an army in being, fully equipped and supplied, which had previously cost India annually a large sum to maintain.

"I wish that time would permit of my giving you an account in greater detail of the assistance in men and material which India has furnished and is furnishing to the cause of the Empire. It would show the strain that is still imposed upon us by the maintenance of these large forces overseas. It would

not however be justifiable at this stage of my speech to inflict on you a full recital of these facts and figures. Still I cannot refrain from mentioning a few salient points.

"On the outbreak of war, of the 4,598 British officers on the Indian establishment, 530 who were at home on leave, were detained by the War Office for service in Europe. 2,600 combatant officers have been withdrawn from India since the beginning of the war, excluding those who proceeded on service with their batteries or regiments. In order to make good these deficiencies and provide for war wastage, the Indian Army Reserve of Officers was expanded from a total of 40, at which it stood on the 1st August 1914, to one of 2,000.

"The establishments of Indian units have not only been kept up to strength, but have been considerably increased. There has been an augmentation of 20 per cent in the cavalry and of 40 per cent in the infantry, while the number of recruits enlisted since the beginning of the war is greater than the entire strength of the Indian Army as it existed on the 1st August 1914. These remarkable results may be attributed to the confidence inspired by the British officers of the Indian Army, the cordial co-operation of the civil authorities, and the loyal response of the people of India.

"Recruiting has been opened to several classes to whom military service was previously closed. Considerable public interest has been aroused by the sanction given for the formation of a Bengali double company which will be trained on the frontier and sent on active service. The Bengal Stationary Hospital, recently broken up, rendered admirable service in Mesopotamia, and its record there was one of which the promoters of the scheme may well be proud.

"The despatch of so many expeditionary forces from India has necessitated a great expansion in military transport. Four Camel Transport Corps and twenty-seven Mule Corps have been despatched on service, representing a total of over 13,000 men and 17,000 animals. To replace these units and provide for wastage, some sixteen new Transport Corps and cadres have been formed.

"Six labour corps have been sent to the front and some 1,500 overseers, draftsmen, clerks, store-keepers, carpenters, smiths, mechanics, &c., have been despatched to Mesopotamia for duty on military works, and India has supplied large stocks of military material.

"In respect of medical *personnel* and equipment—and this is a matter in regard to which the Government of India have come in for special criticism—India's contributions towards oversea expeditions have been on a very big scale. Forty field ambulances, 6 clearing hospitals, 35 stationary hospitals, 18 general hospitals, 9 X-Ray sections, 8 sanitary sections, 7 advanced depôts and 1 general medical store depôt are now serving overseas. The *personnel* provided for these units and other services amounts to 258 officers of the R. A. M. C., 704 I. M. S. officers, 40 lady nurses, 475 assistant surgeons, 854 sub-assistant surgeons, 724 British nursing orderlies, 2,843 Indian ranks and nearly 20,000 Indian followers. In order to meet the heavy demands on the Indian Medical Service, 344 officers have been withdrawn from civil employment, and some 200 private practitioners and civil assistant surgeons have been given temporary commissions. In the subordinate branches, 205 assistant surgeons and 560 sub-assistant surgeons in various kinds of civil employment have been released for military duty. The strain which has been caused to the Civil Medical Department by these changes and withdrawals has been very great. In the medical sphere, in fact, it must be patent to all that in responding to the demands made upon us, we have gone as far as it was possible to go.

"The efficient working of the Indian Ordnance Department is shown in the enormous increase in the output from our factories and arsenals since the outbreak of war. To name one item only, I note that we have supplied the War Office with stores to the value of 2 millions sterling, including some 265,000 high explosive empty shell manufactured by the Munitions Branch.

[*The President.*] [5TH SEPTEMBER, 1916.]

The Indian Ordnance was only organised to supply the requirements of military operations on the North-West Frontier, and it is, therefore, no small tribute to its power of expansion that it has been able to deal so successfully with such vastly increased demands.

"The work of the Royal Indian Marine in connection with the war has been of great importance. 171 vessels have been chartered and fitted up as transports, and since the beginning of the war the sailings of transports from Bombay alone had, up to the end of July, numbered 926, and the arrivals 1,044. These figures give some idea of the shipping and transport work which has to be dealt with by the Marine and Embarkation staffs at Bombay. Moreover, 78 steamers, 120 launches and 207 lighters and barges have been purchased and prepared for service in Mesopotamia. 192 officers and 7,000 Indian seamen and stokers are now serving in the Government flotilla on the rivers of Mesopotamia. Work has been carried on under high pressure in the Royal Indian Marine dockyards at Bombay and Kidderpore, and several dockyards and repair shops for river craft have been established in Mesopotamia.

"The Railway Board, besides controlling the manufacture of munitions outside Ordnance factories, has provided the material and *personnel* required for the construction and working of military railways in East Africa, Mesopotamia and at Aden.

"In addition to all the material, rolling-stock and engines required for these railways, the Board has equipped and staffed a number of workshops overseas, and constructed on behalf of the military authorities various descriptions of vehicles and equipment, such as armoured motor cars, motor lorry bodies, water tanks, as also eleven complete armoured trains, and 7 hospital trains.

"Hon'ble Members will, I think, agree that the account of what India has contributed towards the war is a record of loyal achievement of which, as the Secretary of State recently stated in Parliament, she may indeed be proud.

"The Ruling Princes and Chiefs of India have continued to give invaluable assistance towards the prosecution of the war and the relief of sick and wounded soldiers. Among recent contributions have been the Rajputana gift of over 4½ lakhs for aircraft, machine guns and motor ambulances, the gift of Rs. 45,000 by His Highness the Maharaja of Réwa and the Solānki Rajput Chiefs for the purchase of aeroplanes; the gift of one lakh of rupees by His Highness the Maharaja Holkar of Indore, and of 2½ lakhs by His Highness the Maharaja of Bikaner from his privy purse. Hospital accommodation has been provided or offered by Their Highnesses the Maharajas of Patiala, Bikaner, Datia, Benares, Jind and Kapurthala, the Maharao of Sirohi, the Nawab of Maler Kotla and the Raja of Sukét, and substantial contributions have been received from the Rulers of Cutch, Limbdi, Dasāda, Sonpur, Bahawalpur, Faridkot, Manipur, Dhār, Jaora, Barwani, Ali Rajpur, Rāghugarh and Shahpura.

"The Imperial Service Troops are still doing very valuable work on the various fronts, notably the Mysore Lancers and the Bikaner Camel Corps in Egypt, the Kashmir Rifles, Jind Infantry and Faridkot Sappers in East Africa, and the Maler Kotla Sappers in Mesopotamia, and I am glad to hear that the Kashmir and Jind Durbars have recently received a special message of congratulation from General Smuts on the efficiency of their troops. The Sirmur Sappers had the distinction of assisting in the gallant defence of Kut.

"The veteran warrior, His Highness Sir Pratap Singh, after a brief visit to India, has returned to France, where, with His Highness the Raja of Rutlām, he continues to uphold the name of the Rajputs for patriotism and valour.

"To all these and to those other Rulers whose princely gifts and loyal services have been acknowledged on previous occasions, I should like to offer, on behalf of myself and my colleagues in this Council, our warmest and most sincere thanks.

[*The President.*] [5TH SEPTEMBER, 1916.]

"And now, in conclusion, I will briefly pass in review the present military aspects of the great battle fronts where not only the destiny of the belligerent nations but the future course of civilisation is being decided.

"During the interval that has elapsed since the closing of our session in March last, the great war has raged with increased intensity in all its main theatres. The outstanding feature of this period is the fact that the initiative has been wrested from our enemies, and that the improved position of Great Britain and her Allies in the matter of men and munitions has enabled a general and forcible offensive to be undertaken.

"The prodigious efforts and enormous sacrifices made by the Germans against Verdun have so far proved abortive, and the valiant French army has not only more than held its own, but has achieved conspicuous success in the recent stirring operations on the Somme. Our own successes in this latter area, which had been prepared and strengthened by the enemy for some two years by every modern device, are very significant and bear testimony to the completeness of our preparations and technical equipment and to the fine spirit and bravery of the troops.

"In the Eastern theatre, the Russians commenced their great offensive movement early in June, and the subsequent operations have proceeded with almost uninterrupted success on a wide front, resulting in the recovery of much lost ground, the re-occupation of a large tract of enemy country, and the capture of some 300,000 Austrian and German prisoners and vast quantities of war material.

"In the Southern theatre, the Austrian offensive initiated in the spring was quickly checked, and our Italian Ally seizing her opportunity assumed a vigorous offensive on both the Trentino and Isonzo fronts, and is now in occupation of important strategical points in the enemy's country.

"In the Balkans, developments have been slow, as the allied forces entrenched before Salonika were obviously awaiting the psychological moment. With the adherence of Roumania to our cause, I think we may say that that moment has now arrived. The action of Roumania at this juncture has a peculiar significance which Hon'ble Members must have correctly appreciated without needing elaboration from me.

"In Asia Minor, our Russian Ally is making steady progress notwithstanding the great physical difficulties of the country, and is now in occupation of the greater part of Armenia.

"At the beginning of last month a signal success was gained by our forces in Egypt, resulting in the complete defeat and dispersion of the enemy.

"In German East Africa, our troops are gradually overcoming all the great physical difficulties and driving the enemy before them. The successful issue of these operations can scarcely be much longer delayed, and the loss of this Protectorate, her last remaining colonial possession, will be a staggering blow to the pride and prestige of Germany.

"Our Navy still exercises command of the sea. The one serious attempt made by the enemy to challenge our supremacy ended in failure and flight. Losses on both sides were considerable, but the fact remains that the German fleet was driven from the seas, and that the grip of our blockade is firmer than ever.

"I cannot let this occasion pass without alluding to the irreparable loss which our Empire has suffered in the untimely death of Field-Marshal Lord Kitchener, seven years of whose valuable and strenuous life were spent in the services of this country. He lived to see the great work he had accomplished in connection with the war producing the results for which he had striven, and in the day of victory the great part he played will not be forgotten.

"Against a loss such as we have suffered by his death, against checks, disappointments and delays inevitable in a war waged on so vast a scale, we must continue steadfastly to steel our hearts, relying on the justice of the cause for which we fight, firmly trusting that the grievous sacrifices required of us will not have been offered up in vain, and confident that the tide of battle, now at last setting strongly against our enemies, will finally sweep away all political ideals which are based on militarism and aggression, and leave peace once more firmly established among the nations of the earth.

QUESTIONS AND ANSWERS.

[*Mr. M. B. Dadabhoy ; Sir William Meyer ; Sir Reginald Craddock.*] [5TH SEPTEMBER, 1916.]

QUESTIONS AND ANSWERS.

The Hon'ble Mr. M. B. Dadabhoy asked :—

Refund of money deducted on account of income-tax from interest on Government paper, etc.

1. "(*a*) Is it a fact that large numbers of applications for the refund of money deducted on account of income-tax at the maximum rate of one anna per rupee from the interest due upon Government paper, debentures and other securities are now lying in all important centres and cannot be disposed of immediately owing to the delay on the part of the Government of India in issuing instructions to the Local Governments in that behalf ?

(*b*) If so, will Government be pleased to issue prompt orders on the subject ?"

The Hon'ble Sir William Meyer replied :—

"I am glad to take the opportunity which the Hon'ble Member's question affords me of explaining the exact position with regard to refunds of income-tax on the interest on securities taxable under Part III of the second Schedule. As I pointed out last March, when introducing the Income-tax Amendment Bill, the extension of the principle of graduation must result in a considerable increase in the number of persons entitled to claim abatement in respect of income-tax paid on interest on securities : and, under the new procedure prescribed in the Act, a consequent increase in the number of applications for refunds is inevitable. The actual administration of the Act rests with Local Governments and Administrations, and a notification was issued last May under section 38 of the Act delegating to them the power to make rules prescribing the procedure for dealing with refund applications. But in view of the greater importance now attached to the system of refunds, and the need for devising as simple a procedure as possible, the rules may take time to elaborate, and, in the meanwhile it is within the competence of Local Governments to dispose of refund application, in the exercise of their ordinary administrative powers. The Hon'ble Member will no doubt recognise that some delay is inseparable from the introduction of a new procedure, involving a considerable amount of work ; but no information has been received which suggests that large numbers of applications for refunds are now awaiting disposal, or that any general action, beyond that already taken by the Government of India, is necessary to prevent inconvenience during the period which must elapse before the form of the rules can be settled. As I have explained, the specific working of the Act is in the hands of Local Governments."

The Hon'ble Mr. M. B. Dadabhoy asked :—

Government of India (Amendment) Bill.

2. "(*a*) Were the Government of India consulted by the Government of the United Kingdom about the provisions of the Government of India (Amendment) Bill lately introduced in Parliament?

(*b*) Will the correspondence on the subject, if any, between this Government and the Secretary of State in Council be laid on the table ?"

The Hon'ble Sir Reginald Craddock replied :—

"The Government of India were consulted in regard to the provisions of the Government of India (Amendment) Bill, which has now been passed by Parliament. It is not intended to lay on the table the correspondence which passed on the subject between the Government of India and the Secretary of State in Council."

QUESTIONS AND ANSWERS.

[*Mr. M. B. Dadabhoy; Sir George Barnes; Mian Muhammad Shafi; Sir Reginald Craddock.*] [5TH SEPTEMBER, 1916.]

The Hon'ble Mr. M. B. Dadabhoy asked :—

Appointment of Boards of Scientists for the development of Indian industries.

3. "(*a*) Is it a fact that the industrial development of modern Germany has been in a large measure due to the researches of permanent Boards of Scientists devoted to the work of finding out the best means for the utilisation of by-products and waste vegetable and animal matter, and of simplifying processes of manufacture ?

(*b*) If the answer to (*a*) is in the affirmative, do the Government propose to consider the question of appointing strong Boards of Scientists at the different Provincial headquarters for research work on the German model with the object of providing proper facilities for the development of Indian industries ?"

The Hon'ble Sir George Barnes replied :—

" The Government of India believe that the industrial development of Germany has been due in part to the researches by Scientists employed by the owners of German industrial establishments. So far as they are aware these Scientists were in all cases paid by the owners of the industries concerned, and not by the State. They have no information with regard to the institution of Boards of Scientists such as are suggested in the first part of the question.

With reference to the second part of the question, the Government of India propose to await the report of the Indian Industrial Commission."

The Hon'ble Khan Bahadur Mian Muhammad Shafi asked :—

Continuance of the Punjab as a Non-regulation Province.

4. " Will the Government be pleased to state the reasons for which the Punjab continues to be a Non-regulation Province ?"

The Hon'ble Sir Reginald Craddock replied :—

"The Hon'ble Member is referred to paragraph 30 (Volume I) of the Report of the Royal Commission upon Decentralization in India, 1909. The distinction between Regulation and Non-regulation Provinces is passing away, and the system of administration in the Punjab is rapidly approximating to that prevailing in provinces to which the term 'Regulation' is applied. "

The Hon'ble Khan Bahadur Mian Muhammad Shafi asked :—

Punjab share of its revenues.

5. "(1) Has the attention of the Government been invited to a leading article on 'The Punjab share of the Punjab Revenues' published in the Civil and Military Gazette of 30th July, 1916 ?

(2) Is it a fact—

(*a*) that in 1913-14, the Punjab Government received for its own use 53 per cent of its revenues as compared with 62 per cent in the United Provinces and 72 per cent in Bihar and Orissa ;

(*b*) that the Government of India takes half the Punjab land-revenue without contributing anything towards the cost of the revenue staff amounting to 50 lakhs ;

(*c*) that the Government of India pays 4½ lakhs out of 17¾ lakhs towards the general administration of the Punjab ;

(*d*) that the Government of India takes 18 lakhs out of the revenue derived from Court-fee stamps in the Punjab without contributing anything towards the cost of Law and Justice in the Province ;

(*e*) that the major portion of the earnings of the North-Western Railway is derived from the territories administered by the Punjab Government ; and

(*f*) that the North-Western Railway does not contribute towards the cost of the Punjab administration ?

(3) Will the Government be pleased to state if it is considering, or proposes to consider, the question of granting to the Punjab a greater share of its revenues, and a reasonable share of the earnings of the North-Western Railway ?"

QUESTIONS AND ANSWERS.

[*Sir William Meyer ; Sir Manindra Chandra Nandi ; Mr. C. H. A. Hill.*] [5TH SEPTEMBER, 1916.]

The Hon'ble Sir William Meyer replied :—

"(1) The Government of India have seen the article referred to.

(2) The Hon'ble Member does not appear to have studied the fundamental principles underlying the settlements with Local Governments. These were explained in paragraphs 2, 3 and 7 of the Resolution in the Finance Department No. 27-F., dated the 18th May 1912, which was published in the Gazette of India of the same date, and their objects are to give Provincial Governments an interest in the cost of the services controlled by them and adequate powers in regard to the administration of those services. In accordance with these principles, the bulk of the cost of the ordinary administration of the provinces is borne by the Provincial Governments. In order to meet this, they are allotted adequate revenues under various growing heads, the elasticity of which is sufficient to provide for due development with its accompanying growth of expenditure. The arrangements referred to by the Hon'ble Member by which the Imperial Government takes half of the revenue from land and Court-fees, while the Provincial Government bears the entire cost of the revenue and judicial staff and the bulk of the cost of general administration, are thus not peculiar to the Punjab. Railways, again, are an entirely Imperial asset. Generally speaking, the revenues placed at the disposal of Provincial Governments have no specific relation to the total revenues collected in the areas under their administration. Were this not the case, the maritime provinces (for example) would have a great advantage by reason of the customs revenues received there.

The facts put in part 2 of the Question are generally as stated. They are not, however, relevant in respect of a revision of a Provincial settlement in view of the considerations which I have already explained. I may observe in this connection that the payment of Rs. 4½ lakhs by the Government of India mentioned in part 2 (*c*) of the Question relates to accounts establishments, which are an Imperial charge, though they are largely concerned with the audit of Provincial revenues and expenditure.

(3) The Government of India have no reason to think that the resources, at the disposal of the Government of the Punjab, are insufficient for their needs. In fact, the Provincial balances of that province had become so large under the present scheme that an arrangement was recently sanctioned, at the instance of the Local Government, by which a sum of one crore of rupees out of those balances was surrendered to the Government of India in return for a permanent recurring grant. In these circumstances, the Government of India have no intention of placing the Punjab in a specially favoured position by provincializing railway receipts there or by otherwise varying the existing distribution of revenues and expenditure between the Provincial and Imperial Governments. Nor has such a course been suggested by the Local Government."

The Hon'ble Maharaja Sir Manindra Chandra Nandi asked :—

6. "What is the total number of agricultural Demonstration Farms, province by province, in India ?" **Agricultural Demonstration Farms.**

The Hon'ble Mr. C. H. A. Hill replied :—

"A statement is laid on the table showing the numbers of the Experimental and Demonstration Farms in the various provinces on 1st January 1915. Later statistics are not as yet available.

The Hon'ble Maharaja Sir Manindra Chandra Nandi asked :—

Grant of subsidies to Indian industries.

7. "Will the Indian Industrial Commission inquire into the desirability of granting any bonus, subsidy or guarantee of any kind to any Indian industry ?"

The Hon'ble Sir George Barnes replied :—

"The attention of the Hon'ble Member is drawn to paragraph 3 (*b*) (*iii*) of the Resolution of the Government of India in the Department of Commerce and Industry, No. 3403, dated the 19th May, 1916, announcing the appointment of, and the terms of reference to, the Commission. For the Hon'ble Member's convenience I am sending to him a print of the Resolution."

The Hon'ble Maharaja Sir Manindra Chandra Nandi asked :—

Agricultural and fishing resources of India.

8. " Will the Government be pleased to state if a thorough examination of the agricultural and fishing resources of India lies within the purview of the Indian Industrial Commission ?"

The Hon'ble Sir George Barnes replied :—

" The work of the Commission will be in connection with manufacturing industries, and a thorough examination of the agricultural and fishing resources of the country, a purpose for which separate departments already exist, will not therefore fall within its purview. In so far, however, as agriculture and fisheries are interwoven with industries, the Commission will doubtless deal with those subjects."

The Hon'ble Rai Bahadur Krishna Sahay asked :—

Separate University for Bihar and Orissa.

9. "(*a*) Is it a fact that there is a strong public desire in the Province of Bihar and Orissa for a separate University ?

(*b*) Will the Government be pleased to state when the Patna University Bill is likely to be introduced into this Council ?"

The Hon'ble Sir C. Sankaran Nair replied :—

"(*a*) The answer is in the affirmative.

(*b*) The Government hope to introduce the Bill shortly, but are unable to say, at present, when it is likely to be introduced."

STATEMENT LAID ON THE TABLE.

The Hon'ble Sir Reginald Craddock :—"I beg to lay on the table a* statement showing by provinces the total strength and cost of the Criminal Investigation Department for each of the years 1904-05, 1911-12, 1912-13, and 1913-14, which was promised in reply to a question asked by the Hon'ble Mir Asad Ali, Khan Bahadur, on the 21st March, 1916."

[*Sir George Barnes ; Mr. M. B. Dadabhoy.*] [5TH SEPTEMBER, 1916.]

THE ENEMY TRADING BILL.

The Hon'ble Sir George Barnes :—"I beg to move for leave to introduce a Bill to prohibit or control trading by hostile foreigners and hostile firms and for other purposes."

The motion was put and agreed to.

The Hon'ble Sir George Barnes :—"I beg to introduce the Bill. The principles embodied in it mark the change of feeling and change of opinion which have taken place throughout the British Empire. Generally speaking, the policy throughout the British Empire at the beginning of the war was to control hostile firms and enemy concerns, and to allow their trading to continue subject to supervision—the principal object of the supervision being to prevent goods or money reaching hostile countries. In the United Kingdom, this end was effected by the appointment of Inspectors, Supervisors, and Controllers, and, I think, very much the same line was taken throughout the Dominions. In India, a stronger policy was adopted, a policy of licenses to trade and licenses to liquidate, the result of this policy being the suspended animation, and not the complete extinction of, the firms concerned. In the United Kingdom, at the beginning of this year, a new Trading with the Enemy Act was passed which provided that enemy concerns should, in the absence of special reasons to the contrary, be completely wound up, and this policy has been followed, or is in process of being followed, by the Dominions also. The object of this Bill is similarly one of complete extinction of the hostile firms dealt with. I will not say that the proposal is that India should follow the Dominions or the United Kingdom ; for I believe that in India we have arrived at the same conclusion quite independently. In these circumstances, and pressed with the urgency of the case, His Excellency passed the Ordinance which is known as the Enemy Trading Ordinance, 1916, and by his directions I have taken the earliest opportunity of bringing the Ordinance in the form of a Bill for the consideration of the Council. The policy of complete elimination of German trading interests which the Home Government and the Governments of the Dominions have each individually thought necessary for their protection seems to the Government of India to be doubly necessary in this country, for enemy trading companies and associations, which are not of a trading character, have alike been here used for political ends. The Ordinance has been before the public since June last, and so far as I am aware, there has not been one single word of criticism against it, and the Bill follows the Ordinance word for word with one or two comparatively small exceptions. The Statement of Objects and Reasons, which has been submitted to you, gives you clause by clause the contents of the Bill, and I do not think that I ought to take up your time by going through the clauses in detail. The principal clauses of the Bill are clauses 4 and 5, and these two clauses are the back-bone of the Bill. They contain the policy of the Bill, *viz.*, the complete winding up of enemy firms and companies. Clause 6, you will also see, is of importance. Under clause 6 the Governor General in Council has power to cancel contracts, and indeed, I ought to point out to you that this clause differs slightly from the Ordinance which it follows generally, in that the power is extended to cancel sub-contracts and sub-transfers when they are contrary to the public interest, or made with the object of evading any provision of the law. Then clause 7 gives power to the Governor General in Council to vest the property of hostile and enemy firms in a Custodian, and, under rules which have been made, the proceeds of the liquidation of hostile and enemy firms will likewise be vested in this officer, and the money and property will be retained until the end of the war, when it will be dealt with in accordance with the policy which may then be determined on. These clauses, I think, are the principal part of the Bill. The Bill, I believe, has the whole-hearted support of the commercial community in this country, and I hope that it will be passed as an emergency measure as it now stands. I beg, My Lord, to introduce the Bill."

The Hon'ble Mr. M. B. Dadabhoy :—"My Lord, I crave Your Excellency's permission to make one observation in connection with the Government practice of introducing emergent legislations. This Bill was placed

THE ENEMY TRADING BILL; THE IMPORT AND EXPORT OF GOODS BILL;

[*Mr. M. B. Dadabhoy ; Sir George Barnes ; the President.*] [5TH SEPTEMBER, 1916.]

in the hands of Members of this Council only this morning. It is true, as the Hon'ble Member has rightly remarked, that the Bill only embodies what was previously promulgated by way of Ordinance, and that there have been no criticisms in regard to it. I have nothing to say against this particular measure ; but I think the time has now arrived to make an alteration in the existing practice. I submit Your Lordship will be pleased to consider the advisability of placing all emergent Bills in the hands of members at least 24 hours before the Bills are introduced. I am quite sure that many of my Hon'ble Colleagues have not even given a glance to the Bill, and certainly had no opportunity of going through it. I have no doubt that the Bill is excellently drafted ; I entertain great respect for the forensic and drafting ability of the Legislative Department ; but the non-official assistance would be always useful, and I trust Government will be pleased to order that, in future, all emergent Bills are placed in the hands of Hon'ble Members at least a reasonable time before they are formally introduced in Council."

The Hon'ble Sir George Barnes :—" My Lord, I can only say that the point which the Hon'ble Member has made will be most carefully considered. It seems to me that there is a great deal of force in what he said.

I now move that the Rules of Business be suspended."

THE IMPORT AND EXPORT OF GOODS BILL.

The Hon'ble Sir George Barnes :—" I beg to move for leave to introduce a Bill to provide further power to prohibit or restrict the import and export of goods to and from British India:—This Bill, like the Bill which the Council have just passed, is an urgent war measure. The economic pressure which the British Empire is bringing to bear on Germany and Austria has already played an important part in the war, and in order that it may continue to be effectively employed, it is absolutely necessary that all overseas traffic in every part of the Empire should be brought under control. With this aim the Bill follows the legislation on the subject in the United Kingdom, and gives power to prohibit imports and exports not only from or to various countries, but from or to various individuals. As is well-known, there are a number of traders in neutral countries who are either enemy subjects, or are at any rate working in enemy interests. It is these persons—persons on what we call the commercial black list—that we have primarily in view. It is against them in particular that the powers in the Bill are intended to be used. It is, I am sure every member of this Council will agree, necessary to effectually end indirect as well as direct trading with the enemy. The Government of India, on the other hand, fully agree and fully recognise that all restrictions on trade are undesirable, except where necessity is imperative, and we have taken steps to secure that the minimum of inconvenience shall be caused to the commercial community. With this end in view, Collectors of Customs, acting of course on general lines laid down for them by Government, have been empowered to issue licenses permitting articles to go to certain destinations under certain conditions, and they are thus able to take bonds in cases where arrangements for the proper supervision of the disposal of consignments in neutral countries have not been completed, or where the necessary information about consignments is lacking and exporters are anxious to send away goods in a hurry.

[*Sir George Barnes; the President; Sir Reginald Craddock.*] [5TH SEPTEMBER, 1916.]

"I do not think I need go through the clauses in detail, but clause 4 follows closely the English legislation in throwing the burden of proof in respect of prohibited or restricted goods on the importer or exporter, as the case may be.

"Clause 6. Perhaps I ought to call attention to this clause. It validates past action and is a necessary provision, although, thanks to the loyal co-operation of importers and exporters in this country, instances where difficulty has occurred are extremely rare. This Bill, like the last Bill, follows the Ordinance which has been before the public since the month of June. I quite appreciate what the Hon'ble Member said with regard to the last Bill,—it applies to this also. I beg, My Lord, for leave to introduce the Bill."

The motion was put and agreed to.

The Hon'ble Sir George Barnes:—"I beg to move Your Excellency to suspend the Rules of Business to admit of the Bill being taken into consideration."

THE INDIAN BILLS OF EXCHANGE BILL.

The Hon'ble Sir George Barnes:—"I beg for leave to introduce a Bill to make provision in connection with the present war with respect to Bills of Exchange payable outside British India. I really think, My Lord, I can add very little to what has been set out with great clearness in the Statement of Objects and Reasons in connection with this Bill. The position is that the Exchange Banks in this country are holders of Bills of Exchange which they discounted at the beginning of the war, and they are not able, owing to Bills having been sent for acceptance to enemy countries, to get payment at the present time. Sections 64 and 66 of the Negotiable Instruments Act provide that Bills of Exchange made payable at a specified period after date or sight must be presented for payment at maturity, and that if not so presented, the drawers are discharged from liability to the holders. The object of this Bill is to enlarge the time, and to keep alive the liability of the drawers. The Banks have parted with their money to the shippers and traders—that is to the drawers; the Banks are holders of the Bills, but have not got their money from the drawees or the acceptors. I do not feel that I ought to ask Your Excellency to suspend the Rules of Business in this case; this, it is true, is a war measure; it is in some degree an urgent measure, but it is not urgent to the same degree as the last two measures. Consequently, I only ask Your Excellency for leave to introduce the Bill."

The motion was put and agreed to.

The Hon'ble Sir George Barnes:—"I beg to introduce the Bill, and to move that the Bill, together with the Statement of Objects and Reasons relating thereto, be published in the Gazette of India in English."

The motion was put and agreed to.

THE INDIAN LUNACY (AMENDMENT) BILL.

The Hon'ble Sir Reginald Craddock:—"My Lord, I move for leave to introduce a Bill to amend the Indian Lunacy Act, 1912. Under the existing Act there is no legal power for the admission of lunatics

into lunatic asylums in British India from foreign territory in India, unless in compliance with an order of a tribunal which derives its jurisdiction from His Majesty, or from the Governor General in Council. It might be thought that the simplest way of effecting the desired object would have been by giving authority to the officer in charge of lunatic asylums in British India to recognize the order of a foreign tribunal committing the lunatic to his custody. But such a recognition of foreign tribunals would not be in accordance with the general principles of English law.

"The Bill, therefore, proposes to meet the difficulty by allowing the application for a reception order to be made by an officer or agent of the Foreign State, who may be approved by the Local Government, instead of by the husband or wife or a relative of the alleged lunatic, and enables the Magistrate to give recognition to the certificates of medical officers or medical practitioners belonging to the Foreign State.

"It enables the prescribed interval between the date of the medical examination and the application for a reception order to be extended at the discretion of the Magistrate, and it provides for any other modifications, restrictions or adaptations of the law required to facilitate the making of reception orders as the Governor General in Council may by notification direct.

"The new sections will only apply when an arrangement has been made with a Foreign State, and it is drawn in general terms, although the occasion has only arisen in connection with the French Settlements in India. Foreign Governments will of course by the arrangement made defray the cost of the maintenance of the lunatics thus committed to our lunatic asylums, so that no charge is entailed by this new procedure upon the revenues of British India.

"I feel sure that no Hon'ble Member will be disposed to object to, or cavil at, the introduction of this simple measure which will have the effect of affording a small convenience to our gallant Allies, the French.

I therefore move for leave to introduce the Bill."

The motion was put and agreed to.

The Hon'ble Sir Reginald Craddock:—"My Lord, I beg leave to introduce the Bill, and to move that the Bill, together with the Statement of Objects and Reasons relating thereto, be published in the Gazette of India in English."

The motion was put and agreed to.

THE INDIAN REGISTRATION (AMENDMENT) BILL.

The Hon'ble Pandit Madan Mohan Malaviya:—"My Lord, I beg to move that the Hon'ble Mr. J. Walker, the Hon'ble Rao Bahadur B. N. Sarma Garu, and the Hon'ble Mr. Mazharul Haque be added to the Select Committee appointed to report on the Bill further to amend the Indian Registration Act, 1908, *vice* Mr. H. Wheeler, Mr. Achariar and Mr. Qumrul Huda."

The motion was put and agreed to.

THE TRANSFER OF PROPERTY (AMENDMENT) BILL.

The Hon'ble Pandit Madan Mohan Malaviya:—"My Lord, I beg to move that the Hon'ble Mr. J. Walker, the Hon'ble Rao Bahadur B. N. Sarma Garu, and the Hon'ble Dr. Tej Bahadur Sapru be added to the Select Committee appointed to report on the Bill further to amend the Transfer of Property Act, 1882, *vice* Mr. H. THE HINDU AND MUSSALMAN DISPOSITION OF PROPERTY BILL.

[*Mr. C. H. Setalvad.*] [5TH SEPTEMBER, 1916.]

THE HINDU AND MUSSALMAN DISPOSITION OF PROPERTY BILL.

The Hon'ble Mr. C. H. Setalvad:—"My Lord, when I introduced the present Bill in February last at Delhi, I explained to the Council, at some length, the reasons which prompted me in bringing it forward. I then shewed how the Hindus and Mussalmans were inconvenienced owing to certain disabilities with regard to the disposition of property under which they laboured owing to the law as at present administered. I illustrated that by pointing out how a Hindu or Mussalman, who had only a daughter, and wanted to put his property in trust, so as to give the life estate to his daughter and then give the property to her children, sons or daughters, was precluded from giving effect to his desire under the law as it stood at present; while the other communities in this country were under no such disabilities, and my Hon'ble friend, Mr. Lowndes, who spoke on that occasion, gave further illustrations of the manner in which both Hindus and Mussalmans were inconvenienced with regard to this matter. It is not necessary, Your Excellency, to repeat what was then said, as Hon'ble Members are perfectly well aware of it. I then pointed out that the anomaly that existed, with regard to these two communities in respect of the disposition of their property in favour of unborn persons, had originated in the rigid application of the rule of Hindu and Mahommedan Law, that any gift, in order to be valid, must be accompanied by possession, from which it followed that an unborn person being not capable of taking possession was incapable of taking a gift. With regard to the Hindus, this was laid down by the Privy Council in what is known as the Tagore case. But it may well be said that the Hindus have never accepted the situation that the law as laid down by the Privy Council in the Tagore case with regard to unborn persons was correct Hindu law. It was then contended, and it has been contended since by some learned writers and eminent Judges, that the texts from which this conclusion was drawn were not correctly construed by the Privy Council. I am only saying this for the purpose of showing that, when it is proposed to alter by this Bill the law as laid down by the Courts, it need not be taken for granted that the real Hindu Law is what the Courts have held it to be. As already stated, a number of people still hold the opinion that the Hindu Law really allows gifts to unborn persons, and does not prohibit it in the manner decided by the Courts. And, Your Excellency, it is instructive in this connection to study the debates that took place when the Transfer of Property Act was passed in the year 1882. On that occasion, in the Bill that was originally drafted and brought in by Government, power to dispose of property in favour of unborn persons exactly under the limitations and conditions which now appear in the present Bill, was proposed to be given to all, including Hindus and Mussalmans. When the Bill went to the Select Committee, the Hindu Members, and particularly Sir Jatindra Mohan Tagore, who was then a member of this Council and also of the Select Committee appointed to consider the Bill, opposed these provisions. And if you read the debates, it will appear that he objected to those provisions being made applicable to Hindus, not on the ground that the Hindu Law did not allow dispositions in favour of unborn persons, but he contended that the Hindu Law allowed such dispositions without any limitations at all, and that therefore, inasmuch as the Transfer of Property Act made it possible for Hindus to make a gift in favour of unborn persons only subject to the limitations and conditions therein laid down, it was not in consonance with the Hindu Law, and that was why he insisted on the insertion of a proviso in section 2 that nothing contained in Chapter II shall affect any rule of Hindu or Mahomedan Law. He also hoped that, in course of time, the wrong interpretation of the texts on which the Privy Council had proceeded would be corrected some day. It was therefore that he did not want to become a party to anything which would restrict the right of Hindus to dispose of property in favour of unborn persons without any limitations and conditions.

"Then, with regard to the Mussalmans, Your Excellency, as I pointed out on the last occasion, so far as the Shias are concerned, the Mahommedan Law

THE HINDU AND MUSSALMAN DISPOSITION OF PROPERTY BILL.

[*Mr. C. H. Setalvad.*] [5TH SEPTEMBER, 1916.]

allows successive life estates to be given, and certain texts have been relied on by authors like Sir Amir Ali and others, to show that even gifts to unborn persons are allowable with regard to Shias. In the case of Sunnis, no doubt the position is different. But whatever that may be, I submitted that the time had arrived when the Mussalmans, along with Hindus, should have their present disability removed. It was under these circumstances that I ventured to introduce this Bill at the Delhi session. Since then, the Bill was referred for opinions to various bodies and individuals. I would here, with Your Excellency's permission, emphasise what I said at Delhi when I introduced the Bill, that one must not lose sight of the two main features of this Bill. First, that it is merely a permissive piece of legislation; it does not compel any person, either Hindu or Mussalman, to will away or gift away property in favour of an unborn person if he does not choose to do so, and what the Bill proposes to do, is to enable Hindus and Mussalmans to will away or gift away property in that manner only if they wish to do so. And secondly, the Bill does not profess and does not want to enlarge in any manner the testamentary or disposing power of any Hindu or Mussalman. Your Excellency, I wish to emphasise this again, because one finds from the opinions that have been circulated, that there is still a great deal of misapprehension on that point. The Bill does not alter the law with regard to what property a person may dispose of, but, with regard to the person in whose favour the disposition can be made, so as to enlarge the disposing power of a Hindu or Mussalman. For instance, with regard to Hindus, a person who is a co-parcener of a joint family and as such has an indefinite share in what is known as joint ancestral property, this Bill will not empower him to deal with that property over which he has no disposing power. It only empowers a person who has full disposing power over some property to dispose of that property, if he chooses to do so, in favour of an unborn person. Similarly, with regard to Mussalmans, the Bill does not propose to extend, as some apprehend it does, the testamentary power of a Mussalman which is restricted at present to one-third of his property. The Bill does not propose to do that at all. It only seeks, as I submitted on the last occasion, to remove the particular disability under which Hindus and Mussalmans labour, and not in any manner to enlarge their power of disposal over the properties they possess. And in that view one should have thought, Your Excellency, that there would be no objection raised with regard to the passing of the Bill into law either by Hindus or Mussalmans. But the opinions that have been gathered from various bodies and individuals, undoubtedly reveal that, so far as the Mussalmans are concerned, the opinion is very much divided, although, as I have pointed out, some of the objections raised are based on a misapprehension as to the real nature of the Bill.

"But however that may be, if the Mussalmans as a body are not unanimous or practically unanimous in favour of this Bill, I quite recognise, Your Excellency, that it is not possible, it will not be desirable for this Council, to proceed with this legislation so far as the Mussalmans are concerned.

"So far as the Hindus are concerned, the opinions show a practical unanimity in favour of the Bill. Therefore, I beg to suggest that the Bill be referred to a Select Committee and proceeded with so far as Hindus are concerned. It should not be extended to Mussalmans inasmuch as they do not want it at present. Hereafter, if they think it desirable to have it, it will certainly be open to them to demand legislation on the same lines. But, when I say this, Your Excellency, about Mussalmans, there are particularly, in the Bombay Presidency, certain sects of Mussalmans who stand on quite a different footing; for instance, those known as *Khojahs* in Bombay. They are, so far as inheritance and succession are concerned, absolutely governed by Hindu law; although Mahomedans by religion, are not governed by Muhammadan law in inheritance and succession, but are absolutely by all the rules of the Hindus in this respect. Then, again, with regard to the extent of their disposing power by wills, they are governed by Hindu law, inasmuch as they are not restricted to the disposal

THE HINDU AND MUSSALMAN DISPOSITION OF PROPERTY BILL.

[5TH SEPTEMBER, 1916.] [*Mr. C. H. Setalvad*; *Mr. Bhupendranath Basu.*]

only of one-third of their property. The extent of their testamentary power has been held to be absolutely co-extensive with that of Hindus. Therefore *Khojahs*, as I have pointed out, stand on a very different footing from the other Mussalmans in this country, inasmuch as a considerable part of the law as administered with regard to them is Hindu law. And so far as I am able to ascertain their wishes in the matter, I understand that they would very much like to have this power, which is proposed to be given under this Bill, to be extended to them. That, again, I quite recognise, is a matter which requires careful consideration, and will be and ought to be considered in Select Committee.

"There are various other points also which would require further consideration in the Select Committee. For instance, as I have pointed out, the apprehension that is entertained that the Bill will have the effect of extending the disposing power of Hindus or Mussalmans as the case may be. That matter will be made clear by some re-drafting in the Select Committee.

"Then, again, there is the difference of opinion with regard to clause 6 of the Bill, and that again is a matter which will require careful consideration in the Select Committee.

"I need not detain the Council, Your Excellency, any further on this motion, and I will move that the Bill to enable Hindus and Mussalmans to make dispositions of property by transfer *inter vivos* or by will for the benefit of unborn persons be referred to a Select Committee, consisting of the Hon'ble Sir Reginald Craddock, the Hon'ble Mr. G. R. Lowndes, the Hon'ble Dr. Tej Bahadur Sapru, the Hon'ble Pandit Madan Mohan Malaviya, the Hon'ble Mr. C.H. Kesteven, the Hon'ble Mr. M. A. Jinnah, the Hon'ble Mr. A. P. Muddiman, the Hon'ble Mr. J. G. Cumming, the Hon'ble Mr. J. Walker, the Hon'ble Babu Bhupendranath Basu and the mover, with instructions to confine the operation of the Bill to Hindus, subject, however, to a discretion in the Committee to consider whether powers should be reserved to the Governor General in Council to apply, by notification, the provisions of the Bill to *Khojah* Mussalmans, and to report on or before the 19th of September, 1916."

The Hon'ble Mr. Bhupendranath Basu:—"My Lord, I wish to make a few observations on this motion of my friend, the Hon'ble Mr. Setalvad. The proposition which he has introduced is doubly necessary in the Province of Bengal from where I come. There, My Lord, Hindu law as interpreted by Jimutavahana has practically done away with the safeguards which the old system of joint family provided for Hindu families. Under the Hindu law, as interpreted in Bengal, every member of the joint family has a definite share in the estate, and is able to alienate it during his lifetime or by will. Consequently the protection which the joint family elsewhere in India under the Hindu system of jurisprudence enjoys, namely, that there is no definite share vested in any member of it, and therefore it is not capable of alienation, except in certain circumstances, does not exist in Bengal. And, therefore, it has happened in many cases that improvident members of the joint family have frittered away their ancestral estates to the great detriment of their descendants or other members of the family. Further, My Lord, when the power of disposition by will was recognised amongst us, Hindus, it was also necessary that there should be some recognition of the power of disposition in favour of persons who were not born at the time of a testator's death. As my friend, the Hon'ble Mr. Setalvad, said, that question arises with great urgency in the case of a person dying and leaving only a female heir. According to us, My Lord, a female heir is only entitled to a life estate, and if there were no male issue, at the time of the death of the testator, it often became a question of great difficulty as to how the future disposition of the property was to be made. Further, My Lord, as times advanced, trade progressed, and as individual property came more and more into evidence, people desired that they should be able to make provision for their children or their grand-children on particular occasions. Especially in a big commercial place like Calcutta, it was felt that on occasions of marriages where settlements had to be made, some provision

THE HINDU AND MUSSALMAN DISPOSITION OF PROPERTY BILL.

[*Mr. Bhupendranath Basu*; *Mr. B. N. Sarma.*] [5TH SEPTEMBER, 1916.]

should be made following the English precedent of settling property upon the issue of the marriage. And that a desire like that was felt was not altogether because people wanted to keep property from the creditors, but because in some cases it was felt that the young man on whom property was going to be settled was too inexperienced to resist a certain class of creditors who were bound to come down upon him as soon as it was discovered that he had some property at his disposal. But we have had great difficulties in this direction. Ever since the decision in the Tagore case, we have had no means of settling property so as to vest it upon the immediate holder, and then, upon his decease upon his unborn issue. At the time when the Transfer of Property Act was passed, Maharaja Sir Jatindra Mohan Tagore, in reference to whose uncle's will this dictum was pronounced by the Privy Council, was unwilling to accept the extension of the principle which the Government of the day was willing to extend to us, Hindus, on the ground that that principle, so far as it applied to non-Hindus, was hedged in by limitations which were unknown to Hindu law, and that it would probably be a mistake to accept that extension with the limitations that then existed.

"Well, My Lord, subsequent experience has shown that the expectations, entertained by Sir Jatindra Mohan Tagore at that time of a modification of the Hindu law on the lines he wanted have not been realized, and we are still unable, in cases of the nature that I have indicated, to make any suitable or safe provision for a man's family and children or grand-children. I have personally had much experience in these matters both amongst Hindus and Mussalmans, and I have found that Mussalman parents and guardians are quite as anxious as Hindus to effect some settlement which would inure for the benefit of the unborn children of the beneficiaries, not that it would mean a deviation from the Mussalman law as understood, for a Muhammadan holder of property may, by *Hiba*, give away his property. Nor would it entail any deviation from the power of testamentary disposition that Muhammadans enjoy. But I see in the opinions that have been placed before us that there is a considerable divergence of opinion amongst Muhammadans in accepting the proposal of my friend, the Hon'ble Mr. Setalvad. I agree with him that it would be expedient for the present to leave the Mussalman community alone, and leave them at liberty, at some future time, to come forward and adopt the principle of this legislation if they should be so advised.

"With these few observations, I have much pleasure in supporting the motion of my friend."

The Hon'ble Rao Bahadur B. N. Sarma:—"Your Excellency, the Bill is now proposed to be confined to Hindus. Madras Act I of 1914 covers substantially the same ground as that proposed to be covered by the present Bill. The reason why I rise now to make a few observations is, that no provision is sought to be made under this Bill for retrospective effect being given to dispositions made prior to the passing of this measure, where the dispositions come into effect after the date on which the proposed Bill may become law. In Madras, the question was considered and provision was made by section 2, clause 2, of Act I of 1914, on the footing that the Hindu law always recognised the validity of dispositions in favour of unborn persons. Provision had to be made for cases where the Courts have held the contrary view, and estates and property passed from one hand to another, on the footing of such decisions. The Madras legislature recognised the justice of the validity of dispositions made prior to the passing of that Act, if those dispositions should come into operation after the passing of the Act. For example, if a testator executed a will before the date fixed, say—1914, here it may be 1916—and possibly later before the date of the coming into force of this Act, and the disposition in favour of an unborn person should come into effect after the passing of the Act, that disposition would still be valid, notwithstanding the execution of the will and the death of the testator prior to the date of the passing of the Act. But clause 3 of this Bill provides that the disposition should be valid only from and after the date when this Act

THE HINDU AND MUSSALMAN DISPOSITION OF PROPERTY BILL.

[5TH SEPTEMBER, 1916.] [*Mr. B. N. Sarma* ; *Sir Manindra Chandra Nandi* ; *Rai Sita Nath Ray Bahadur.*]

comes into force. There have been cases decided in Madras in the past on the strength of this retrospective provision in the Madras Act, and dispositions which were made have, by the passing of that Act, been held to be valid, notwithstanding the fact that those dispositions were made prior to the passing of the Act. I hope, therefore, that the Select Committee will not consider it a contravention of the principles of this Bill to make a similar provision, at any rate in the case of Madras, if they are not able to see eye to eye with the Madras legislature in this respect. The Madras Government have suggested to the Government of India in their last despatch that this point should be borne in mind, and that the feeling of Madras is that the Bill should be given retrospective effect by including a provision similar to section 2 (2) of Madras Act I of 1914. I hope, therefore, My Lord, that the Select Committee will take into consideration this expression of opinion from Madras, and exclude Madras from the purview of the Bill, or, if Madras should be included in this Bill, provision should be made as regards Madras in the case of wills and gifts made prior to the passing of this Act."

The Hon'ble Maharaja Sir Manindra Chandra Nandi of Kasimbazar :—" My Lord, as the representative of the Bengal landholders and the spokesman of the orthodox community of my province, I have great pleasure in according my whole-hearted support to the principle underlying the Hon'ble Mr. Setalvad's Bill. There can be no doubt that the absence of such a provision in the Hindu Law of succession has been very often attended with great difficulty and inconvenience, and the removal of the existing restriction will be hailed as a great relief by the bulk of the people of the Hindu community.

" With these few words, I beg to support the motion for the reference of my Hon'ble friend's Bill to a Select Committee."

The Hon'ble Rai Sita Nath Ray Bahadur :—" My Lord, as a Member of the Hindu community, governed by the Dayabhaga school of law, I beg to give my whole-hearted support to the Bill.

" Since the decision of their Lordships of the Judicial Committee in the well-known Tagore case, it has always been a great grievance with the Hindu community that they have been debarred, by a wrong interpretation of the law, from making dispositions of their property in favour of unborn persons. I do not like to go into the details of this Bill. The only objection that I have to make, is to clause 6, which, as recommended by the Government of Bengal, should be omitted.

" With these few words, I beg to support the Bill."

The motion was put and agreed to.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 9th September 1916.

Burma.—During the week good rain was general in Lower Burma. In the dry zone the fall was slight and elsewhere moderate. Transplantation of the main rice crop in Lower Burma is approaching completion In Upper Burma agricultural operations for winter rice and miscellaneous crops continue. Reaping of early sesamum is progressing. Standing crops are generally healthy. The price of unhusked rice at Rangoon has risen further to Rs. 125 per hundred baskets and is much above normal. The market for white rice is strong.

Assam.—The weather is seasonable and favourable to standing crops. Moderate to heavy rain has fallen in all districts but more rain is still wanted in Kamrup. Plucking and manufacture of tea, transplantation of winter rice and harvesting of autumn rice and jute are in progress Some damage by insect pests to winter rice is still reported from Sibsagar Prospects of tea, winter rice and cotton are generally fair and of sugarcane good. The price of common rice has risen slightly. Cattle disease is reported from eight districts.

Bengal.—During the week light to moderate rainfall was almost general throughout the Province. The effect of the weather has been favourable to the winter rice crop. Transplantation of winter rice is still going on in places. Weeding is proceeding everywhere. Harvesting and threshing of autumn paddy and cutting, steeping and washing of jute continue but in Eastern Bengal these operations have been nearly finished. Preparation of lands for spring crops has just commenced in one or two districts. In parts of Malda autumn paddy and jute are reported to have been destroyed by excessive floods. Fodder is scarce in parts of Jessore. The average price of common rice is stationary as compared with that of the previous week.

The weekly report on scarcity in Bankura is as follows:—Distress in affected areas is generally unchanged. Prospects of standing crops are good. Harvesting of maize, *til* and paddy crops continues Relief measures are adequate. The condition of people on relief works is generally good. Advances are being made to weavers. Cloths are being distributed to indigent persons. Prices have risen slightly. The price of rice is 8½ seers per rupee. The number of persons on relief works was 11,805 and in receipt of gratuitous relief 20,083, total 31,888. The gradual increase in the number on works is due to the small demand for labour owing to the completion of transplantation. The number of persons relieved on private works was 1,878.

Bihar and Orissa.—Generally light rain fell during the week in all the districts of the Province except Singhbhum. Harvesting of autumn crops continues. Transplantation of paddy is approaching completion. Standing crops are generally doing well except in the flood affected parts of Bihar. Damage by heavy floods is reported from Champaran, Muzaffarpur, Darbhanga and Bhagalpur. The average price of common rice has fallen as compared with that of the preceding week. The supply of fodder and water is generally sufficient. Cattle disease is reported from sixteen districts. The attendance of persons on test works in Manbhum and Singhbhum was 2,958 and 5,828 respectively. Gratuitous relief was given to 2,094 persons in Singhbhum. The condition of standing crops in the Feudatory States of Orissa is good.

United Provinces.—During the week light and scattered showers fell in the Provinces. The decrease in the rain has been very beneficial. Standing crops are generally doing well except where they have been recently damaged by floods. Harvesting of maize, early rice, millets and indigo and preparation of fields for spring crops continue. Transplantation of late rice is approaching completion. Fodder is generally abundant. Floods are subsiding. Cattle disease is decreasing and the condition of agricultural stock is generally good. Prices are almost stationary.

Punjab.—Except for slight showers in places the weather was dry. In parts of the southeast rain is wanted for rice and other crops. Standing crops are in good condition but maize and fodder have been damaged slightly by insects and by excessive rains in a few districts. Reaping of maize and *juar* has commenced in some south eastern and western districts with yield normal. Sowings of *toria* and gram and ploughing for other spring crops are in progress and are normal Cattle are in good condition and fodder and water for drinking and irrigation purposes are sufficient. Prices are generally stationary and in the case of wheat range between normal and warning rates and in other cases between normal and scarcity rates. Price of wheat :—Lahore and Lyallpur 10 and Ambala, Ferozepore and Rawalpindi 10½ seers per rupee.

North-West Frontier Province.—Rain fell in the Mardan and Swabi tahsils of the Peshawar district and in the Marwat tahsil of the Bannu district. The condition of standing crops both on irrigated and unirrigated areas is average. Sowing of autumn crops is in progress in Dera Ismail Khan. Cotton and chillies are being picked in some places in the Peshawar district with outturn average. Spring oilseeds are being sown in some places in Peshawar. The condition of cattle is good. Fodder and water are sufficient. The Paharpur canal is not running. The public health is generally good. Prices are high. Prices of wheat and gram are rising and of maize and barley are falling in Peshawar.

Jammu.—The rainfall during the week was slight. Prices are fluctuating. Wheat sells from 9 to 12 and maize from 11 to 19 seers per rupee. The condition of standing crops is good. There is no cattle disease. Fodder is sufficient.

Kashmir.—The rainfall during the week was insignificant. Damage to crops is reported in Anantnag. Cattle disease is reported in the Badgam district and Baramulla. Water and fodder are sufficient. Prices are normal.

Rajputana.—The weather is hot and generally clear. The rainfall during the week was 3 inches 17 cents in Tonk and 2 inches in Alwar. Standing crops are thriving. Weeding of autumn crops and preparation of land for spring crops continue. Prospects are good. Agricultural stock is generally in good condition. Water and fodder are ample. Prices show a tendency to fall.

Central India.—The rainfall during the week was general in Gwalior and Malwa, good in the Southern States, partial in Indore, Bhopal and Baghelkhand, *nil* in Bundelkhand and sufficient elsewhere. Autumn crops are being weeded and lands for spring crops are being prepared. Standing crops are in good condition and their probable outturn is good. Agricultural stock is in good condition except where there is cattle disease. The fodder supply is sufficient. Prices are steady.

Central Provinces.—During the week the weather continued to be warm and cloudy. Nimar, Wardha, Nagpur, Chanda and Berar districts received from 1 to 4 inches of rain, while light showers fell in most of the remaining districts More rain is badly needed in Drug and Raipur. Transplantation and weeding are still in progress. Preparation of land for the next spring crops has begun in several districts. Excessive rain has slightly damaged *juar* and cotton in parts of the Vindhyian and Berar districts and in Nagpur. Otherwise the condition of standing crops is generally satisfactory and prospects are favourable. Fodder and water are ample everywhere and cattle are in good condition. There are no marked variations in prices.

Feudatory States :—Five States require more rain. The condition of crops is generally satisfactory.

Bombay.—The rainfall during the week was generally beneficial. A break is needed in Broach, Surat and Poona. Standing crops have been damaged slightly by rats in three talukas of Karachi and one State of Rewa Kantha and by floods in three talukas of Nawabshah and are thriving elsewhere. Sowing of autumn crops and transplantation are nearly over. The fodder supply is sufficient. Agricultural stock is generally sufficient. Cattle are in good condition Drinking and irrigation water is generally adequate. Prices of food grains are generally steady.

The weekly report on scarcity in Kathiawar is as follows :—Distress is decreasing in Gohilwad. The public health is good. There is no wandering or emaciation. Gratuitous relief was given to 160 persons.

Hyderabad.—The rainfall during the week was good in Mahratwara except in two districts, excessive in parts of the Usmanabad district and light to *nil* in Telingana. The highest fall was 5 inches 44 cents in Mominabad. The average fall was 1 inch 63 cents. Autumn and early rice crops are in fair to good condition and are being weeded. They need rain in parts of Telingana. Lands for spring crops are being prepared and sown. Cattle disease prevails in twenty talukas. Prices of grains are high and steady. White *juar* is selling at 13 and coarse rice at 9 seers per rupee in Hyderabad city. The highest price of *juar* in districts is 10 seers per rupee in Karimnagar and the lowest 26 seers per rupee in Mahbubnagar.

Mysore.—The rainfall during the week was good except in the Bangalore and Tumkur districts. Prices of food grains are generally steady. Markets are well supplied. Standing crops are in good condition. Paddy is being harvested. Cattle are healthy in the greater part of the State. Water and fodder are available.

Coorg.—Rainfall 3 inches 73 cents. Transplantation of rice has been completed and picking of cardamom has commenced. Prices of food grains are normal. The public health is fair. Water and fodder for cattle are sufficient.

Madras.—The rainfall during the week was light in Tinnevelly, fair in the Vizagapatam littoral, Sandur, Nellore, Madras, South Arcot, Salem, Coimbatore, Trichinopoly, Madura and Ramnad, very heavy in Cochin, heavy in Banganapalle, Cuddapah, Malabar, South Canara and Travancore and good elsewhere. Standing crops are in fair to good condition except in a small part of one district. Harvesting of paddy, sugarcane and dry crops is proceeding normally with outturn fair to normal generally. Sowings of paddy, sugarcane and dry crops are proceeding normally. The condition of cattle is generally good. The water supply is insufficient in parts of Ganjam, Anantapur, Nellore, South Arcot, Chittoor, North Arcot, Salem, Madura, Ramnad and Tinnevelly and sufficient elsewhere. Pasture is generally sufficient. Fodder is generally available. Prices are steady.

All notifications and other matter intended for publication in those Parts should be addressed to the Publisher at Simla and Calcutta, respectively.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette* and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*.

J. P. HEWETT,
Secretary to the Government of India."

NOTICES.

THE PATENT OFFICE, 1, COUNCIL HOUSE STREET, CALCUTTA.

Public room, open 11 a.m. to 4 p.m.; Saturdays, 11 a.m. to 1 p.m.

1. *All communications* relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) should be addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed.

2. *Directions* for the guidance of inventors and others are given in the Patent Office Handbook (price one rupee) which contains the Indian Patents and Designs Act, 1911, the Indian Patents and Designs Rules, 1912, the Indian Patents and Designs (Temporary Rules) Act, 1915, the Indian Patents and Designs (Temporary) Rules, 1915, together with current regulations and instructions. These should be consulted before an application is made to the Controller.

3. *Advice.* The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs or on their infringement; (2) to make searches in respect of information available in the public room; (3) to recommend any particular agent; or (4) to assist in the disposal of inventions. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom or any of the British possessions. The International Convention for the Protection of Industrial Property does not include India. For information regarding patents in countries other than India applications should be made to the patent offices in the countries concerned.

4. *Fees* are payable in *cash* and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

5. *Trade and property marks and names* are not registered and *medicines* are not patented under the Indian Patents and Designs Act. There is no provision of Law in British India for their registration. All notifications and other matter intended for publication in those Parts should be addressed to the Publisher at Simla and Calcutta, respectively.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette* and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*.

J. P. HEWETT,
Secretary to the Government of India."

NOTICES.

THE PATENT OFFICE, 1, COUNCIL HOUSE STREET, CALCUTTA.

Public room, open 11 a.m. to 4 p.m.; Saturdays, 11 a.m. to 1 p.m.

1. *All communications* relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) should be addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed.

2. *Directions* for the guidance of inventors and others are given in the Patent Office Handbook (price one rupee) which contains the Indian Patents and Designs Act, 1911, the Indian Patents and Designs Rules, 1912, the Indian Patents and Designs (Temporary Rules) Act, 1915, the Indian Patents and Designs (Temporary) Rules, 1915, together with current regulations and instructions. These should be consulted before an application is made to the Controller.

3. *Advice.* The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs or on their infringement; (2) to make searches in respect of information available in the public room; (3) to recommend any particular agent; or (4) to assist in the disposal of inventions. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom

or any of the British possessions. The International Convention for the Protection of Industrial Property does not include India. For information regarding patents in countries other than India applications should be made to the patent offices in the countries concerned.

4. *Fees* are payable in *cash* and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

5. *Trade and property marks and names* are not registered and *medicines* are not patented under the Indian Patents and Designs Act. There is no provision of Law in British India for their registration. Neither does this Act deal with *pictures, photographs, etc.*, for which copyright is obtainable under the Indian Copyright Act, 1914.

6. *Printed Specifications* of applications, which have been accepted, are published within about three weeks after acceptance has been notified in the *Gazette of India*. These specifications can be purchased at the Patent Office at a uniform price of 8 annas per copy; and may be seen free of charge, together with other publications of the Patent Office, at the following places:—

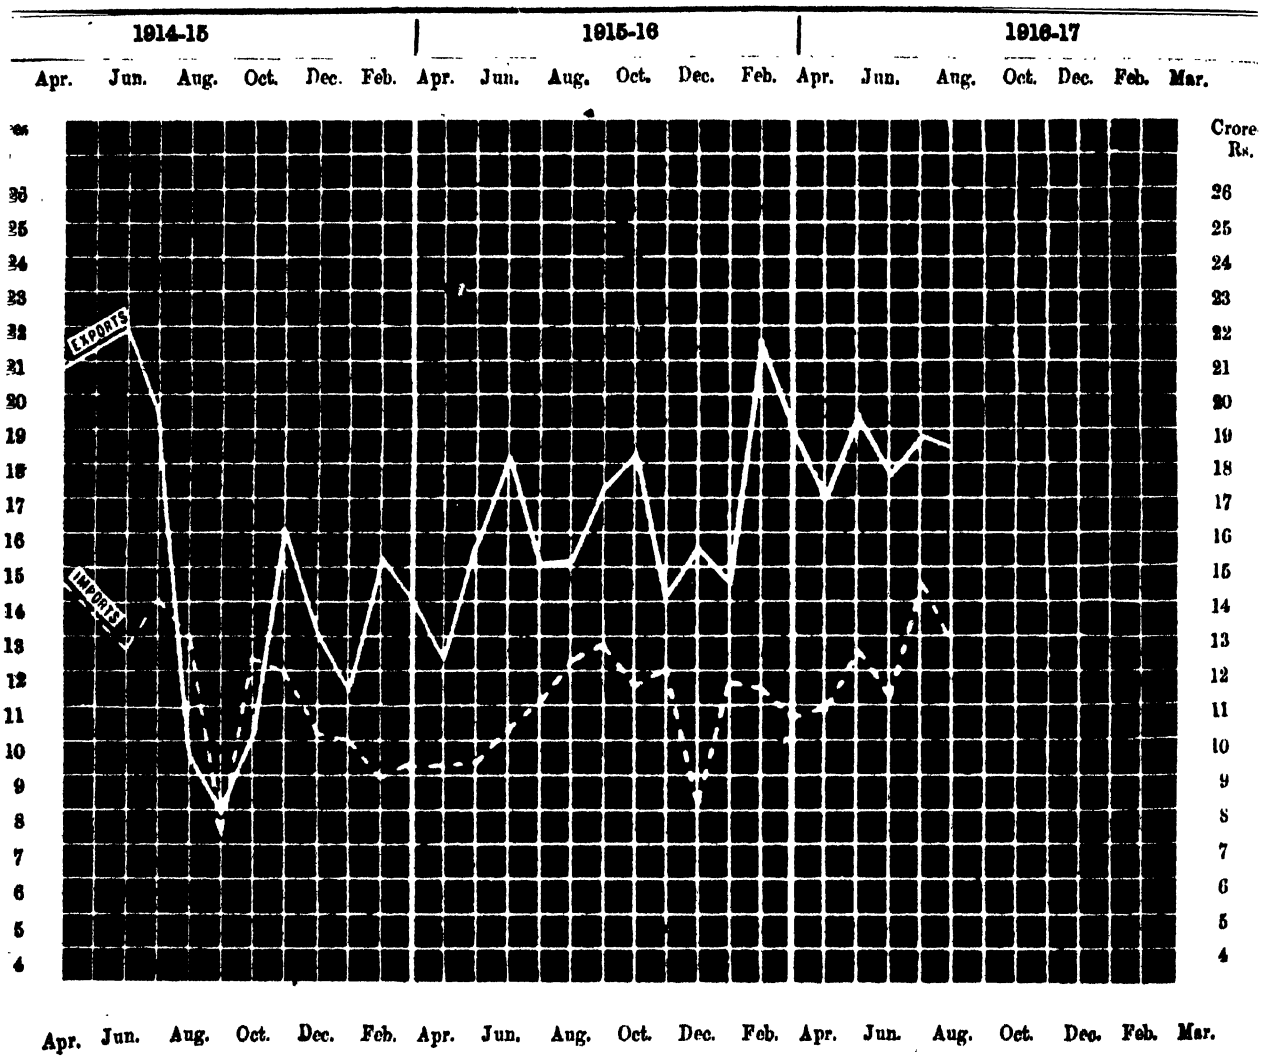
FOREIGN SEA-BORNE TRADE DURING AUGUST, 1916.

FOREIGN COMMERCE.



FOREIGN SEA-BORNE TRADE DURING AUGUST, 1916.

The trade returns of British India for August, 1916, as compared with those of its immediate predecessor, showed decreases in total imports and exports and an increase in re-exports. The total imports of merchandise were valued at nearly ₹13 crores, the exports at nearly ₹18 crores, and the re-exports at ₹72 lakhs. As compared with the preceding month (July, 1916), the imports decreased by 10·5 per cent and the exports by 2·5 per cent, while the re-exports increased by 26 per cent. As compared with August, 1915, the imports showed an increase of 4·5 per cent, the exports of nearly 21 per cent, and the re-exports of 68 per cent.

The chart showing the course of monthly imports and exports, including re-exports, from April, 1914, to August, 1916, is appended below :—

MONTHLY IMPORTS AND EXPORTS FROM APRIL, 1914 TO AUGUST, 1916.

(Private Merchandise only.)

The actual net excess of exports, including re-exports, over imports was ₹4,47 lakhs in July, 1916, and ₹5,68 lakhs in August, 1916. The statement below shows the figures of imports and exports, including re-exports, during July and August of the years 1914, 1915, and 1916, and the actual net excess of exports over imports during the same periods :—

	1914		1915		1916		Actual net excess of exports over imports

COMPARISON WITH THE IMPORTS AND EXPORTS OF THE PRECEDING MONTH (JULY, 1916).†

I.—Imports.

A Decrease in the Imports of Java Sugar and an Increase in the Imports of Liquors.

Imports of Food, drink, and tobacco in August, 1916, decreased by R21 lakhs as compared with the preceding month, mainly due to the decrease in the imports of Java sugar. The imports of sugar, 16 D. S. and above, decreased in August, 1916 to 33,196 tons, valued at R1,10½ lakhs, from 48,218 tons, valued at R1,55 lakhs, in the preceding month (July, 1916). Imports from Java decreased to 31,958 tons from 46,713 tons in July, 1916. In the five months, April to August, 1916, the imports of sugar, 16 D. S. and above, amounted to 133,418 tons, valued at R4,31 lakhs, as against 174,334 tons, valued at R5,39 lakhs, in the corresponding period of the previous year. Imports of liquors increased in August, 1916, to 506,985 gallons, valued at R30 lakhs, from 422,173 gallons, valued at R22 lakhs in the preceding month, mainly due to the increased imports of spirits.

An Increase in the Imports of Raw Materials.

The value of the imports of Raw materials in August, 1916, increased by R21 lakhs. Imports of kerosene oil increased in August, 1916, to 4,378,528 gallons from 2,918,680 gallons in the preceding month, while the imports of

TRADE BY PROVINCES.

The total imports and exports, including re-exports, of private merchandise into and from the several maritime provinces during the month of August, 1916, as compared with those of July, 1916, are stated below :—

	IMPORTS		EXPORTS, INCLUDING RE-EXPORTS	
	July, 1916	August, 1916	July, 1916	August, 1916
	R (lakhs)	R (lakhs)	R (lakhs)	R (lakhs)

Burma	1,16	1,01	1,57	1,71
Total	14,43	12,91	18,90	18,59

Under imports, Madras alone showed an increase of 7 per cent, but Sind showed a decrease of 27per cent, Burma of 13 per cent, Bengal of 4 per cent, and Bombay of 17 per cent. Under exports, Madras showed an increase of 33 per cent, Sind of 29 per cent, Burma of 9 per cent, and Bengal of 18 per cent, while Bombay showed a decrease of 42 per cent. These comparisons are with the preceding month (July, 1916).

TRADE WITH THE ALLIES AND NEUTRAL COUNTRIES.

The total trade with the Allies and the principal neutral countries in the month of August, 1916, as compared with July, 1916, is noted below :—

	Imports			Exports			Total

United States of America	1,10	59	−51	2,40	1,53	−87	3,50	2,12	−1,38

It will be observed that in August, 1916, the total trade with the Allies and the principal neutral countries, except with France, Italy, and Norway, decreased. Imports from the United Kingdom decreased by R92 lakhs, the United States of America by R51 lakhs, Japan and Holland by R6 lakhs, each, and Sweden by R5 lakhs. Imports from France increased by R8 lakhs, Russia by R4 lakhs, and Norway by R3 lakhs. Under exports, the United Kingdom accounted for an increase of R59 lakhs, and Italy and Norway of R3 lakhs, each. The United States of America showed a decrease of R87 lakhs, Russia of R14 lakhs, Japan of R1,11 lakhs, Spain of R12 lakhs, and France of R7 lakhs. There were practically no exports to Belgium and Sweden, and no imports from Belgium. The above comparisons are with the preceding month (July, 1916).

BALANCE OF TRADE.

India's Balance of Trade during the five months ended August, 1916, as compared with the corresponding period of 1915, is shown in the following table. The table takes into account the imports and exports of merchandise and

treasure on private account only as well as the value of wheat exported on Government account:

	April to August, 1915	April to August, 1916
	₹ (lakhs)	₹ (lakhs)

	August(1915) d.	August (1916) d.
Rate of exchange	15·975	16·07(c)

In the five months, April to August, 1916, the excess of exports over imports of private merchandise was ₹29,59 lakhs, as against ₹24,08 lakhs in the corresponding period of 1915, and the net imports of treasure were ₹3,95 lakhs as against ₹5,87 lakhs last year. The net exports (merchandise and treasure) were ₹25,64 lakhs, as against ₹18,21 lakhs in 1915.

The amount of Council bills and Telegraphic Transfers paid in India in the five months ended August, 1916, was ₹8,85 lakhs, of which ₹99 lakhs were paid through the Gold Standard Reserve, ₹3,06½ lakhs through the Paper Currency Reserve, and ₹4,79¾ lakhs through the Treasuries. In the five months ended August, 1915, the amount was ₹4,05⅓ lakhs, paid entirely through the Treasuries. As regards enfaced rupee paper, ₹1⅔ lakhs represented the amount of paper enfaced to London, and about ₹30 lakhs, the amount re-transferred from London in the five months April to August, 1916, while in the corresponding period of 1915 about ₹20½ lakhs represented the amount of paper enfaced to London and ₹96½ lakhs, the amount re-transferred from London.

Movements of Gold and Silver (Private and Government).

In the month of August, 1916, the imports of gold were valued at about ₹63 lakhs and the exports at ₹2,04,000 as against nearly ₹1,70 lakhs and ₹1,14,000, respectively, in July, 1916. Of the imports, gold bullion was valued at ₹50⅔ lakhs, as against ₹1,66 lakhs in the preceding month. Bullion worth nearly ₹1 lakh was imported from the United Kingdom in August, 1916, as against ₹7 lakhs in July, 1916, ₹3⅓ lakhs from Hongkong as against ₹5 lakhs, over ₹27¼ lakhs from the United States of America as against ₹9 lakhs, and ₹19¼ lakhs from China as against ₹25¾ lakhs. There was no import of gold bullion from Natal as against ₹1,19¼ lakhs in July, 1916. Sovereigns and other British gold coin were valued at more than ₹9¾ lakhs, as against ₹3 lakhs in the preceding month. As regards exports, gold bullion worth ₹7,700 and sovereigns worth ₹1,96,500 were exported in the month of report, as against ₹9,000 and ₹1,05,000, respectively, in July, 1916.

Imports of silver were valued at ₹2,73⅓ lakhs, of which ₹2,63½ lakhs were on account of Government, as against ₹1,06 lakhs on private and Government account in July, 1916. Bullion worth ₹1,31⅔ lakhs was imported, as against ₹34⅔ lakhs in the preceding month. Exports of silver were valued at ₹41⅔ lakhs, of which ₹16 lakhs were on account of Government, as against ₹60 lakhs, both on private and Government account, in the preceding month.

* Exclusive of Government transactions (other than wheat in the case of exports).
(a) Includes ₹6,85,65,455, being the value of wheat exported on Government account.
(b) Includes ₹3,13,000, being the value of wheat exported on Government account,

The customs duty figures are an index to the volume of the import trade alone, as under exports jute, rice, and tea only are now subject to duty. In the five months ended August, 1916, the import duties increased to R3,96½ lakhs from nearly R2,93½ lakhs in the five months ended August 1915, and the export duty on rice rose to over R32 lakhs from about R30 lakhs. The new export duty levied on raw jute amounted to R10,81,000, on jute manufactures to R14,16,000 and on tea to R13,25,000 in the five months, April to August, 1916. The total customs revenue, excluding salt but including excise duty on cotton goods and land customs, amounted to R4,89½ lakhs in the five months ended August, 1916, as against R3,42½ lakhs in the corresponding period of last year.

* The Indian Tariff (Amendment) Act, IV of 1916, came into force with effect from 1st March, 1916.

(a) Included with "other articles".

(b) The details are less by R45,000 than the total on account of the inclusion of figures of "silver manufactures" with "other articles" in August 1915 and 1913.

Shipping.

The following table shows the number and tonnage of vessels, which entered and cleared with cargoes at ports in British India during August 1916, as compared with July 1916, August 1915, August 1914, and August 1913 :—

August, 1913 (pre-war month)	245	676,145	103	9,168	348	685,313

In the month of August 1916, there were 212 arrivals * and 348 sailings † with cargoes in and from India. As regards tonnage, if a comparison be made with August 1913, the corresponding pre-war month, it will be seen that there is a decrease in the tonnage of vessels cleared with cargoes of 175,139 tons or 26 per cent. The clearances from Bengal in August 1916 showed a decrease of 9 per cent as compared with August 1913, Bombay of 18 per cent, Sind of 54 per cent, Madras of 27 per cent, and Burma of 28 per cent. The decrease in the entries (with cargoes) amounted to 182,168 tons or 35 per cent.

The shipping clearances with cargoes in foreign trade from the ports of British India in the five months, April to August 1916, as compared with the corresponding period of 1913, *i.e.*, before the war broke out, show the present position of the freight market as follows :—

	Tonnage clearances in the five months, April to August.	
	1913 Peace conditions.	1916 War conditions.
British ships (including British Indian)	2,793,328	2,021,728
Foreign ships	717,857	402,860
Total	3,511,185	2,424,588

Under war conditions, the total tonnage clearances have declined 31 per cent. Under peace conditions, the British including British Indian tonnage was 80 per cent and foreign tonnage 20 per cent of the total, while under war conditions, the British including British Indian tonnage is 83 per cent and foreign tonnage 17 per cent.

Railway Statistics.

Railway statistics, like the import and export statistics above, are a valuable indication of the general movement of trade throughout the country, and show that the earnings from 1st April to 2nd September 1916 were ₹28,61 lakhs as against ₹ 25,84 lakhs in the corresponding period of 1915 or an increase of ₹2,77 lakhs.

* The details were as follows :—Bengal 26, Bombay 42, Sind 15, Madras 110, and Burma 19.
† The details were as follows :—Bengal 54, Bombay 41, Sind 34, Madras 185, and Burma 34.

IMPORTS INTO CHIEF PORTS DURING JULY 1916

RETURN SHOWING the QUANTITIES of the PRINCIPAL STAPLES of AGRICULTURAL PRODUCE IMPORTED into CALCUTTA, BOMBAY, KARACHI and MADRAS PORTS by RAIL, RIVER and SEA during JULY 1916

DEPARTMENT OF STATISTICS, INDIA

G. FINDLAY SHIRRAS,
Director of Statistics

Published by order of the Governor-General in Council

DEPARTMENT OF STATISTICS, INDIA.

TRADE FLUCTUATIONS IN SELECTED ARTICLES IN JULY 1916.

The object of the tables below is to show the quantities of the principal staples of agricultural produce imported from the various provinces, etc., and from foreign countries into the ports of Calcutta, Bombay, Karachi, and the Madras ports during the month of July 1916, and for the four months April to July 1916, as compared with the corresponding periods of 1915. The statistics include foreign sea-borne and coasting trade as well as inland (rail and river-borne) trade. They have been furnished by Collectors of Customs, Steamer Companies, Railway Audit Officers, the Commissioners for the Port of Calcutta, etc.

TRADE FLUCTUATIONS IN JULY 1915 AND 1916.

It will be seen from Table I, that the imports by rail, river and sea in July 1916, as against the corresponding month of 1915 show (in round numbers) an increase of—

243 per cent in linseed.
(49,300 tons as against 14,400 tons last year.)

139 per cent in wheat (excluding wheat flour).
(148,200 tons as against 62,000 tons last year.)

75 per cent in rape and mustard seed.
(16,200 tons as against 9,200 tons last year.)

6 per cent in tea.
(23,929,600 lbs. as against 22,530,300 lbs. last year.)

The imports of rice (including paddy) by rail, river and sea into ports show a fall of 58 per cent (51,200 tons as against 122,200 tons last year) due mainly to smaller exports from Burma and Madras. The decrease of 51 per cent. (139,700 bales as against 285,600 bales last year) in the imports of Jute into Calcutta is accounted for by smaller exports mainly from Bengal.

It will be seen from Table IV (wheat, excluding wheat flour) that the principal sources of the imports in July 1915 were the Punjab, the United Provinces, and Sind and British Baluchistan. During the corresponding month of 1916, the Punjab sent by far the largest quantity, namely, 76 per cent of the total. Table XI shows the *exports* out of India of wheat (including wheat flour) month by month during the last five years.

NOTE.—400 lbs. are equivalent to 1 bale of cotton or jute
82⅔ lbs. are equivalent to 1 maund
1 maund of paddy is taken as equivalent to 25 seers of rice

TRADE FLUCTUATIONS IN FOUR MONTHS ENDING JULY 1915 AND 1916.

The four months' figures in table I show (in round numbers) a decrease of—

61 per cent in jute.
(700 bales as against 1,821,200 bales last year.)

51 per cent in wheat (excluding wheat flour).
(372,900 tons as against 764,600 tons last year.)

42 per cent in rice (including paddy).
(353,900 tons as against 608,100 tons last year.)

30 per cent in raw cotton.
(940,100 bales as against 1,353,400 bales last year.)

11 per cent in tea.
(52,571,400 lbs. as against 59,070,800 lbs. last year.)

6 per cent in gram and pulse.
(153,500 tons as against 163,000 tons last year.)

Imports of linseed by rail, river and sea into ports show an increase of 60 per cent (181,000 tons as against 113,000 tons last year) mainly on account of larger exports from the United Provinces, Bihar and Orissa and the Central Provinces and Berar. The increase of 28 per cent (80,300 tons as against 62,700 tons last year) in rape and mustard seed is accounted for by larger exports from up country into the ports mainly from the United Provinces.

TRADE FLUCTUATIONS IN JULY 1916 AS COMPARED WITH THE PREVIOUS MONTH.

As compared with June 1916, the imports in July 1916 into the ports referred to above show (in round numbers) an increase of—

95 per cent in linseed.
(49,300 tons as against 25,300 tons previous month.)

81 per cent in rape and mustard seed.
(16,200 tons as against 8,900 tons previous month.)

78 per cent in jute.
(139,700 bales as against 78,400 bales previous month.)

75 per cent in wheat (excluding wheat flour).
(148,200 tons as against 84,800 tons previous month.)

47 per cent in tea.
(23,929,600 lbs. as against 16,276,800 lbs. previous month.)

20 per cent in gram and pulse.
(33,500 tons as against 27,900 tons previous month.)

and a decrease of

41 per cent in raw cotton.
(118,100 bales as against 200,600 bales previous month.)

33 per cent in rice (including paddy).
(51,200 tons as against 76,400 tons previous month.)

The Statistics for July 1915 and 1916, as also for the four months ending July 1915 and 1916, together with those for June and July 1916 are summarised below :—

NOTE.—400 lbs. are equivalent to 1 bale of jute.

By "Calcutta" is meant the town of Calcutta with Howrah and the Kidderpore Docks. The imports exclude, therefore, imports into those jute mills which are outside this area. Such mills form the large majority of the total mills manufacturing jute.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Simla, the 22nd September, 1916.

No. 47.—The following Statutes are published for general information :—

1. MARRIAGE OF BRITISH SUBJECTS (FACILITIES) AMENDMENT ACT, 1916.

[6 & 7 GEO. 5, CH. 21.]

CHAPTER 21.

AN ACT TO AMEND THE MARRIAGE OF BRITISH SUBJECTS (FACILITIES) ACT, 1915.

[19th July 1916.]

BE it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present

Parliament assembled, and by the authority of the same, as follows :—

Amendment of 5 & 6 Geo. 5, c. 40, s. 1.

1. If His Majesty is satisfied that, for the purposes of a marriage to be solemnized or contracted in any part of His Dominions outside the United Kingdom between a British subject resident in that part and a British subject resident in England, Scotland, or Ireland, no notice of the marriage is, under the law in force in that part of His Dominions, required on the part of the person resident in England, Scotland, or Ireland, His Majesty may by Order in Council declare that section one of the Marriage of British Subjects (Facilities) Act, 1915, shall apply to that part of His Dominions, notwithstanding that the law in force in that part does not make provision for the recognition of certificates for marriage issued in England, Scotland, and Ireland, and of certificates of proclamation of banns issued in Scotland, as sufficient notice in respect of such marriages as aforesaid, provided that the other conditions required by that section are fulfilled.

Short title and citation.

2. This Act may be cited as the Marriage of British Subjects (Facilities) Amendment Act, 1916, and the Marriage of British Subjects (Facilities) Act, 1915, and this Act may be cited together as the Marriage of British Subjects (Facilities) Acts, 1915 and 1916.

2. ARMY (COURTS OF INQUIRY) ACT, 1916.

[6 & 7 GEO. 5, CH. 33.]

CHAPTER 33.

AN ACT TO AMEND SUBSECTION FIVE OF SECTION SEVENTY OF THE ARMY ACT.

[10th August 1916.]

BE it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

Rules of procedure of courts of inquiry.

1. The rules as to the procedure of courts of inquiry under subsection (5) of section seventy of the Army Act may, in cases where the Secretary of State certifies that the evidence of persons who are not subject to military law will be necessary, make provision for compelling such persons to attend as witnesses, to give evidence, and to produce documents before the court, and the rules may for that purpose apply, with the necessary adaptations, section one hundred and twenty-six of the Army Act (which relates to the attendance of witnesses not subject to military law before courts martial) ; and the rules may further, where the Secretary of State certifies that the evidence before the court is likely to affect the character of persons not subject to military law, provide for the inclusion, as members of the court, of one or more persons, nominated by the Secretary of State, who are not officers.

Short title and duration.

2.—(*1*) This Act may be cited as the Army (Courts of Inquiry) Act, 1916.

(*2*) This Act shall continue in force until the termination of the present war and no longer.

A. P. MUDDIMAN,

Secretary to the Government of India.

Simla, the 22nd September, 1916.

No 587-F.-265-12—Mr. R. M. Williamson, Conservator of Forests, 3rd grade, *provisional substantive*, is appointed to officiate as Conservator, 2nd grade, with effect from the 1st August 1916, until further orders.

R. A. MANT,

Secretary to the Government of India.

DEPARTMENT OF COMMERCE AND INDUSTRY.

NOTIFICATIONS.

COMMERCE AND TRADE.

Simla, the 23rd September, 1916.

No. 8891-W.-II.—In exercise of the powers conferred on him by clause (*b*) of sub-section (1) of section 4 of the Enemy Trading Act, 1916 (X of 1916), the Governor General in Council is pleased to order the winding up of the business carried on by Messrs. H. Blasebeck and Company, a hostile firm within the meaning of the said Act; and in pursuance of Rule 4 of the Enemy Trading (Winding up) Order, 1916, he is also pleased to direct that all proceedings connected with the winding up of the said business be transferred to the Government of Bombay.

No. 8892-W.-II.—In exercise of the powers conferred by section 5 of the Enemy Trading Act, 1916 (X of 1916), the Governor General in Council is pleased to direct that the following amendments shall be made in Rule 4 of the Enemy Trading (Winding up) Order, 1916, published with this Department's Notification (Commerce and Trade) No. 6200-W.-II, dated the 22nd July 1916, namely:—

> Between the words "all" and "proceedings" shall be inserted the words 'or any part of the'; and after the words 'such proceedings' the words 'or any part thereof'.

No. 8894-W.-II.—In pursuance of rule 4 of the Enemy Trading (Winding up) Order, 1916, and in modification of Notification No. 6806-W.-II, dated the 5th August 1916, in this Department the Governor General in Council is pleased to direct that so far as the following firms, namely,

Messrs. Orenstein and Arthur Koppel,
Messrs. Alois Schweiger and Company, Limited,
Messrs R. Ditmar Brunner Brothers, Limited,
Messrs. Schroder Smidt and Company, Limited,

are concerned, such of the proceedings in winding up as relate to business not ordinarily conducted in connection with the offices of these firms in Calcutta, shall be transferred to the Government of Bombay.

No, 8954.—Mr. G. C. Sen, Personal Assistant to the Director General of Commercial Intelligence, is granted privilege leave for seventeen days with effect from the 12th October 1916.

No. 9003-W.-II.—In exercise of the powers conferred by Section 3 of the Import and Export of Goods Ordinance, 1916 (IV of 1916), and in supersession of this Department Notification No. 5558-W.-II, dated the 8th July 1916, as subsequently amended, the Governor General in Council is pleased to prohibit the import and export of all goods, directly or indirectly, from and to China except such goods as are shipped by or consigned to the trading concerns in China named in the Schedule hereto attached.

Provided that nothing in this Notification shall be taken to apply to the British Colony of Hong Kong.

Provided also that nothing in this Notification shall be deemed to authorise the import or export of any article the import or export of which is prohibited by or under any enactment.

A Bill to consolidate the enactments relating to Inland Steam-vessels.

[In the bracketted marginal references, where no Act is mentioned, the reference is to Act VI of 1884.]

WHEREAS it is expedient to consolidate the enactments relating to inland steam-vessels; It is hereby enacted as follows:—

CHAPTER I.

PRELIMINARY.

1. (*1*) This Act may be called the Inland Steam-vessels Act, 191 . [S. 1 (1).]

Short title, extent and commencement.

(*2*) It extends in the first instance to the whole of British India, except the territories administered by the Governor of Fort St. George in Council; [Ss. 1 (3) and 2 (1).]

And it shall come into force on such date as the Governor General in Council, by notification in the Gazette of India may direct.

(*3*) The Governor of Fort St. George in Council may, at any time, by notification in the Fort St. George Gazette, extend this Act or any part thereof to the whole or any part of the territories under his administration; and the Act or part so extended shall come into force in such territories or part thereof on such date as may be specified in this behalf in such notification. [Ss. 1 (3) and 2 (2).]

2. In this Act, unless there is anything repugnant in the subject or context,— [S. 5.]

Definitions.

(*1*) "inland steam-vessel" means a steam-vessel which ordinarily plies on any inland water:

(*2*) "inland water" means any canal, river, lake or other navigable water in British India: [Act III of 1890, s. 1.]

(*3*) "passenger" includes any person carried in a steam-vessel other than the master and crew and the owner, his family and servants:

(*4*) "prescribed" means prescribed by any rule under this Act:

(*5*) "steam-vessel" means every description of vessel propelled wholly or in part by the agency of steam:

(*6*) "survey" means the survey of a steam-vessel under this Act:

(*7*) "surveyor" means a surveyor appointed under this Act: and

(*8*) "voyage" includes the plying of a steam-vessel at or about any place.

CHAPTER II.

SURVEY OF INLAND STEAM-VESSELS.

Inland steam-vessel not to proceed on voyage or to be used for service without certificate of survey.

3. (*1*) An inland steam-vessel shall not proceed on any voyage, or be used for any service, unless she has a certificate of survey in force and applicable to such voyage or service.

(*2*) Nothing in this section shall apply to any steam-vessel proceeding on a voyage during the interval between the time at which her certificate of survey expires and the time at which it is first practicable to have the certificate renewed.

1) and

Appointment of surveyors and places of survey.

4. (*1*) The Local Government may, by notification in the local official Gazette,—

(*a*) declare such places, within the territories under its administration, as it thinks fit, to be places of survey, and

(*b*) appoint so many persons to be surveyors at the said places as it thinks fit, for the purposes of this Act.

(*2*) Every surveyor shall, for the purposes of any survey made by him, be deemed to be a public
1860. servant within the meaning of the Indian Penal Code.

Powers of surveyors.

5. (*1*) For the purposes of a survey the surveyor may at any reasonable time go on board any inland steam-vessel, and may inspect the steam-vessel and every part thereof, including the hull, boilers, engines and other machinery, and all equipments and articles on board:

Provided that he shall not unnecessarily hinder the loading or unloading of the steam-vessel, or unnecessarily detain or delay her from proceeding on any voyage.

(*2*) The owner, master and officers of the steam-vessel shall afford to the surveyor all reasonable facilities for a survey, and all such information respecting the steam-vessel, and her machinery or any part thereof, and all equipments, and articles on board, as he may require for the purposes of a survey.

A.] III of s. 2.]

Fees in respect of surveys.

6. Before a survey is commenced, the owner or master of the steam-vessel to be surveyed shall pay to such officer as the Local Government may, by notification in the local official Gazette, appoint in this behalf—

(*a*) a fee calculated on the tonnage of the steam-vessel according to the rates mentioned in Schedule I, or according to any other prescribed rates; and

(*b*) when the survey is to be made in any place of survey other than Calcutta, Madras, Bombay or Rangoon, such additional fee in respect of the expense (if any) of the journey of the surveyor to the place as the Local Government may by such notification direct.

[S. 9.]

Declaration of surveyor.

7. When the survey of a steam-vessel is completed, if the surveyor making it is satisfied that—

(*a*) the hull, boilers, engines and other machinery of the steam-vessel are sufficient for the voyage or service intended and in good condition, and

(*b*) the equipments of the steam-vessel and the certificates of the master and engineer are such and in such condition as are required by any law for the time being in force and applicable to the steam-vessel,

the surveyor shall forthwith give to the owner or master a declaration in the prescribed form containing the particulars mentioned in clauses (*a*) and (*b*), and the following further particulars, namely:—

(*i*) the time (if less than one year) for which the hull, boilers, engines and other machinery and equipments of the steam-vessel will be sufficient;

(*ii*) the limit (if any) beyond which, as regards the hull, boilers, engines and other machinery or equipments, the steam-vessel is in the surveyor's judgment not fit to ply;

(*iii*) the number of passengers (if any) which the steam-vessel is, in the judgment of the surveyor, fit to carry, specifying, if necessary, the respective numbers to be carried on the deck and in the cabins, and in different parts of the deck and cabins; the number to be subject to such conditions and variations, according to the time of year, the nature of the voyage, the cargo carried or other circumstances, as the case requires; and

(*iv*) any other prescribed particulars.

[S. 10 (1) and (2).]

Sending of declaration by owner or master to Local Government.

8. (*1*) The owner or master of a steam-vessel to whom a declaration is given under section 7 shall, within fourteen days after the date of the receipt thereof, send the declaration to such officer as the Local Government may, by notification in the local official Gazette, appoint in this behalf.

(*2*) If any owner or master fails to send a declaration as required by sub-section (*1*), he shall forfeit a sum not exceeding five rupees for every day during which the sending of the declaration is delayed.

[S. 11 (1) and (2).]

Power for Local Government to grant or authorise the grant of certificates of survey.

9. (*1*) The Local Government shall, if satisfied that all the provisions of this Act have been complied with in respect of a declaration sent under section 8, cause,—

(*a*) a certificate of survey, in duplicate, to be prepared, and

(*b*) notice thereof to be given by post or otherwise to the owner or master of the steam-vessel to which the certificate relates.

(2) On application made by the owner or master to such officer at the place of survey as the Local Government may, by notification in the local official Gazette, appoint in this behalf, and on payment to such officer by the owner or master of the sum (if any) forfeited by him under section 8, sub-section (2), (the actual amount of which within the limit thereby fixed shall be determined by the Local Government), the certificate in duplicate so prepared shall be granted to the owner or master by the Local Government and issued to him through such officer.

(3) A certificate granted under this section shall be in the prescribed form, shall contain a statement to the effect that all the provisions of this Act with respect to the survey of the steam-vessel and the declaration of survey have been complied with, and shall set forth—

(a) the particulars concerning the steam-vessel mentioned in the declaration of survey as required by clauses (i), (ii) and (iii) of section 7, and

(b) any other prescribed particulars.

(4) The Local Government may, by notification in the local official Gazette, delegate to any person all or any of the functions assigned to the Local Government under this section:

Provided that no delegation shall be made under sub-section (2) so as to authorise the grant of a certificate of survey by the surveyor who made the declaration of survey under section 7.

Certificate of survey to be affixed in conspicuous part of steam-vessel.

10. The owner or master of every steam-vessel for which a certificate of survey has been granted, shall forthwith, on the receipt of the certificate, cause one of the duplicates thereof to be affixed, and kept affixed so long as it remains in force and the steam-vessel is in use, on some conspicuous part of the steam-vessel where it may be easily read by all persons on board.

Term of certificates of survey.

11. A certificate of survey shall not be in force—

(a) after the expiration of one year from the date thereof; or

(b) after the expiration of the period (if less than one year) for which the hull, boilers, engines or other machinery, or any of the equipments of the steam-vessel to which the certificate relates have been stated in the certificate to be sufficient; or

(c) after notice has been given by any Local Government, to the owner or master of such steam-vessel that such Local Government has cancelled or suspended it.

Renewal of certificates of survey.

12. After a certificate of survey has ceased to be in force the same shall only be renewed after a fresh survey of the steam-vessel to which the certificate relates has been held in accordance with the provisions of this Chapter, save so far as any relaxation thereof may be prescribed.

Power for Local Government to suspend or cancel certificate of survey.

13. A certificate of survey may be suspended or cancelled by any Local Government if it has reason to believe—

(a) that the declaration by the surveyor of the sufficiency and good condition of the hull, boilers, engines or other machinery or of any of the equipments of the steam-vessel has been fraudulently or erroneously made; or

(b) that the certificate has otherwise been granted upon false or erroneous information; or

(c) that since the making of the declaration, the hull, boilers, engines or other machinery, or any of the equipments of the steam-vessel have sustained any material injury, or have otherwise become insufficient.

Power for Local Government to require delivery of expired or cancelled certificate.

14. The Local Government may require any certificate of survey, which has expired or has been suspended or cancelled, to be delivered up to such officer as the Local Government may, by notification in the local official Gazette, appoint in this behalf.

Report of suspension or cancellation of certain certificates.

15. If the Local Government which suspends or cancels a certificate of survey is not the Local Government which (or whose delegate) granted the certificate, the Local Government suspending or cancelling the certificate shall report the fact of suspension or cancellation, together with the reasons therefor, to the Local Government which (or whose delegate) granted the certificate.

Power for Local Government to direct survey by two surveyors.

16. A survey shall ordinarily be made by one surveyor, but two surveyors may be employed if the Local Government, by order in writing, so directs, either generally in the case of all steam-vessels at any place of survey, or specially in the case of any particular steam-vessel or class of steam-vessels at any such place.

Power for Local Government to order a second survey.

17. (1) If the surveyor making a survey of a steam-vessel refuses to give a declaration under section 7 with regard to the steam-vessel, or gives a declaration with which the owner or master of the steam-vessel is dissatisfied, the Local Government may, on the application of the owner or master, and the payment by him of such fee, not exceeding twice the amount of the fee payable for the previous survey, as the Local Government may require, direct two other surveyors to survey the steam-vessel.

(2) The surveyors so directed shall forthwith survey the steam-vessel, and may, after the survey, either refuse to give a declaration or give such declaration as, under the circumstances, seems to them proper.

(3) Any declaration given, or any refusal to give a declaration under sub-section (2), shall be final.

Division of duties when two surveyors employed.

18. When a survey is made by two surveyors under either section 16 or section 17, each of the surveyors shall perform the prescribed portion of the duties assigned to a surveyor under this Act or the rules made thereunder.

Power for Local Government to make rules as to surveys.

19. (1) The Local Government may, with the previous sanction of the Governor General in Council, make rules to regulate the making of surveys. [Cf. 1915

(2) In particular and without prejudice to the generality of the foregoing power, such rules may prescribe—

(a) the times and places at which, and the manner in which, surveys are to be made;

(b) the duties of the surveyor making a survey, and, where two surveyors are employed, the respective duties of each such surveyor;

(c) the form in which declarations of survey and certificates of survey are to be framed, and the nature of the particulars to be stated therein under sections 7 and 9;

(d) the rates other than those mentioned in Schedule I according to which the fees payable in respect of surveys are to be calculated in the case of all or any of the places of survey within the territories under its administration; and

(e) the cases in, and the extent to, which a survey may be dispensed with before the grant of a new certificate.

CHAPTER III.

MASTERS [INCLUDING SERANGS] AND ENGINEERS [INCLUDING ENGINE-DRIVERS] OF INLAND STEAM-VESSELS.

Appointment of examiners.

20. The Local Government may appoint examiners for the purpose of examining the qualifications of persons desirous of obtaining certificates (hereinafter called certificates of competency), to the effect that they are competent to act as masters or serangs, or as engineers or engine-drivers, as the case may be, on board inland steam-vessels.

Grant of masters', serangs', engineers' and engine-drivers' certificates of competency.

21. (1) The Local Government or such officer as it may, by notification in the local official Gazette, appoint in this behalf shall grant to every person who is reported by the examiners to possess the prescribed qualifications, a certificate of competency to the effect that he is competent to act as a first-class master, second-class master or serang or as an engineer, first-class engine-driver or second-class engine-driver, as the case may be, on board an inland steam-vessel:

Provided nevertheless that, before granting a certificate of competency under this Act, the authority empowered to grant such certificate may, if it considers the report of the examiners regarding any applicant for such certificate to be defective, or has reason to believe that such report has been unduly made, require a further examination or a re-examination of the applicant.

(2) Every certificate granted under this section shall be in the prescribed form.

Grant of masters', serangs', engineers' and engine-drivers' certificates of service.

22. (1) The Local Government may, in its discretion, grant without examination to any person who has served as a master, or as an engineer, of an inland steam-vessel before the first day of April, 1890, a certificate (hereinafter called a certificate of service) to the effect that he is, by reason of his having so served, competent to act as a first-class master, second-class master or serang, or as an engineer, first-class engine-driver or second-class engine-driver, as the case may be, on board an inland steam-vessel.

(2) A certificate of service so granted shall have the same effect as a certificate of competency granted under this Act after examination.

Certificates to be made in duplicate.

23. Every certificate of competency or service granted under this Act shall be made in duplicate, and one copy shall be delivered to the person entitled to the certificate, and the other shall be kept and recorded in the prescribed manner.

Copy of certificate to be granted in certain cases.

24. Whenever a master or serang, or an engineer or engine-driver, proves, to the satisfaction of the authority which granted his certificate, that he has, without fault on his part, lost or been deprived of it, a copy of the certificate to which, according to the record kept under section 23, he appears to be entitled, shall be granted to him, and shall have the same effect as the original.

Certificates to be held by master and engineer of vessel of eighty or more horse-power.

25. An inland steam-vessel having engines of eighty or more nominal horse-power shall not proceed on any voyage unless she has—

(a) as her master a person possessing a first-class master's certificate granted under this Act or a master's certificate granted under the Indian Merchant Shipping Act, 1859, or granted under, or continued in force by, the Merchant Shipping Act, 1894, and

(b) as her engineer a person possessing an engineer's certificate granted under this Act or the Indian Steam-ships Act, 1884, or granted under, or continued in force by, the Merchant Shipping Act, 1894.

Certificates to be held by master and engineer of vessel of between thirty and eighty horse-power.

26. An inland steam-vessel having engines of thirty or more nominal horse-power, but of less than eighty nominal horse-power, shall not proceed on any voyage unless she has—

(a) as her master a person possessing a second-class master's certificate granted under this Act or any certificate referred to in clause (a) of section 25, and

(b) as her engineer a person possessing a first-class engine-driver's certificate granted under this Act or an engine-driver's certificate granted under the Indian Steam-ships Act, 1884, or any certificate referred to in clause (b) of section 25:

Provided that a steam-vessel shall be deemed to have complied with this section if she has as her master and engineer a person possessing both a certificate referred to in clause (a), and a certificate referred to in clause (b), of this section.

(3).] **27.** An inland steam-vessel having engines of less than thirty nominal horse-power shall not proceed on any voyage unless she has—

Certificates to be held by master and engineer of vessel of less than thirty horse-power.

(*a*) as her master a person possessing a serang's certificate granted under this Act, or any certificate referred to in clause (*a*) of section 26, and

(*b*) as her engineer a person possessing a second-class engine-driver's certificate granted under this Act, or any certificate referred to in clause (*b*) of section 26 :

Provided that a steam-vessel shall be deemed to have complied with this section if she has as her master and engineer a person possessing both a certificate referred to in clause (*a*), and a certificate referred to in clause (*b*), of this section.

(3).] **28.** Notwithstanding anything in this Chapter, the Local Government may, by general or special order, direct that a person possessing—

Power for Local Government to require master or engineer to hold certificate granted under Act in addition to other certificate.

(*a*) a master's certificate granted under the Indian Merchant Shipping Act, 1859, or granted under, or continued in force by, the Merchant Shipping Act, 1894, or

59.
60.

(*b*) an engineer's or engine-driver's certificate granted under the Indian Steam-ships Act, 1884, or an engineer's certificate granted under, or continued in force by, the Merchant Shipping Act, 1894,

1884.
59
60.

shall not act as master or engineer, as the case may be, of an inland steam-vessel unless he also possesses—

(*i*) in case (*a*), such a master's or serang's certificate granted under this Act as qualifies him under this Chapter to act as master of the steam-vessel, or

(*ii*) in case (*b*), such an engineer's or engine-driver's certificate granted under this Act as qualifies him under this Chapter to act as engineer of the steam-vessel :

Provided that, for the purposes of this section, the Local Government may, in its discretion, grant to any person, without examination, a master's or serang's, or an engineer's or engine-driver's certificate of competency under this Act, and such certificate shall have the same effect as a certificate of competency granted under this Act after examination.

(1).] of 2.] **29.** (*1*) The Local Government may, with the previous sanction of the Governor General in Council, make rules to regulate the granting of certificates of competency under this Chapter.

Power for Local Government to make rules as to grant of certificates of competency.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may prescribe—

(*a*) the times and places of holding and the mode of conducting examination of persons desirous of obtaining certificates of competency ;

(*b*) the qualifications to be required of persons desirous of obtaining such certificates ;

(*c*) the examination fees to be paid by such persons ;

(*d*) the forms in which such certificates are to be framed, and the authority by whom, and the manner in which, copies are to be kept and recorded under section 23.

30. The Local Government may also make rules to regulate the granting of certificates of service under section 22, and may by such rules prescribe in particular— [S. 29 (2).]

Power for Local Government to make rules as to grant of certificates of service.

(*a*) the fees to be paid for such certificates, and

(*b*) the forms in which such certificates are to be framed, and the authority by whom, and the manner in which, copies are to be kept and recorded under section 23.

31. Certificates of competency or service granted under this Chapter shall have effect as follows, namely :— [S. 29A.] [Act XV of 1915, s. 5.]

Area in which certificates of competency or service shall have effect.

(*i*) A certificate of competency or service as engineer or engine-driver shall have effect throughout British India.

(*ii*) A certificate of competency or service as master or serang shall have effect throughout the province in which it was granted :

Provided that the authority granting such certificate may, by endorsement thereon, restrict the effect of such certificate to any part of such province :

Provided further that such certificate may be endorsed by the Local Government of any other province, or, with the general or special sanction of the Local Government of such other province, by the authority granting it so as to have effect in such other province or any part thereof, and thereupon shall have effect accordingly.

CHAPTER IV.

INVESTIGATIONS INTO CASUALTIES.

32. Whenever— [S. 30.]

Report of casualties to be made to nearest police-station.

(*a*) any inland steam-vessel has been wrecked, abandoned or materially damaged, or

(*b*) by reason of any casualty happening to, or on board of, any inland steam-vessel, loss of life has ensued, or

(*c*) any inland steam-vessel has caused loss or material damage to, any other vessel,

the master of the steam-vessel shall forthwith give notice of the wreck, abandonment, damage, casualty, or loss to the officer in charge of the nearest police-station.

33. (*1*) If a formal investigation into the facts of any case reported under section 32 appears to the Local Government to be expedient, the Local Government may— [Ss. 31 and 32.]

Power for Local Government to appoint Court of Investigation.

(*a*) appoint a special Court and direct the Court to make the investigation at such place as the Local Government may fix in this behalf, or

3. 48.] Carriage of dangerous goods.

50. (*1*) No person shall—

(*a*) take with him on board an inland steam-vessel any dangerous goods without giving notice of their nature to the owner or master of the steam-vessel, or

(*b*) deliver or tender for carriage on such steam-vessel any dangerous goods without giving such notice and without distinctly marking their nature on the outside of the package containing the goods.

(*2*) If the owner or master of an inland steam-vessel suspects, or has reason to believe that any luggage or parcel taken, delivered, or tendered for carriage on the steam-vessel contains dangerous goods, he may—

(*i*) refuse to carry it upon the steam-vessel; or

(*ii*) require it to be opened to ascertain the nature of its contents; or

(*iii*) if it has been received for carriage, stop its transit until he is satisfied as to the nature of its contents.

49.] Power of owner or master of steam-vessel to throw overboard dangerous goods.

51. Where any dangerous goods have been taken or delivered on board any inland steam-vessel in contravention of section 50, the owner or master of the steam-vessel may, if he thinks fit, cause the goods to be thrown overboard, together with any package or receptacle in which they are contained and neither the owner nor the master shall, in respect of his having so caused the goods to be thrown overboard, be subject to any liability, civil or criminal, in any Court.

s. 50, and 50 and 50 B .] Power for Local Government to make rules for protection of inland steam-vessels from accidents.

52. (*1*) The Local Government may make rules for the protection of inland steam-vessels against explosion, fire, collision and other accidents.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may—

(*a*) prescribe the conditions on and subject to which dangerous goods may be carried on board inland steam-vessels;

(*b*) prescribe precautions to be taken to prevent explosions or fires on board inland steam-vessels;

(*c*) prescribe the apparatus which is to be kept on board inland steam-vessels, for the purpose of extinguishing fires;

(*d*) regulate the making of sound signals;

ct VII of 899, s. 4.] (*e*) regulate the carriage and exhibition of lights by inland steam-vessels;

(*f*) regulate the carriage and exhibition of lights by other vessels on specified inland waters on which steam-vessels ply;

(*g*) prescribe the steering rules to be observed;

(*h*) regulate the towing of vessels astern or alongside;

[Act XV of 15, s. 10, w.s. 50 B (b).] (*i*) prescribe the speed at which inland steam-vessels may be navigated in specified areas; and

(*j*) regulate the navigation of inland steam-vessels to prevent danger to other vessels or to the banks, channels, navigation marks or any property moveable or immoveable in or abutting on navigable channels.

(*3*) Any rule made under this section may contain a provision that any person committing a breach of it shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to five hundred rupees, or with both.

[S. 51. Power for Local Government to make rules as to carriage of passengers in inland steam-vessels.

53 (*1*) The Local Government may make rules to regulate the carriage of passengers in inland steam-vessels.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may

(*a*) prescribe the cases in which passengers may be refused admission to, or may be required to leave, inland steam-vessels;

(*b*) provide for the payment of fares, and the exhibition of tickets or receipts (if any) showing the payment of their fares, by passengers in inland steam-vessels; and

(*c*) regulate generally the conduct of passengers in inland steam-vessels.

(*3*) Any rule made under this section may contain a provision that any person committing a breach of it shall be punishable with fine which may extend to twenty rupees.

(*4*) The master or any other officer of an inland steam-vessel, and any person called by him to his assistance, may arrest any person who has committed a breach of any rule made under this section if the name and address of such person are unknown to the master or such other officer.

(*5*) The procedure prescribed by section 59 of the Code of Criminal Procedure, 1898, in the case of arrest by private persons shall apply to every arrest made under this section. V of 189

[S. 51 A. Power for Local Government to make rules for protection of passengers.

54. (*1*) The Local Government may also make rules for the protection of passengers in inland steam-vessels, and may by such rules require—

(*a*) the prices of passenger-tickets to be printed or otherwise denoted on such tickets; and

(*b*) the supply, free of charge, of a sufficient quantity of fresh water for the use of such passengers.

(*2*) Any rule made under this section may contain a provision that any person committing breach of it shall be punishable with fine which may extend to fifty rupees.

CHAPTER VII.

PENALTIES AND LEGAL PROCEEDINGS.

[S. 52.] Penalty for making voyage without certificate of survey.

55. (*1*) If any inland steam-vessel proceeds on a voyage in contravention of section 3, the owner and the master of the steam-vessel shall each be punishable with fine, which may extend to one thousand rupees.

(2) If the master or any other officer on board an inland steam-vessel which proceeds on a voyage in contravention of section 3 is a licensed pilot, he shall be liable to have his license as a pilot, suspended or cancelled, for any period, by the Local Government.

[S. 53.] **56.** If the certificate of survey is not kept affixed in an inland steam-vessel as required by section 10, the owner and the master of the steam-vessel shall each be punishable with fine which may extend to one hundred rupees.

Penalty for neglect to affix certificate of survey in inland steam-vessel

[S. 54.] **57.** If the owner or master of an inland steam-vessel, without reasonable cause, neglects or refuses to deliver up a certificate of survey when required under section 14 so to do, he shall be punishable with fine which may extend to one hundred rupees.

Penalty for neglect or refusal to deliver up certificate of survey.

[54 A.] [Act III of 90, s. 13.] **58.** If an inland steam-vessel has on board or on or in any part thereof a number of passengers which is greater than the number set forth in the certificate of survey as the number of passengers which the vessel or the part thereof is, in the judgment of the surveyor, fit to carry, the owner and the master shall each be punishable with fine which may extend to ten rupees for every passenger over and above that number.

Penalty for carrying excessive number of passengers on board.

[S. 55.] **59.** If any person—

Penalty for serving, or engaging a person to serve, as master or engineer without certificate.

(*a*) proceeds on any voyage in an inland steam-vessel as the master or engineer of such vessel without being at the time entitled to, and possessed of, a master's or serang's, or an engineer's or engine-driver's certificate, as the case may be, as required under this Act, or

(*b*) employs as the master or engineer of an inland steam-vessel any person without ascertaining that he is at the time entitled to, and possessed of, such certificate,

he shall be punishable with fine which may extend to five hundred rupees.

[S. 56.] [t XII of 891, s. 2 and Sche- le II.] **60.** If any master wilfully fails to give notice, as required by section 32, of any wreck, abandonment, damage, casualty, or loss, he shall be punishable with fine which may extend to five hundred rupees, and, in default of payment of such fine, with simple imprisonment for a term which may extend to three months.

Penalty for master failing to give notice of wreck or casualty.

[S. 57.] [: XV of], s. 8.] **61.** If any person, whose certificate is suspended or cancelled under this Act, fails to deliver up the certificate as required by section 46, he shall be punishable with fine, which may extend to five hundred rupees.

Penalty for failing to deliver up suspended or cancelled certificate.

[S. 58.] **62.** If any person, in contravention of section 50, takes with him on board any inland steam-vessel any dangerous goods, or delivers or tenders any such goods for carriage on any inland steam-vessel, he shall be punishable with fine which may extend to two hundred rupees, and the goods shall be forfeited to Government.

Penalty for taking or delivering or tendering for carriage dangerous goods on board inland steam-vessel without notice.

[S. 59.] **63.** If any person employed or engaged in any capacity on board an inland steam-vessel, by wilful breach or by neglect of duty, or by reason of drunkenness—

Penalty for misconduct or neglect endangering inland steam-vessel or life or limb.

(*a*) does any act tending immediately to wreck, destroy or materially damage the vessel, or to endanger the life or limb of any person on board, or belonging to the vessel or

(*b*) refuses or omits to do any lawful act proper and requisite to be done by him for preserving the vessel from immediate wreck, destruction or material damage, or for preserving any such person from immediate danger to life or limb,

he shall be punishable with fine which may extend to one thousand rupees, or with imprisonment for a term which may extend to two years, or with both.

[S. 60.] **64.** Where the owner or master of an inland steam-vessel is convicted of an offence under this Act or any rule made thereunder committed on board, or in relation to, that steam-vessel, and is sentenced to pay a fine, the Magistrate who passes the sentence may direct the amount of the fine to be levied by distress and sale of the steam-vessel and the tackle, apparel and furniture thereof, or so much thereof as is necessary.

Levy of fine by distress of inland steam-vessel.

[S. 61.] **65.** Except in the case of an offence against any rule made under section 53, no Magistrate shall try an offence under this Act, or any rule made thereunder, unless he is a Presidency Magistrate, or a Magistrate whose powers are not less than those of a Magistrate of the first class.

Jurisdiction of Magistrates.

[S. 62.] **66.** If any person commits an offence against this Act or any rule made thereunder, he shall be triable for the offence in any place in which he may be found or which the Local Government, by notification in the local official Gazette, appoints in this behalf, or in any other place in which he might be tried under any other enactment for the time being in force.

Place of trial.

CHAPTER VIII.

1915 ...	XV	The Inland Steam-Vessels (Amendment) Act, 1915.	The whole Act.

STATEMENT OF OBJECTS AND REASONS.

1. This is a pure consolidating Bill. The Inland Steam-Vessels Act, 1884 (VI of 1884), has been amended by no less than seven Acts, and three of these amending Acts have again been amended by other Acts. The object of the present Bill is to collect the provisions relating to inland steam-vessels which are scattered about in several Acts, and to incorporate them in one Act without making any change of substance in the law as it now stands. The result will be that the law will be more easily ascertainable, that one Act will take the place of four on the Statute-book, and that provisions relating to inland steam-vessels now to be found in six other Acts will be omitted therefrom.

2. The fact that the General Clauses Act, 1897 (X of 1897), will apply to the Bill when passed has rendered it unnecessary to retain some provisions of the Act of 1884. The opportunity has been taken to incorporate alterations of a formal character with a view to improve the language, as well as the arrangement of the sections of the existing Act. The repealing and saving clause is placed at the end.

3. The more important of the alterations made are explained in the *Notes on Clauses* and in the appended Table showing the disposal of sections of the Act of 1884 as amended up to date.

The 13th September 1916. G. R. LOWNDES.

Notes on Clauses.

Clause 9 (*2*) recasts section 11 (*1*) of the Act so as to make it clear to whom applications for certificates of survey should be made, and provides that the Local Government is to fix the actual amount of any penalty payable under clause 8 (2) [see s. 10 (*2*) of the Act].

Clause 12 provides for the renewal of certificates of survey. There is no specific provision in Act VI of 1884 for the renewal of such certificates, but such a provision is clearly implied by the provisions of sections 6 (*2*) and 21 (*c*) of the Act.

Clause 13 (*c*).—It is thought that the reference to "injury" to the hull, boilers, engines and equipments of inland steam-vessels in section 15 (*c*) of the Act should, on a proper construction of the section, be taken to mean "material injury." This has accordingly been made clear by inserting the word "material".

Clause 21 Proviso—reproduces section 25, but the reference to the examination report has been expanded so as to cover a defective report. The reference to testimonials and character has been omitted, as they presumably form part of the qualifications with which the examination deals [see clause 29 (*2*) (*b*)].

Clause 42.—In view of the provisions of section 36 (*2*) of the Act [see clause 37 (*3*) of the Bill], it would seem to be intended that the written opinions of assessors should be forwarded by the Court to the Local Government, together with the other proceedings relating to an investigation, and this has been expressly provided for by the clause.

Clause 73.—Doubts have been expressed as to whether the provisions of the Act can legally be applied to vessels propelled by mechanical power (other than steam-vessels) except under a notification issued under section 68-A. It is proposed to make it quite clear that the provisions of the Bill shall apply to such vessels, as well as to steam-vessels, but that the Governor General in Council will, in the case of the former, have the power merely to modify those provisions for the purposes of adaptation.

Clause 74 (*1*) takes the place of the provisions of section 69 regarding " previous publication " [*cf.* s. 23, General Clauses Act, 1897]. The clause does not, however, reproduce the provisions of section 69 (*2*) under which the " previous publication " is to be made in such manner as may be notified by the Governor General in Council. It is considered that this, being a minor matter of procedure, may well be left to the Local Government which would have power under section 23 (*2*) of the General Clauses Act to prescribe the manner in which rules made by itself are to be " previously " published.

Clause 74 (*2*) —It is considered desirable that rules made by the Local Government after previous publication should be published in the local official gazette, and should have the force of law. It has been usual to insert a similar provision in nearly all Acts passed in recent years by the Indian Legislature. Moreover, publication in the local official gazette was required by section 69 (*5*) in the case of all rules before that section was amended by Act XV of 1915.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Report of the Select Committee on the Bill to enable Hindus and Mussalmans to make dispositions of property by transfer *inter vivos* or by will for the benefit of unborn persons was presented to the Indian Legislative Council on the 19th September, 1916:—

WE, the undersigned, Members of the Select Committee to which the Bill to enable Hindus and Mussalmans to make dispositions of property by transfer *inter vivos* or by will for the benefit of unborn persons was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as recast by us annexed thereto.

Paper No. I.—From the Hon'ble Lt.-Col. Sir George Roos-Keppel, K.C.S.I., K.C.I.E., Chief Commissioner, North-West Frontier Province, dated 3rd March 1915; from H. M. Veitch, Esq., Registrar, High Court, Calcutta, dated 14th March 1916; from P. B. Warburton, Esq., Secretary to Chief Commissioner, Coorg, dated 18th March 1916; from W. M. Hailey, Esq., C.S.I., C.I.E., Chief Commissioner, Delhi, dated 30th May 1916, and enclosures.

Paper No. II.—From the Hon'ble Sir Elliot Graham Colvin, K.C.S.I., Chief Commissioner, Ajmer-Merwara, dated 1st June 1916, and enclosures; from the Hon'ble Mr. B. C. Allen, I.C.S., Secretary to Chief Commissioner, Assam, dated 26th June 1916, and enclosures; from the Hon'ble Mr. H. D. Craik, I.C.S., Officiating Revenue Secretary to the Government of the Punjab, dated 28th June 1916, and enclosures; from H. K. Briscoe, Esq., I.C.S., Officiating Secretary to the Government of Bihar and Orissa, dated 28th June 1916, and enclosures; from the Hon'ble Lieutenant-Colonel Sir John Ramsay, K.C.I.E. C.S.I., Agent to the Governor General and Chief Commissioner, Baluchistan, dated 1st July 1916; from L. Robertson, Esq., C.S.I., Secretary to the Government of Bombay, dated 3rd July 1916, and enclosures.

Paper No. III.—From the Hon'ble Mr. C. M. Webb, I.C.S., Secretary to Government of Burma, dated 3rd July 1916, and enclosure; from Major T. H. St. Geo. Tucker, Secretary to Chief Commissioner, Coorg, dated 11th July 1916, and enclosure; from the Hon'ble Mr. J. H. Kerr, C.I.E., I.C.S., Chief Secretary to the Government of Bengal, dated 20th July 1916, and enclosures.

Paper No. IV.—From the Hon'ble Mr. C. S. Findlay, I.C.S., Legal Secretary to Chief Commissioner, Central Provinces, dated 31st July 1916, and enclosures; from the Hon'ble Mr. S. P. O'Donnell, Secretary to Government, United Provinces, dated 11th August 1916, and enclosures.

Paper No. V.—From the Hon'ble Dewan Bahadur P. Rajagopala Achariyar Avargal, C.I.E., Secretary to Government, Madras, dated 5th August 1916, and enclosures.

2. In obedience to the instructions contained in the order of reference, we have so amended the Bill as to confine its operation to Hindus, save that, in the exercise of the discretion vested in us, we have inserted an enabling clause permitting the Governor General in Council to extend its provisions to the Khoja community in the whole or any part of India where he is satisfied that the community in question desires the extension. Having regard to the existence of the Hindu Transfers and Bequest Act, 1914 (Mad. Act I of 1914), we have limited the extent clause of the Bill so as to exclude the Province of Madras from its operation, but we have inserted a power allowing the Governor General in Council to extend the Act to that province should this course at any time be considered necessary or desirable.

3. The most important clause in the Bill was clause 3, and this clause, now clause 2, we have re-cast so as to provide that no disposition of property by a Hindu, whether by a transfer *inter vivos* or by will, shall be invalid by reason only that any person for whose benefit it may have been made was not in existence at the date of such disposition. We consider that the clause as drawn in this form avoids many of the difficulties which would arise if we had retained the positive form in which it appeared in the Bill as referred to us.

4. Clauses 4 and 5 of the Bill, as referred to us, endeavour to combine the provisions of the relevant sections of the Indian Succession Act, 1865, and the Transfer of Property Act, 1882. The language of the two Acts differs in slight respects, and we think it in every way desirable not to attempt to combine their provisions in a composite clause, and we have preferred in section 3 of the Bill, as revised by us, to incorporate the sections of the Acts in question by reference. We are well aware that referential legislation of this kind is open to objection, but, in the circumstances, we feel that the practical advantages of reference to a well-known Code, and the incorporation of all the decisions under these provisions outweigh any such objection. In this connection, we have thought it well to include the provisions of section 20 of the Transfer of Property Act, 1882, as the wording of the Transfer of Property Act, differing in that respect from the Indian Succession Act, does not without this section, make it clear that the property is vested.

5. The only other change of substance is the omission of clause 6 of the Bill as referred to us. A perusal of the opinions recorded on the Bill leads us to the conclusion that there is no clear manifestation of opinion in favour of the retention of the English rule laid down by the

clause in question, and we think, in the absence of any consensus of opinion in favour of the rule, that the clause should be omitted. The remaining alterations are mere alterations of form consequent upon the manner in which the Bill has been re-cast.

6. The Hon'ble Mr. Sarma was good enough to attend the Committee as a witness and we are much indebted to him for his assistance.

7. The publication ordered by the Council has been made as follows :—

BILL No. 1 OF 1916.

A Bill to remove certain existing disabilities in respect of the power of disposition of property by Hindus for the benefit of persons not in existence at the date of such disposition.

WHEREAS it is expedient to remove certain existing disabilities in respect of the power of disposition of property by Hindus for the benefit of persons not in existence at the date of such disposition; It is hereby enacted as follows :—

Short title and extent.

1. (*1*) This Act may be called the Hindu Disposition of Property Act, 1916.

(*2*) It extends, in the first instance, to the whole of British India, except the province of Madras: Provided that the Governor General in Council may, by notification in the Gazette of India, extend this Act to the province of Madras.

Dispositions for the benefit of persons not in existence.

2. Subject to the limitations and provisions specified in this Act, no disposition of property by Hindu, whether by transfer *inter vivos* or by will, shall be invalid by reason only that any person for whose benefit it may have been made was not in existence at the date of such disposition.

Limitations and conditions.

3. The limitations and provisions referred to in section 2 shall be the following, namely :—

(*a*) in respect of dispositions by transfer *inter vivos*, those contained in sections 13, 14 and 20 of the Transfer of Property Act, 1882, and IV of 1

(*b*) in respect of dispositions by will, those contained in sections 100 and 101 of the Indian Succession Act, 1865. X of 18

Failure of prior disposition.

4. Where a disposition of property fails by reason of any of the limitations referred to in section 3, any disposition intended to take effect after or upon failure of such prior disposition also fails.

Application of this Act to the Khoja community.

5. Where the Governor General in Council is of opinion that the Khoja community in British India or any part thereof desire that the provisions of this Act should be extended to such community, he may, by notification in the Gazette of India, declare that the provisions of this Act, with the substitution of the word "Khojas" or "Khoja," as the case may be, for the word "Hindus" or "Hindu" wherever those words occur, shall apply to that community in such area as may be specified in the notification, and this Act shall thereupon have effect accordingly.

Proceedings of the Indian Legislative Council.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

PROCEEDINGS OF THE INDIAN LEGISLATIVE COUNCIL ASSEMBLED UNDER THE PROVISIONS OF THE GOVERNMENT OF INDIA ACT, 1915 (5 & 6 Geo. V, Ch. 61).

The Council met at the Council Chamber at Viceregal Lodge, Simla, on Tuesday, the 19th September, 1916.

PRESENT:

His Excellency BARON CHELMSFORD, P.C., G.M.S.I., G.M.I.E., G.C.M.G., Viceroy and Governor General, *presiding*, and 52 Members, of whom 45 were Additional Members.

OATH OF OFFICE.

The following Additional Members made the prescribed oath or affirmation of allegiance to the Crown:—

The Hon'ble Mr. Dinshaw Edulji Wacha.

,, Raja Sir Muhammad Ali Muhammad Khan, K.C.I.E., Khan Bahadur, of Mahmudabad.

,, Nawab Saiyid Nawab Ali Chaudhuri, Khan Bahadur.

QUESTIONS AND ANSWERS.

The Hon'ble Khan Zulfiqar Ali Khan asked:—

1. "(*a*) Is it a fact that about 98 per cent of the Punjabi soldiers (Sikhs, Hindus and Muhammadans) of the Indian Army have been recruited from amongst Zamindars of the Punjab? **Wider employment of Punjab Zamindars in the public services.**

(*b*) Is it a fact that Punjab Zamindars have rendered valuable and distinguished services during the present war?

(*c*) Do Government propose to take steps to offer wider opportunities of public service to the Zamindar families of the Punjab?"

QUESTIONS AND ANSWERS.

[19TH SEPTEMBER, 1916.] [*Sir Reginald Craddock* ; *Sir Manindra Chandra Nandi* ; *Sir George Barnes.*]

The Hon'ble Sir Reginald Craddock replied :—

"(*a*) The exact proportion of Zamindars or members of agriculturist families serving amongst the Punjabi soldiers of the Indian Army cannot be stated, but it is probably more than 90 per cent.

(*b*) It is a fact that the Punjab Zamindars have rendered most valuable and distinguished service during the present war. Such service has been rendered by the entire Indian Army.

(*c*) So far as the Government of India are aware, no previous representation has been made that the Zamindars or agriculturist families of the Punjab should be given preferential treatment in the matter of admission to the public services. The matter is primarily one for the Punjab Government to deal with, but any proposals which it may wish to put forward in this respect will receive sympathetic consideration by the Government of India."

The Hon'ble Maharaja Sir Manindra Chandra Nandi asked:—

Fishing resources of the Bay of Bengal and the Indian Ocean.

2. "Since the abandonment by the Government of Bengal of the enterprise of the 'Golden Crown,' has any Provincial Administration directly or indirectly encouraged the exploitation of the fishing resources of the Bay of Bengal or the Indian Ocean ? If so, where, when and how ? "

The Hon'ble Sir George Barnes replied :—

"As the Hon'ble Member is aware, the 'Golden Crown' was employed by the Bengal Government from June 1908 to December 1909, with a crew of expert fishermen in trawling operations in the Bay of Bengal, with the object of locating and charting the fishing grounds and of ascertaining what kinds and quantities of fish were obtainable in the Bay. The results of the trawling operations were published by the Bengal Government in 1910, and a collection of papers dealing with the fisheries survey of the Bay was published separately in 1911. In 1914, a Bulletin by the Deputy Director of Fisheries was published by the same Local Government drawing attention to the results of the operations of the 'Golden Crown,' and inviting capitalists to take advantage of the investigations which had been made by Government. This was followed by another Bulletin which was published only last year.

With respect to the operations of the Madras Fisheries Department under Sir Fredrick Nicholson, I would refer the Hon'ble Member to the various Bulletins issued by that Department, which give a full account of the important work that is being done. The work of the Madras Government in connection with the curing and canning of fish on the west coast is well-known."

The Hon'ble Maharaja Sir Manindra Chandra Nandi asked :—

School final examination.

3. "(*a*) Will the Government be pleased to state in what provinces of India the School Final system has so far been introduced ? What is the total number of students who have passed in the School Final in those provinces, year by year, from 1912 up to 1915 ?

(*b*) Has any Indian University any control or supervision of any kind over the School Final system of secondary education ? If so, where and in what way and to what extent is the supervision exercised ?

QUESTIONS AND ANSWERS.

[*Sir Manindra Chandra Nandi*; *Sir C. Sankaran Nair.*] [19TH SEPTEMBER, 1916.]

(*c*) Is it a fact that in some parts of the country there is some fear of the School Final system partially supplanting and effectually interfering with higher University education ?

(*d*) Do the Government propose to place the control of the School Final system with Boards consisting of official and non-official educational experts in provinces where the system obtains at present ? "

The Hon'ble Sir C. Sankaran Nair replied :—

" (*a*) The School Final system has so far been introduced in the Madras and Bombay Presidencies, in the United Provinces, Burma and the Central Provinces. The number of students who have passed in the School Final examination in the provinces which have adopted the system is shown below :—

	1911-12.	1912-13.	1913-14.	1914-15.
*Madras	4,269	4,379	4,860	5,529
Bombay	677	609	759	723
United Provinces	539	608	722	969
Burma	47	94	141	167
Central Provinces	141	362	311	266

(*b*) It is probable that some members of the Boards are also Fellows of the Universities. Apart from these, there are two representatives of the Allahabad University on the United Provinces Board and, according to the latest arrangements, there are four University representatives on the Madras Board. Some of the Universities exact special conditions in the case of pupils who have obtained certificates under the School Final system and seek admission to University courses.

(*c*) Judging from expressions of opinion that have been published in the public press, it appears that some such fear exists in certain quarters.

(*d*) The Government of India have not laid down any general rules with regard to the control of the School Final system, and the arrangements vary in the different provinces. There are Boards consisting of official and non-official educational experts in Madras, the United Provinces and the Central Provinces. Similar Boards have been proposed for Bihar and Orissa and Ajmer-Merwara. "

The Hon'ble Maharaja Sir Manindra Chandra Nandi asked :—

4. " How many Agricultural Colleges are there in India ? Where are they situated, and what has been the total number of students attending them, year by year, from 1910 ? " Agricultural Colleges in India.

*The figures for Madras represent the number of candidates who have received certificates.

QUESTIONS AND ANSWERS.

[19TH SEPTEMBER, 1916.] [*Mr. C. H. A. Hill*; *Sir Manindra Chandra Nandi*; *Sir George Barnes.*]

The Hon'ble Mr. C. H. A. Hill replied :—

"A statement giving the information required is laid on the table.

Besides the Agricultural Research Institute and College at Pusa, there are six Provincial Agricultural Colleges in India at Coimbatore, Poona, Sabour, Cawnpore, Lyallpur and Nagpore. The total number of students attending them, year by year, since 1910 has been as follows :—

College.	NUMBER OF STUDENTS ATTENDING.					
	1909-10.	1910-11.	1911-12.	1912-13	1913-14.	1914-15.
Pusa { Post graduate course ...	4	8	7	10	8	8
Pusa { Short courses	49	59	33	19	7	4
Coimbatore	31	48	50	46	50	74
Poona	110	104	104	110	117	124
Sabour	College not opened.	21	18	20	18	20
Cawnpore	150	142	122	109	44	38
Lyallpur	35	65	49	90	48	75
Nagpore	47	52	58	54	46	52

The Hon'ble Maharaja Sir Manindra Chandra Nandi asked :—

Conversion of the Sara-Siliguri branch of the Eastern Bengal State Railway into a broad gauge line.

5. "(*a*) Has the Railway Board made any definite recommendation regarding the proposal of bringing the Sara-Siliguri branch of the Eastern Bengal State Railway into line with the broad gauge system ?

(*b*) If so, has the Secretary of State assented to the conversion of the Sara-Siliguri into broad gauge ?

(*c*) If the answer to (*b*) is in the affirmative, will Government be pleased to state when the work will be taken in hand and when it will be completed ?"

The Hon'ble Sir George Barnes replied :—

"The answer to the first part of the question is in the affirmative.

As regards the second and third parts of the question, the matter has still to be considered by the Government of India, and all that can be said is that this will be done and their recommendation to the Secretary of State made without delay."

QUESTIONS AND ANSWERS.

[*Sir Manindra Chandra Nandi*; *Sir Reginald Craddock*; *Sir George Barnes*; *Khan Bahadur Mian Muhammad Shafi*; *Rao Bahadur B. N. Sarma.*] [19TH SEPTEMBER, 1916.]

The Hon'ble Maharaja Sir Manindra Chandra Nandi asked :—

6. " Is there in any existing University any Chair for the teaching or any facilities for the study and research of the indigenous system of medicine ? If so, where ? If not, do Government intend to remove this want by the establishment of such Chairs in the Universities of Madras, Bombay and Calcutta ? " **Facilities for the study and research in the indigenous systems of medicine.**

The Hon'ble Sir Reginald Craddock replied :—

"There are no special facilities in any Indian University for the study of, or research in, the indigenous systems of medicine. As the Hon'ble Member is aware, the Government of India are giving their earnest attention to the matter of placing these ancient systems on a scientific basis and increasing their usefulness, but, as at present advised, they cannot see their way to establish Professorial Chairs for this purpose in the Universities of Madras, Bombay or Calcutta"

The Hon'ble Maharaja Sir Manindra Chandra Nandi asked :—

7. " (*a*) Has any proposal for the construction of a Railway line connecting India with Burma been before Government ? If so, has the proposal been abandoned for the present ? **Railway line connecting India with Burma.**

(*b*) If the answers to (*a*) are in the affirmative, will Government be pleased to state the reasons for such abandonment ? "

The Hon'ble Sir George Barnes replied :—

" There have been various proposals for the construction of a Railway line between India and Burma, but the project, like other proposals for constructing new Railways, is in temporary abeyance during the war. The Government, however, fully recognise the importance of the connection, and the project will be among the first to be considered when funds and material are available."

The Hon'ble Khan Bahadur Mian Muhammad Shafi asked :—

8. " Will the Government be pleased to place on the table a comparative statement showing the total value of the import and export trade of the three provinces Bihar and Orissa, Agra and Oudh and the Punjab in the three years 1913-14, 1914-15 and 1915-16 ? " **Import and export trade of Bihar and Orissa, the United Provinces and the Punjab.**

The Hon'ble Sir George Barnes replied :—

" The comparative statement* asked for by the Hon'ble Member has been laid on the table."

The Hon'ble Rao Bahadur B. N. Sarma asked :—

9. "(1). Will Government be pleased to state whether they are contemplating the introduction after the war of any changes— **Changes in the constitution of the Imperial and Provincial Executive and Legislative Councils after the war.**

(*a*) in the strength and composition of the Indian Imperial and Provincial Executive Councils,

*Vide Appendix A. to these Proceedings.

QUESTIONS AND ANSWERS.

[19TH SEPTEMBER, 1916.] [*Rao Bahadur B. N. Sarma; Sir Reginald Craddock; Sir C. Sankaran Nair; Sir William Meyer.*]

(*b*) in the strength, composition and powers of the Imperial and Provincial Legislative Councils ?

(2). Is it a fact that on some previous occasion or occasions changes contemplated with regard to the Imperial and Provincial Legislative Councils were published for general criticism and suggestions before they were finally sent up to, or considered by, the Secretary of State ?

(3). If the answer to part 1 (*a*) or 1 (*b*) is in the affirmative, do Government intend publishing their recommendations before the same are finally sent up to the Secretary of State ?

(4). If the answer to (3) is in the negative, will Government be pleased to give the reasons for their intention not to publish their recommendations ? "

The Hon'ble Sir Reginald Craddock replied :—

" The Government of India are unable at present to make any statement in the matter."

The Hon'ble Rao Bahadur B. N. Sarma asked :—

Changes in District and Local Boards and Municipalities after the war.

10. " (*a*) Will Government be pleased to state whether they are contemplating the introduction after the war of any changes in the strength, composition and powers of District and Local Boards and Presidency and mofussil municipalities ?

(*b*) If so, do Government propose (*i*) to publish their proposals before the same are finally approved, and (*ii*) to consider the desirability of postponing all local self-government legislation till the war is over ? "

The Hon'ble Sir C. Sankaran Nair replied :—

" The Government of India look forward to an extension of local self-government, but have not laid down any definite scheme for introduction after the war."

The Hon'ble Rao Bahadur B. N. Sarma asked :—

11. " Will Government be pleased to state—

(*a*) What rates of interest the cash amounting to £5,793,000 placed at short notice on the 31st March 1916, was earning ?

(*b*) Whether the loans if any which have fallen in since have been renewed, and, if so, at what interest; whether any of the renewals is in favour of the same persons, and, if so, in how many cases ?

(*c*) Whether the bank rates in India for short term loans were much the same or higher than those secured in London ? "

The Hon'ble Sir William Meyer replied :—

" The Hon'ble Member's question apparently relates to the balances of the Gold Standard Reserve in London on the 31st March. We have no definite information as to the actual arrangements made by the Secretary of State on that date, or as to the precise rates of interest payable. We understand, however,

QUESTIONS AND ANSWERS.

[*Sir William Meyer*; *Rao Bahadur B. N. Sarma.*] [19TH SEPTEMBER, 1916.]

from information received not long before that date, that the Gold Standard Reserve balances were almost entirely placed at short notice with the Bank of England and at an adequate rate of interest. In the absence of information as to the exact rates payable on these deposits, Government are not in a position to state whether the rates which would have been paid by Banks in India for short term loans at that time were much the same or higher than those secured in London. I may add that the rates of interest given by Indian Banks at any time vary with the circumstances of individual Banks and the extent of their desire to obtain fresh money on deposit."

The Hon'ble Rao Bahadur B. N. Sarma :—

"May I ask, as a supplementary question, will the Government of India be pleased to obtain the information ?"

The Hon'ble Sir William Meyer replied :—

"I do not see the necessity for constantly telegraphing to the Secretary of State as to the precise rates of interest obtainable at any particular time on deposits made from the Gold Standard Reserve. We get periodical statements of the moneys of the Gold Standard Reserve and the amount of interest accruing from their investment. We regard that as sufficient."

The Hon'ble Rao Bahadur B. N. Sarma asked :—

Gold standard reserve.

12. "Will the Government be pleased to state—

(*a*) Whether the Royal Commission on Indian Finance and Currency recommended that the best rule would be that not less than one-half of the Gold Standard Reserve Fund should be held in actual gold when the total fund exceeds 30 million pounds, and that a minimum amount of 15 millions should be accumulated as rapidly as possible, and if so, whether its recommendations in this connection had been discussed or dissented from prior to the war ?

(*b*) Whether the amount of actual gold held in India on 31st March, 1916, was only £239,000 ?

(*c*) What such amount was at the commencement of the war and on the 1st September, 1916 ?

(*d*) Whether the Secretary of State has intimated to them his views prior to taking action in the investment of the Gold Standard Reserve Fund in England or obtained their previous approval to such action or acted against their wishes.

(*e*) Whether they contemplate taking any steps to keep the actual gold in the Gold Standard Reserve in India, and to secure the retention of the reserve of minimum gold by statutory enactment ?

(*f*) Whether there was any weakness in the exchange in the earlier months of the year owing to there having been no gold in the reserve ?"

The Hon'ble Sir William Meyer replied :—

"(*a*) The answer to the first part of the Question is in the affirmative. With regard to the latter part, it was explained in paragraph 93 of my speech introducing the Financial Statement for 1915-16 that, just before the outbreak of the war, the recommendations of the Royal Commission on Indian Finance

[19TH SEPTEMBER, 1916.] [*Sir William Meyer*; *Rao Bahadur B. N. Sarma*; *Sir C. Sankaran Nair.*]

and Currency were referred for the opinions of Local Governments and representative commercial bodies, but that for obvious reasons the authorities consulted had been informed that an expression of their views might be deferred until the restoration of normal conditions. At the time when the war broke out, therefore, no conclusion had been arrived at in the matter referred to by the Hon'ble Member.

(*b*) The gold holding in the Gold Standard Reserve in India on the 31st March 1916 amounted to £238,734.

(*c*) The gold holding in the Gold Standard Reserve in India on the 1st September 1916 amounted to about £620,000. No gold was held in India on behalf of the Reserve at the time of the outbreak of the war. There was, however, at that time a holding of £4 million (6 crores) in rupees, which shortly after the war broke out was exchanged for £4 million of gold held in the Paper Currency Reserve. This transaction was explained to the public at the time, and was also referred to in paragraph 5 of my speech introducing the Financial Statement for 1915-16. Subsequent transactions in connection with the Gold Standard Reserve, including the taking of temporary loans from that Reserve by Government, were made public, (*i*) in paragraphs 37 and 55 of my speech above referred to, (*ii*) in paragraphs 21 and 106-107 of my speech introducing the Financial Statement for the current year, (*iii*) in a recent Press *Communiqué*, dated the 12th September, 1916.

(*d*) The Hon'ble Member's attention is invited to the papers printed as Appendix V of the Interim Report of the Royal Commission on Indian Finance and Currency. This contains the complete correspondence on the subject of the investment of the Gold Standard Reserve up to the time when the Commission met. The Government of India have since been consulted by the Secretary of State in respect of all important steps taken in regard to the administration of the Gold Standard Reserve.

(*e*) For the reasons explained in my answer to (*a*) above, no decision has been arrived at on the points in question.

(*f*) There has been no weakness in exchange during the current year, and there have been only two periods of depression since the war broke out. The first of these, which was referred to in paragraph 5 of my speech introducing the Financial Statement for 1915-16, commenced on the outbreak of war, and was due to what may be called international panic. The second, which occurred from June to September 1915, was explained in paragraph 102 of my speech introducing the Financial Statement for 1916-17. The remedial measures, which were successfully adopted in both cases, consisted in a prompt setting free of funds in London by means of reverse councils against a corresponding payment to the Government in India."

The Hon'ble Rao Bahadur B. N. Sarma asked :—

Madras Municipal Bill.

13. "(*a*) Has any representation been made to the Government of India on behalf of the Madras Corporation asking that an opportunity may be given to the Corporation of offering its suggestions regarding the Madras City Municipal Bill drafted by the Local Government ?

(*b*) If so, will Government be pleased to give the Corporation the desired opportunity before they give their administrative approval to the Bill prior to its introduction in the local Legislative Council ?"

The Hon'ble Sir C. Sankaran Nair replied :—

"No such representation has yet been made to the Government of India, and it is probable that some little time will elapse before the Bill can be introduced into the Local Council."

QUESTIONS AND ANSWERS.

[19TH SEPTEMBER, 1916.]

[*Mir Asad Ali, Khan Bahadur*; *Sir Reginald Craddock*; *Sir C. Sankaran Nair*; *Rai Bahadur Bishan Dutt Shukul.*]

The Hon'ble Mir Asad Ali, Khan Bahadur, asked :—

14. " Will the Government be pleased to state—

Madras High Court.

(*a*) Whether they have received any proposal for strengthening the Madras High Court by the appointment of either permanent or temporary additional judges ; and

(*b*) If so, whether they propose to publish the correspondence relating to the above subject, before making their final recommendation to the Secretary of State for India ? "

The Hon'ble Sir Reginald Craddock replied :—

" The Government of India have received and are considering proposals for increasing the permanent strength of the Madras High Court. They do not at present propose to publish the correspondence."

The Hon'ble Mir Asad Ali, Khan Bahadur, asked :—

15. " (*a*) Have the Government of India received any suggestion from the Government of Madras that the standard of the local Madrasa-i-Azam should be raised in consequence of the difficulties experienced by Muhammadan pupils, especially those from the mofussil, in gaining admission into Madras colleges for want of room ?

Difficulties experienced by Muhammadan pupils in gaining admission into Madras colleges.

(*b*) If so, do Government propose to raise the Madrasa-i-Azam to a second grade college ? "

The Hon'ble Sir C. Sankaran Nair replied :—

" No such suggestion has been received from the Government of Madras."

The Hon'ble Rai Bahadur Bishan Dutt Shukul asked :—

16. " Will Government be pleased to say-

Establishment of a University at Nagpur.

(*a*) If any definite proposals regarding the establishment of a University at Nagpur have been received from the Local Government ?

(*b*) If so, what action, if any, is proposed to be taken for the early establishment of the same ? "

The Hon'ble Sir C. Sankaran Nair replied :—

" There have been informal discussions between the officers of the Department of Education and those of the local Administration, but no definite proposals have yet been submitted to the Government of India."

The Hon'ble Rai Bahadur Bishan Dutt Shukul asked :—

17. " Have Government received any opinions and proposals relating to the constitution of a Chief Court at Nagpur from the local Administration ? If so, will Government be pleased to lay on the table the whole correspondence on the subject ? "

Constitution of a Chief Court at Nagpur.

The Hon'ble Sir Reginald Craddock replied :—

" The recommendations of the local Administration on this subject have not yet been received."

QUESTIONS AND ANSWERS.

[19TH SEPTEMBER, 1916.] [*Rai Bahadur Bishan Dutt Shukul*; *Sir C. Sankaran Nair*; *Sir Reginald Craddock*; *Dr. Tej Bahadur Sapru*.]

The Hon'ble Rai Bahadur Bishan Dutt Shukul asked :—

Levy of a cess for the development of light local railways and tramways.

18. "Did the Royal Commission on Decentralization in India, in paragraph 765 of their Report, make certain recommendations regarding powers to be conferred on District Boards to levy a special extra cess for the development of light local railways and tramways ? If so, will Government be pleased to state how far those recommendations have been given effect to in the various provinces in India ?"

The Hon'ble Sir C. Sankaran Nair replied :—

"The reply to the first part of the question is in the affirmative. In regard to the latter half of the question, Local Governments and Administrations other than Madras (where the power already exists) were empowered in 1913 to undertake legislation if they so desired, authorising District Boards, subject to conditions similar to those laid down in the Madras Local Boards Act (V of 1884), to levy a special extra land cess not exceeding 3 pies in the rupee on the annual net value of land for the development of light local railways and tramways.

The Punjab Government recently proposed an amendment of the Punjab District Board's Act with the object of conferring such powers on District Boards, but have decided to withdraw the Bill on account of the opposition of the non-official members of the local Legislative Council. No other Local Government has so far undertaken any legislation on the subject."

The Hon'ble Rai Bahadur Bishan Dutt Shukul asked :—

Enlargement of the C.P. Legislative Council.

19. "(*a*) Has the attention of Government been drawn to any memorial recently submitted to the Local Government by the Provincial Association of the Central Provinces and Berar, praying for the enlargement of the local Legislative Council to the maximum number of thirty members prescribed by the Government of India Act, 1915 ?

(*b*) Is it a fact that various important professions and interests are not adequately represented in the Central Provinces Legislative Council owing to the present number of members being limited to twenty-five only ?

(*c*) Do Government propose to take into consideration the question of raising the number of members of the said Council ?"

The Hon'ble Sir Reginald Craddock replied :—

"(*a*) The answer is in the negative.

(*b*) The Government of India are not aware that the facts are as stated by the Hon'ble Member.

(*c*) The Central Provinces Legislative Council has only been in existence for two years, and no question of enlarging it has come under consideration."

The Hon'ble Dr. Tej Bahadur Sapru asked :—

Establishment of an Executive Council in the United Provinces.

20. "(*a*) Will Government be pleased to state whether they have recently recommended to the Secretary of State for India in Council the establishment of an Executive Council in the United Provinces, and whether any reply on the subject has been received ?

QUESTIONS AND ANSWERS.

[*Dr. Tej Bahadur Sapru*; *Sir Reginald Craddock*; *Babu Bhupendra Nath Basu*; *Sir George Barnes.*] [19TH SEPTEMBER, 1916.]

(*b*) Do Government propose to establish an Executive Council in the United Provinces with a Lieutenant-Governor or a Governor as its head ?"

The Hon'ble Sir Reginald Craddock replied :—

"The Government of India have renewed their recommendation to the Secretary of State for the establishment of an Executive Council in the United Provinces. They are not in a position at present to give further information on the subject."

The Hon'ble Dr. Tej Bahadur Sapru asked :—

21. "Will Government be pleased to state if they have under contemplation any scheme of constitutional reforms to be given effect to after the war ? If so, do they intend to invite an expression of public opinion on the scheme before taking any final decision in the matter ?" Scheme of Constitutional Reforms.

The Hon'ble Sir Reginald Craddock replied :—

"The Hon'ble Member is referred to my reply to a similar question by the Hon'ble Rao Bahadur B. N. Sarma to-day."

The Hon'ble Babu Bhupendra Nath Basu asked :—

22. "(*a*) Is it a fact that there has been in India a marked reduction in the consumption of spirits and drugs from April, 1913, to March, 1916 ? If so, will Government be pleased to lay on the table a statement showing such reduction in the various provincial areas ? Reduction in consumption of spirits and drugs.

(*b*) Do the Government of India propose to consider the question of suggesting to Provincial Governments the advisability of reducing the number of shops in which spirits or drugs are sold, with a view to discourage the consumption of intoxicants ?

(*c*) Is it the avowed policy of the Government of India to discourage such consumption ?"

The Hon'ble Sir George Barnes replied :—

(*a*) "Figures for 1915-1916 are not available, as the Excise Administration Reports for that year have not yet been received. I lay on the table, however, a statement* showing the consumption of spirits and drugs in the various provinces during the years 1913-1914 and 1914-1915, from which it will be seen that there was in the latter year a considerable fall in the consumption of spirits.

(*b*) With reference to part (*b*) of the question, I would invite the Hon'ble Member's attention to Volume I of the papers relating to Excise Administration in India, published in the Supplement to the Gazette of India of the 25th July, 1914, which shows that the matter was recently carefully considered both by the Government of India and the Local Governments and Administrations, and that instructions were issued to the latter to keep in view the policy of reducing the number of shops for the sale of liquor and drugs. That they are steadily following this policy will, I think, be clear from the further statement that I place on the table showing the number of shops for the sale of excisable articles in the various provinces during each of the years 1912-1913 to 1914-1915.

(*c*) The answer to part (*c*) of the Hon'ble Member's question is in the affirmative."

QUESTIONS AND ANSWERS.

[19TH SEPTEMBER, 1916.] [*Sir Manindra Chandra Nandi*; *Sir C. Sankaran Nair*; *Mr. C. H. A. Hill*; *Rao Bahadur B. N. Sarma.*]

The Hon'ble Maharaja Sir Manindra Chandra Nandi asked :—

New Universities in India.

23. "Will Government be pleased to state—

(*a*) How many schemes for new Universities in India have been matured, and by what time each of such Universities is likely to be established ?

(*b*) Which of these proposed Universities are to be of the purely federal type, which of them purely residential, and which of them of a mixed type ?"

The Hon'ble Sir C. Sankaran Nair replied :—

"(*a*) Schemes for Universities at Dacca, Patna, Rangoon and Nagpur are in various stages of preparation. It is not possible to say when each of these is likely to be established, but it is proposed to introduce legislation in connection with the Patna scheme at this session.

(*b*) The Patna scheme contemplates a mixed type of University, but the exact type to which the other proposed Universities may conform cannot be definitely stated at present."

The Hon'ble Maharaja Sir Manindra Chandra Nandi asked :—

Cadastral survey.

24. "(*a*) In what parts of India have any operations under the cadastral survey been so far commenced or completed ?

(*b*) Are Government aware of any grievance regarding the operations of the cadastral survey in any part of India, in connection with the relation between the landlord and the tenant and between the zamindar and the State, and also in connection with the expenditure which the survey has involved ?"

The Hon'ble Mr. C. H. A. Hill replied :—

"(*a*) Cadastral survey operations commenced in practically all parts of British India many years ago, and in most Provinces and Administrations have already been completed. The only Provinces in which original operations on a large scale are now in progress are Bengal and Bihar and Orissa. Revision surveys are carried out as occasion requires under the orders of the Local Governments.

(*b*) The answer to the second part of the question is in the negative."

The Hon'ble Rao Bahadur B. N. Sarma asked :—

Discussion in London on the question of Indian emigration.

25. "(*a*) With reference to the statement on the subject made by His Excellency the President in his speech in Council on the 5th instant, will the Government be pleased to state—

(*i*) when approximately the discussion on the question of emigration to the Colonies is expected to take place in London ?

(*ii*) whether India will be represented at such discussion by the Secretary of State, or by any special officer or officers from this country deputed for the purpose, and whether the services of any representative non-official Indian will be utilised ?

(*b*) Is there any intention to consider what the respective relations and the relative positions of India, the Colonies, and the other integral parts of the British Empire should be therein after the war ?

(*c*) If the answer to (*b*) is in the affirmative, do Government propose to consider the desirability of suggesting the postponement of such a discussion on the ground that it is controversial ?"

QUESTIONS AND ANSWERS.

[*Sir George Barnes*; *Rai Sita Nath Ray Bahadur*; *Sir C. Sankaran Nair*; *Babu Bhupendra Nath Basu.*] [19TH SEPTEMBER, 1916.]

The Hon'ble Sir George Barnes replied :—

"The Conference between the India Office and the Colonial Office, to which the Hon'ble Member refers, will, we believe, take place in January next. The India Office will be represented by Lord Islington, the Under Secretary of State, and an officer who will be specially deputed by the Government of India for the purpose from this country. The answer to part (*b*) of the Hon'ble Member's question is in the negative, and part (*c*) consequently does not arise."

The Hon'ble Rai Sita Nath Ray Bahadur asked :—

26. "(*a*). Will Government be pleased to state when the Bill to establish the University of Dacca is likely to be introduced in this Council? **Dacca University Bill.**

(*b*) Has the attention of the Government been drawn to the reply given by the Government of Bengal to a question regarding the Dacca University modified scheme, put at the Dacca session of the Bengal Legislative Council on the 7th August last? If so, will the Government be pleased to state if it is proposed to establish the said University in the modified form as sketched out in the above reply?

(*c*) Is it a fact that the Government of Bengal have refused to open a department to teach Mechanical and Electrical Engineering in the Dacca School of Engineering?

(*d*) If so, do the Government of India propose to consider the question of providing a fully equipped Engineering College under the University of Dacca?"

The Hon'ble Sir C. Sankaran Nair replied :—

"(*a*) and (*b*). The question of legislation for the University at Dacca and the scope of the scheme are at present under consideration.

(*c*) The Government of India have no information on the matter, and hence the portion of the question lettered (*d*) does not arise."

The Hon'ble Babu Bhupendra Nath Basu asked :—

27. "(*a*) Have the Home Government entered into a contract with Messrs. Ralli Brothers for the supply of jute to the Dundee mills for the purposes of the war? **Contract with Messrs. Ralli Bros. for supply of jute to the Dundee mills.**

(*b*) If so, will Government be pleased to state whether, before the contract was entered into,—

(*i*) they were consulted by the Home Government?

(*ii*) any British firm or group of firms had been approached with regard to the contract?

(*c*) Will Government be pleased to make a statement as regards their policy in their dealings between British and non-British firms with respect to Government contracts?"

The Hon'ble Sir George Barnes replied :—

"With the permission of His Excellency the President, I would ask the Hon'ble Sir Francis Stewart also to ask his question, as for the convenience of Council, I would propose to answer both questions together giving the two Hon'ble Members and this Council such information as I can on the subject."

QUESTIONS AND ANSWERS.

[19TH SEPTEMBER, 1916.] [*Sir Francis Stewart*; *Sir George Barnes.*]

The Hon'ble Sir Francis Stewart asked :—

Appointment of Messrs. Ralli Brothers as the sole purchasers and shippers of jute required by Government.

28. "(*a*) Have the Government of India received information of any arrangement made at Home between His Majesty's Government and Messrs. Ralli Brothers whereby the latter will become the sole purchasers and shippers of Government jute requirements for Dundee ?

(*b*) Are Government aware that the report that such an arrangement has been made was received with astonishment and indignation in Calcutta and elsewhere in India ?

(*c*) If the answer to (*a*) is in the affirmative, will Government be pleased to state—

(*i*) The detailed terms of this arrangement, including approximately the quantity of jute involved and the period during which it is proposed that the arrangement should continue ?

(*ii*) If the arrangement was made with the previous knowledge and approval of the Secretary of State for India, and the Government of India ?

(*iii*) If the answer to (*ii*) is in the negative, what steps, if any, the Government of India have taken in the matter, and how it now stands ?

(*d*) Have the Calcutta Baled Jute Shippers Association made any counter proposals ? If so, have the Government of India recommended to His Majesty's Government the adoption of those proposals ?

(*e*) If the answer to (*d*) is in the affirmative, will Government be pleased to state what reply they have received ?"

The Hon'ble Sir George Barnes replied :—

"The arrangement in question has apparently been entered into by the War Office, but whether it is a formal contract or not, I am unable to state. I think I ought to state at the outset that the arrangement was made without the knowledge of the Secretary of State or of the Government of India. As to the nature of the arrangement, I think the best course will be that I should read to you some extracts from telegrams which have been received by His Excellency from the Secretary of State.

'War Office ask me to place following statement of case before you. Rallis undertake to place at disposal of War Office their whole organization and up-country establishments throughout India. Proportion of Ralli's total purchases of jute will be allocated to War Office, and will be collected, sorted and pressed by Rallis. Payment will be made at actual net cost f. o. b. Calcutta, including expenses of labour, transport pressing, after verification of cost by Government auditors. In addition, Rallis will receive flat rate commission for general establishment expenses, calculated on establishment expenses for several years. Except for saving on establishment expenses no provision made for profit or commission. All intermediate profits are excluded and Government charged net cost. Rallis further agree to forego all private dealings in jute for Dundee during currency of agreement. Arrangements do not preclude War Office from buying other dealer's marks either through Rallis or direct, if market conditions warrant it.'

'Arrangement has been made for the duration of the war. It is impossible to state quantities of jute involved, which will vary with War Office requirements and amount purchased from other firms, but it may be mentioned that War Office have been taking approximately one-third of output of Dundee.'

With regard to the latter parts of the Hon'ble Sir Francis Stewart's question, I hope that he will be satisfied if I assure him that the Government

of India are in close communication with the Secretary of State on the subject of the arrangement, and with reference to the counter proposals which have been made by the Calcutta Baled Jute Shippers Association, and if I tell him that the Hon'ble Mr. Low is at present in Calcutta by His Excellency's special leave in order to consult with the various interests concerned.

So far as the Hon'ble Member's questions have not been covered by the foregoing statement, I would add in answer to the Hon'ble Mr. Basu's question (*b*) (*ii*) that the Government of India have no information on the subject, and with regard to his question (*c*) that the Government of India are not prepared to make any general statement of policy at this juncture. In regard to (*b*) of the Hon'ble Sir Francis Stewart's question, the answer is in the affirmative."

THE AMENDING BILL.

The Hon'ble Mr. G. R. Lowndes :—" My Lord, I move for leave to introduce a Bill to amend certain enactments. The Bill is a short and unimportant one, making only certain formal amendments in various Acts, such as have to be introduced from time to time. The larger number of the proposed amendments are concerned with the creation of the Patna High Court under the recent Government of India Act, which necessitates certain amendments in the Criminal Procedure Code and in the Civil Procedure Code. I may add, for the information of members, that if this motion is accepted, it is proposed that this Bill should be passed at the next sitting of this Council. I formally move, my Lord, to introduce the Bill."

The motion was put and agreed to.

The Hon'ble Mr. G. R. Lowndes :—" My Lord, I beg to introduce the Bill, and to move that the Bill, together with the Statement of Objects and Reasons relating thereto, be published in the Gazette of India in English."

The motion was put and agreed to.

THE INLAND STEAM-VESSELS BILL.

The Hon'ble Mr. G. R. Lowndes :—" My Lord, I move for leave to introduce a Bill to consolidate the enactments relating to Inland Steam-vessels. The principal Act, which is Act VI of 1884, has been amended by many Acts—seven, I think, in all, and three of these seven Acts have again been amended by other Acts. It is thought, therefore, that the time has now come to have a Consolidating Act. The present Act is not intended to make any alterations in the law, but merely to consolidate the existing enactments. I may add, for the information of members, that it is not proposed to take this Bill into further consideration in this session, but, if the motion for introduction is agreed to, it will be left over till the Delhi session."

The motion was put and agreed to.

[19TH SEPTEMBER, 1916.] [*Mr. G. R. Lowndes*; *Sir Reginald Craddock*; *Mr. Mahomed Ali Jinnah.*]

The Hon'ble Mr. G. R. Lowndes:—"My Lord, I beg to introduce the Bill, and to move that the Bill, together with the Statement of Objects and Reasons relating thereto, be published in the Gazette of India in English, and in the local official Gazettes, except the Fort St. George Gazette, in English and in such other languages as the Local Governments think fit."

The motion was put and agreed to.

THE INDIAN LUNACY (AMENDMENT) BILL.

The Hon'ble Sir Reginald Craddock:—"My Lord, I beg to move that the Bill to amend the Indian Lunacy Act, 1912, be taken into consideration. On the last occasion when the Bill was before the Council, I explained the reasons for the introduction of the Bill, and as no notice has been received of any amendments since the Bill has been put before the Council, I beg now to move that the Bill be taken into consideration."

The motion was put and agreed to.

The Hon'ble Sir Reginald Craddock:—"My Lord, I beg to move that the Bill to amend the Indian Lunacy Act, 1912, be passed."

The motion was put and agreed to.

THE HINDU AND MUSSALMAN DISPOSITION OF PROPERTY BILL.

The Hon'ble Mr. Mahomed Ali Jinnah:—"My Lord, on behalf of the Hon'ble Mr. Setalvad, I beg to present the Report of the Select Committee on the Bill to enable Hindus and Mussalmans to make dispositions of property by transfer *inter vivos* or by will for the benefit of unborn persons."

The Council adjourned to Wednesday, the 27th September, 1916.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 16th September 1916.

Burma.—During the week good rain was general in Lower Burma, Akyab and Tavoy reporting falls exceeding 10 inches. In the dry zone the fall was moderate and good rain was received elsewhere. Transplantation of winter rice is nearing completion in Lower Burma and in irrigated tracts of Upper Burma. Harvesting of early sesamum has been practically completed. The condition of standing crops is generally satisfactory. Cattle are healthy. The price of unhusked rice at Rangoon has fallen to Rs. 124 per hundred baskets but is still above normal. The market for white rice is steady.

Assam.—The weather is seasonable and favourable to standing crops. Moderate rain has fallen in all districts and facilitated agricultural operations. Harvesting of autumn rice continues with outturn fair. Transplantation of winter rice, cutting and steeping of jute and manufacture of tea are in progress. Some damage by insect pests to winter rice is reported from Sibsagar. Prospects of tea, cotton, winter rice and sugarcane are generally fair. The price of common rice is practically stationary. Cattle disease is reported from nine districts.

Bengal.—The rainfall during the week has been generally moderate throughout the Province except in parts of the Rajshahi division where the fall has been slightly excessive. Transplantation of winter rice is still going on in places and weeding is proceeding briskly. Harvesting of autumn rice has been nearly finished in the eastern and northern districts and is still going on in some places in the western districts. Cutting, steeping and washing of jute are going on briskly throughout the Province. Cattle disease is reported to be prevalent in four districts. Fodder is reported to be scarce in parts of Jessore. The average price of common rice for the Province is almost stationary with a slight tendency to rise as compared with that of the previous week.

The weekly report on famine in Bankura is as follows :—Distress in affected areas continues unchanged. Prospects of standing crops are good. Harvesting of early rice, *til* and maize continues. Relief measures are adequate. The condition of the people on relief works is generally good. Advances are being made to weavers. Cloths are being distributed to indigent persons. Private charitable institutions are giving relief. Prices have fallen slightly. The price of rice is 8¾ seers per rupee. The number of persons on relief works was 16,033 and in receipt of gratuitous relief 20,332, total 36,365. The gradual rise in the number on works is due to the decreasing demand for labour owing to the completion of transplantation operations. The number of persons relieved on private works was 1,836.

Bihar and Orissa.—During the week light to moderate rain was general over the Province. Harvesting of autumn crops continues. Transplantation of paddy has been nearly finished. Standing crops are doing well except in parts of Muzaffarpur, Darbhanga, Monghyr and Bhagalpur where some damage has been done by the recent floods. The average price of common rice has fallen as compared with that of the preceding week. The supply of fodder and water is generally sufficient. Cattle disease is reported from twelve districts. The attendance of persons on test works in Manbhum and Singhbhum was 621 and 7,058, respectively. Gratuitous relief was given to 1,325 persons in Singhbhum. The condition of standing crops in the Feudatory States of Orissa is good.

United Provinces.—Heavy rain fell during the week in the Himalayan, western submontane and the upper Doab districts, while elsewhere the falls were light to moderate. Standing crops have been damaged slightly by heavy rain, high winds and floods in parts of the upper Doab districts but prospects generally remain good. Harvesting of autumn crops and of early rice and ploughing of fields for winter crops are going on. Manufacture of indigo continues and picking of cotton has commenced. Sugarcane is reported to be in good condition. Fodder is ample. Cattle disease is increasing in a few districts but, on the whole, the condition of agricultural stock is good. Prices are practically stationary.

Punjab.—The rainfall was fairly heavy in the southeast and in parts of the submontane districts. Elsewhere it was light. The rain proved beneficial to standing crops and to the ploughings and sowings of spring crops. Standing crops are in good condition but *juar* and maize have been damaged slightly by insects in parts of a few districts. Reaping of *juar*, *bajra* and maize continues in the south eastand in a few western districts. The yield is expected to be normal. Sowings of gram and oilseeds and ploughings for other crops are in progress and are normal. Cattle are in good condition and fodder and water

are sufficient. Prices are steady with a slight tendency to fall. In the case of wheat they range between normal and warning rates and in other cases between normal and scarcity rates. Price of wheat:—Lahore 10 and Ambala, Ferozepore, Lyallpur and Rawalpindi 10½ seers per rupee.

North-West Frontier Province.—During the week rain fell throughout the Province. The weather is moderate at Peshawar and hot and clear in Bannu. The condition of standing crops is average in Peshawar. Spring oilseeds and vegetables are being sown in some places and cotton and chillies picked with outturn average. Harvesting of the cotton crop is in progress in Bannu with outturn average. Sowing of autumn crops is in progress in Dera Ismail Khan. The condition of cattle is good Fodder and water are sufficient. The Paharpur canal is not running. The public health is generally good. Prices are high but stationary.

Jammu.—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 9 to 12 and maize from 11 to 19 seers per rupee. The condition of standing crops is good. There is no cattle disease. Fodder is sufficient.

Kashmir.—The rainfall during the week was good in Muzaffarabad and insignificant elsewhere. The Badgam tehsil has been declared free from cattle disease. Standing crops have been damaged in some places. Water and fodder are sufficient. Prices are normal.

Rajputana.—The weather is seasonable. The rainfall during the week was general except in Tonk. The maximum fall was 5 inches 2 cents in Marwar. The average fall was about 2 inches. Standing crops are flourishing. Weeding of autumn crops and preparation of land for spring crops continue. Prospects are hopeful. Agricultural stock is generally in good condition. Water and fodder are ample. Prices are falling.

Central India.—The rainfall during the week was general in Indore, Bhopal, Malwa and the Southern States, partial in Gwalior, insufficient in Baghelkhand and sufficient elsewhere. Autumn crops are being weeded and harvested. Land for spring crops is being prepared. The condition of standing crops and their probable outturn are fair in Indore and Bhopal and good elsewhere. Agricultural stock is in good condition except where there is cattle disease. The fodder supply is sufficient. Prices are fluctuating slightly in Indore and are steady elsewhere.

Central Provinces.—The weather has been cloudy and warm. Light to moderate rain ranging from 29 cents in Nimar to 4½ inches in Mandla was received all over the Provinces. Weeding and preparation of land for spring crops continues. Excessive rain has stunted the growth of *jwar* and cotton in parts of Berar and Wardha where a prolonged break is needed. Prospects in Chattisgarh have improved but more rain is still needed. Otherwise the condition of standing crops is generally satisfactory. Fodder and water are sufficient. Prices remain fairly steady.

Feudatory States.—Light to moderate rain fell in nine States but more rain is required in three States. Standing crops are in good condition except in Kankar where they have suffered slightly owing to insufficient rainfall.

Bombay.—The rainfall during the week was excessive in parts of Karachi, Hyderabad, Thar and Parkar, Kaira, Surat, the Konkan and the Deccan where a break is needed. Standing crops are thriving except for slight damage by rats in four talukas of Karachi, by insects in two talukas of West Khandesh and by excessive rain in Karachi, Kaira, Sholapur, three talukas of Hyderabad and West Khandesh, six talukas of Thar and Parkar and two talukas of Surat. The fodder supply is adequate. Agricultural stock is generally sufficient. Cattle are in good condition. Drinking water is adequate. Water for irrigation is deficient in parts of Nawabshah, the Panch Mahals and Kaira. Prices of food grains have fallen slightly in Gujarat and are generally steady elsewhere.

The weekly report on scarcity in Kathiawar is as follows:—Distress is very slight in Gohilwad. The public health is good. There is no wandering or emaciation. Gratuitous relief was given to 233 persons.

Hyderabad.—The rainfall during the week was heavy and excessive. The highest fall was 8 inches 58 cents in Tuljapur. The average fall was 3 inches 58 cents. Autumn crops are generally in fair to good condition and are being weeded. The early rice crop is in fair to good condition and needs rain in parts of the Karimnagar district. Lands for spring crops are being prepared and sown. Cattle disease prevails in twenty-three talukas. Variations in prices of food grains are insignificant. Coarse rice is selling at 9 and white *jwar* at 14 seers per rupee in Hyderabad city. The highest price of *jwar* in districts is 10 seers per rupee in Warangal and Karimnagar and the lowest 25 seers per rupee in Bir, Raichur and Mahbubnagar.

Mysore.—The rainfall during the week was good throughout the State. Prices of food grains are steady. Markets are well supplied. Standing crops are in good condition. Paddy and sugarcane are being harvested. Prospects of the season are good. Cattle are healthy in the greater part of the State. Water and fodder are available.

Coorg.—Rainfall 4 inches 73 cents. Agricultural prospects are good. Picking of cardamom continues. Prices of food grains are rising. The public health is fair. Water and fodder for cattle are sufficient.

Madras.—The rainfall during the week was light in Tinnevelly, fair in Madras, very heavy in South Canara, heavy in Godavari, Kurnool, North Arcot, Malabar and Cochin and good elsewhere. Standing crops are in fair to good condition except in a small part of one district Harvesting of paddy, sugarcane and dry crops is proceeding normally with outturn fair to normal generally. Sowings of paddy, sugarcane, and dry crops are proceeding normally. The condition of cattle is generally good. The water supply is insufficient in parts of Ganjam, Anantapur, Nellore, South Arcot, Chittoor, North Arcot, Salem, Madura, Ramnad and Tinnevelly and sufficient elsewhere. Pasture is generally sufficient. Fodder is generally available. Prices are steady.

HOME DEPARTMENT.

JUDICIAL.

Simla, the 18th September, 1916.

RESOLUTION.

The Government of India have had under consideration for some time past the question of the general revision of the Code of Criminal Procedure, 1898 (V of 1898). An Amending Bill was introduced in the Imperial Legislative Council on the 21st March 1914, and was thereafter referred to local Governments and Administrations. Their opinions have been received and partially examined, but further progress with the Bill in the Legislative Council has been suspended until the conclusion of the war. Meanwhile the Governor General in Council has decided to remit the Bill and the various opinions received in connection with it to a small Committee, on which the legal professions will be strongly represented. It is anticipated that the recommendations of a Committee so constituted will command general confidence, and facilitate the discussion of the Bill when it next comes before the Imperial Legislative Council.

The Committee will consist of the following :—

President.—The Hon'ble Mr. G. R. Lowndes, Barrister-at-Law, Legal Member of the Governor General's Executive Council.

Members.—The Hon'ble Mr. Justice Piggott, I.C.S., Judge of the High Court of Judicature at Allahabad.

The Hon'ble Mr. Justice Kumaraswami Sastri, Diwan Bahadur, Additional Judge of the High Court of Judicature at Madras.

The Hon'ble Sir S. P. Sinha, Kt., Barrister-at-Law, Advocate General, Bengal.

The Hon'ble Mr. J. Walker, C.I.E., a Commissioner in the Central Provinces.

Mr. Dawson, a District and Sessions Judge in Bengal, will act as Secretary to the Committee.

The Committee will meet in Simla on or about the 18th September 1916.

ORDER.—Ordered that the resolution be printed in the Supplement to the *Gazette of India* and that a copy be forwarded to the Governments of Madras, Bengal, the United Provinces, and the Hon'ble the Chief Commissioner, Central Provinces ; the Finance and Legislative Departments ; the Hon'ble Mr. G. R. Lowndes, the Hon'ble Mr. Justice Piggott, the Hon'ble Mr. Justice Kumaraswami Sastri, the Hon'ble Sir S. P. Sinha, the Hon'ble Mr. Walker and Mr. V. Dawson.

NOTIFICATION.

No. 11894P.—The 26th September 1916.—In exercise of the powers conferred by section 12, sub-section (1), of the Indian Press Act, 1910 (I of 1910), the Governor in Council declares to be forfeited to His Majesty all copies, wherever found, of a leaflet printed in Bengali entitled "Om Yugantar" and headed "Amader Asha" (Our hope) beginning with the words "*Matri Mandire Maiar Baurabhoyadayni Murtir*, etc.," and ending with the words "*Yudhaya Krita Nischaya*" (Resolve to do battle) and all copies of all other documents containing the matter of the said leaflet, on the ground that the said leaflet contains exhortations to rebel against the British Government and to commit murder and therefore appears to the Governor in Council to contain words which have a tendency to incite to acts of violence and are of the nature described in section 4, sub-section (1), clause (*a*) of the said Act.

NOTICE.

The 18th March 1916.

On and after 8th April and until further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published in Simla. Parts II and III will continue to be published in Calcutta. All notifications and other matter intended for publication in those Parts should be addressed to the Publisher at Simla and Calcutta, respectively.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette* and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*.

J. P. HEWETT,
Secretary to the Government of India."

NOTICES.

THE PATENT OFFICE, 1, COUNCIL HOUSE STREET, CALCUTTA.

Public room, open 11 a.m. to 4 p.m.; Saturdays, 11 a.m. to 1 p.m.

1. *All communications* relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) should be addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed.

2. *Directions* for the guidance of inventors and others are given in the Patent Office Handbook (price one rupee) which contains the Indian Patents and Designs Act, 1911, the Indian Patents and Designs Rules, 1912, the Indian Patents and Designs (Temporary Rules) Act, 1915, the Indian Patents and Designs (Temporary) Rules, 1915, together with current regulations and instructions. These should be consulted before an application is made to the Controller.

3. *Advice.* The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs or on their infringement; (2) to make searches in respect of information available in the public room; (3) to recommend any particular agent; or (4) to assist in the disposal of inventions. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom or any of the British possessions. The International Convention for the Protection of Industrial Property does not include India. For information regarding patents in countries other than India applications should be made to the patent offices in the countries concerned.

4. *Fees* are payable in *cash* and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

5. *Trade and property marks and names* are not registered and *medicines* are not patented under the Indian Patents and Designs Act. There is no provision of Law in British India for their registration. Neither does this Act deal with *pictures, photographs, etc.*, for which copyright is obtainable under the Indian Copyright Act, 1914.

6. *Printed Specifications* of applications, which have been accepted, are published within about three weeks after acceptance has been notified in the *Gazette of India.*

These specifications can be purchased at the Patent Office at a uniform price of 8 annas per copy; and may be seen free of charge, together with other publications of the Patent Office, at the following places:—

Delhi, the 25th September 1916.

No. 6485-C. & I.—In exercise of the powers conferred by Section 37 of the Indian Factories Act, 1911 (XII of 1911), the Chief Commissioner proposes to make the following revised rules for the better control of factories situated in the Delhi Province which are hereby published for general information in accordance with the provisions of Section 39 of that Act.

Notice is hereby given that the said rules will be taken into consideration on or after the 2nd January 1917. Any objections or suggestions which may be received from any person with respect to the said rules before the date aforesaid will receive consideration.

RULES.

SECTION 2—DEFINITIONS.

1. These rules and orders may be cited as the Delhi Factory Rules, 1916.

2. In these rules—

(*a*) Words and expressions which are defined in the Indian Factories Act, 1911, have the same meaning as in the said Act.

(*b*) "The Act" means the said Act.

(*c*) "Inspector" means the Inspector appointed under Section 4, sub-section (1) of the Act.

(*d*) The "Abstract" means the prescribed Abstract of the Act and of these rules to be hereafter to be published.

(*e*) "General Register" is a printed Register in Form C in which certain particulars prescribed by these rules must be entered.

(*f*) A "year" for the purpose of administering Section 3 (*e*) of the Act means twelve calendar months.

(*g*) A "day" means the period of 24 hours from midnight to midnight.

(*h*) A "belt hanger" is a perch or guard fixed near the side and upper edge of a pulley on which the belt can rest when removed from its pulley.

(*i*) "Transmission machinery" includes every shaft, wheel drum or pulley (including any system of fast and loose pulleys) coupling, clutch, strap, band belt-chain rope or other device incidental to the transmission of motion between any prime mover and any machine or appliance or by means of which the machine or appliance receives its motion.

(*j*) "Within reach" means within a distance of 6 feet in any direction from any spot on which any person employed may have to stand or pass at any time either in the course of his work or incidentally thereto.

SECTION 2 (3) AND 3 (2) AND SECTION 37 (1).

REGISTER OF FACTORIES.

3. The Inspector shall keep a Register of factories in *Form A* attached to these rules, and shall furnish a copy thereof to the District Magistrate and to all the *Certifying Surgeons* on

the 1st February of each year. He shall also intimate to the District Magistrate at the time they are made all changes in the register which are made in accordance with the following rule.

Directions for compiling the Register of Factories.

4, (*a*) When the Inspector receives notice under Section 33 of the Act of a factory being occupied, and that the exemptions under Section 3 (1) are not applicable thereto, he shall, if he has not already done so, include such factory in his register.

(*b*) When the Inspector has reason to believe that any premises, situated within the limits of the Delhi Province and not already registered as a factory, ought to be included in the Register, he shall send to the occupier of the premises a notice intimating his intention of placing such premises on his register of factories.

(*c*) Any person served with a notice under clause (*b*) above may, within 15 days of the receipt of such notice forward to the Inspector a statement setting forth his objections to the registration of his premises as a factory. The Inspector shall consider and dispose of such objections, after making such enquiry as he may deem necessary, and shall make up his register of factories accordingly and shall communicate his decision to the person concerned.

(*d*) When any premises cease to be occupied as a factory, the occupier may give notice of the fact to the Inspector who shall, if satisfied that the Act is no longer applicable to such premises, remove them from his register of factories. The Inspector may without such notice of his own motion, at any time remove any factory from his register if satisfied that it is no longer used as such.

(*e*) Seasonal factories shall not be removed from the register if there is probability of their starting work again within a reasonable time. If the occupier at the time of sending in the notice under Section 33 (1) at the commencement of the season forwards a statement objecting to his factory remaining on the register and giving his reasons for its exclusion from the operation of the Act, then the Inspector shall take action as described in Sub-section (*d*) and make up his register accordingly.

(*f*) The registration of a factory in accordance with the above rules shall be *prima facie* evidence of the factory being under the operation of the Act.

SECTIONS 4 (5), 5, AND 37 (2) (*a*).

INSPECTION.

5. The Inspector appointed under Section 4 (1) of the Act shall be primarily responsible for the administration of the Act within the Delhi Province. He shall inspect every factory other than a seasonal factory, within that area at least twice yearly, and every seasonal factory within that area at least once during each season of work. He shall also make such further inspections as may appear to be necessary to him, or to the authority to whom he is subordinate in order that he may satisfy himself that the provisions of the Act and of these rules are duly observed.

SECTION 5 AND SECTION 37 (2) (*b*).

6. (*a*) In addition to and without prejudice to any other powers or duties which the Inspector may exercise under the Act or rules, he shall at each inspection of a factory satisfy himself that the provisions made in the Act and Rules to secure the health and safety of the operatives are observed : that the children employed in the factory have been duly certified and the register of children properly maintained: that the hours of employment of women and children and of persons working in shifts are properly recorded ; that the periodical stoppages of work and the holidays provided by the Act are granted and that the limits of hours of work laid down therein are not exceeded: and that the Abstracts and notices prescribed by Section 36 of the Act are duly affixed and that the registers and muster rolls required by these rules are properly maintained. He shall further enquire into the cause of all accidents which have taken place since the last inspection. Finally he shall note how far the defects pointed out at previous inspections have been removed and how far orders previously issued have been complied with. A note of all defects and illegalities shall then be made and orders explained verbally on the spot where necessary. A list of the defects and illegalities discovered together with orders for their remedy or removal shall be subsequently sent to the occupier or manager in the *Form J. attached* to these Rules and a copy of the said list shall be sent to the District Magistrate concerned.

Proviso. When the inspection is made by the District Magistrate or the Additional Inspector, he shall send a copy of orders and remarks to the Inspector appointed under section 4, Sub-section (1) of the Act.

(*b*) The Inspector shall keep a diary of his inspection notes in *Form G*, in which shall be recorded all orders given to the manager as a result of his inspection.

(*c*) If the Inspector during the course of his duties deems it necessary to take a copy of any register, muster roll or notice kept in accordance with the Act or Rules, he shall be

empowered to remove it from the factory for the purpose of making an attested copy giving a receipt for it, if asked for. He shall return it to the manager by registered post within 5 days or earlier if possible.

(*d*) On receipt of notice under section 34 that a fatal or serious accident has occurred in any registered factory, he shall proceed to make an investigation either in co-operation with any official deputed by the District Magistrate or the police authorities or with both in order to determine, as soon as possible, the cause of and responsibility for the accident, and if it should be found that the death or serious injury resulted from the occupier or manager of the factory having neglected to observe any provision of this Act or rules or order made thereunder, the Inspector if he consider that a prosecution should be instituted under the Act, give the previous sanction in writing, required by section 48 and forward the same to the District Magistrate with a request that a prosecution may be instituted, or if he considers that action is necessary under section 287, Indian Penal Code, record his opinion and send it to the District Magistrate for such action as he may think fit.

At the same time he shall record his opinion whether if in the event of the accused being convicted and fined, any portion of the fine recovered, should be given to the person injured or his defendants by the Court in the manner contemplated by section 545 of the Criminal Procedure Code.

(*e*) In the case of factories situated in places coming under the Municipal Act, 1911, if it appear that there has been a disregard of the provisions under the Municipal Act and rules relating to sanitary arrangements, removal of objectionable rubbish, the cleaning and fencing of water tanks or the like matters, the Inspector shall instead of and without prejudice to any action which he is empowered to take under these rules, draw the attention of the Health officer of the Municipality to the breach of the sanitary regulations in question.

SECTIONS 7 AND 8 AND SECTION 37 (*e*).

Duties of a Certifying Surgeon and of person authorised to exercise his functions.

7. (*a*) The certificate granted under the conditions of Sections 7 and 8 of the Act shall be in the prescribed printed *Form B* attached to these rules. It shall be prepared by filling up and signing the particulars in the foil and the counterfoil after taking the left thumb impression of the person examined. The certificate granted by a person authorised under section 8 shall be stamped 'Provisional' in red ink and in no case shall any fee be charged for examination or certification.

(*b*) The certifying Surgeon or his Deputy appointed under Section 8 shall on receipt of an application of the manager of a factory situated within the local limits for which he is appointed, fix such place and such time as may be mutually convenient for the attendance and personal examination of persons desiring to obtain certificates provided that the children employed solely in the places mentioned in Section 3, sub-section (2) of the Act, need not be certified.

(*c*) The certifying surgeon appointed under Section 7 shall visit every factory situated within the local limits for which he is appointed in which children are known to be employed, at least once every quarter or in the case of seasonal factories at least twice in each season and he shall give notice of his visits to the manager. At such visits in addition to his duties under sub-section (*b*), he shall personally examine every child in possession of a 'provisional' certificate and if satisfied as to its correctness he shall countersign the same and return it to its owner. If he cancels any certificate he shall write "cancelled" upon it and forward it to the Inspector of Factories for information.

(*d*) If in the opinion of the Inspector a child in possession of a 'provisional' certificate is not of the age stated therein or is unfit for employment, he shall draw the attention of the certifying Surgeon to the case and the latter shall arrange for an early examination of the child in question.

(*e*) No 'provisional' certificate shall be valid after the elapse of 6 months from the date of its issue.

(*f*) The certifying surgeon appointed under Section 7, shall annually on the 1st February send to the Inspector of Factories a note of the number of visits made by him or his deputy during the previous year.

SECTION 9 (*a*) AND SECTION 37 (*2*) (*e*).

SANITARY CONDITIONS.

8. (*a*) In every factory all the inside walls of the rooms and all the ceilings or tops of such rooms (whether such walls, ceilings or tops be plastered or not), and all the passages and staircases shall be lime washed at least once in each year, dating from the period when last lime washed. All the beams, rafters, doors, window-frames and other woodwork, with the exception of floors, shall be either lime washed at least once a year dating from the period when last lime washed or shall be painted or varnished once in 5 *years* dating from the period when last painted or varnished and shall be kept in a cleanly state.

(*b*) The above rules with respect to limewashing and painting shall not apply to the following :—

1. Rooms used for the storage of articles only.
2. Walls or tops of rooms which are made of galvanised iron, tiles or glazed bricks, provided they are washed down at least once a year.
3. The rooms in which the manufacturing process is carried on in the following factories :—Sugar factories, Gas works, Forage presses, Chemical works and Cement factories.
4. Engineering workshops or foundries in which 2,000 cubic feet of air space is provided for each person employed.
5. Walls in oil mills below a height of 5 feet from the ground.
6. Any other factory or parts thereof in which limewashing or painting is in the opinion of the Local Government or the Inspector are unnecessary to satisfy the requirements of section 9 (*a*) of the Act as to cleanliness.

SECTION 9 (*a*) AND SECTION 37 (2) (*e*).

9. (*a*) No rubbish, filth or debris shall be allowed to accumulate or to remain on any premises in a factory of such a nature or in such a position that affluvia therefrom can arise within the factory.

(*b*) All drains carrying waste or sullage water shall be constructed in masonry or other impermeable material, and shall be regularly flushed and where possible connected with some recognised drainage line.

(*c*) The compound surrounding every factory shall be maintained in a strictly sanitary and cleanly condition.

(*d*) Proper arrangements shall be made for maintaining in a clear and drained condition the area round the place where water is distributed.

SECTION 9(*b*) AND SECTION 37 (2) (*f*).

THE PREVENTION OF OVERCROWDING.

10. There shall be provided on the average for each person employed in any room of a factory a floor area of at least 36 square feet exclusive of that occupied by machinery and a breathing space of at least 500 cubic feet. For purpose of calculating the breathing space available, no height of above 15 feet from the floor of such room shall be taken into consideration.

SECTION 9(*c*) AND SECTION 37 (2) (*g*).

STANDARD OF VENTILATION.

11. In every room of a factory the ventilating openings provided, including windows which are kept open during working hours, shall be in proportion of 10 square feet for each person employed in such room, and the openings shall be such as to admit of a continued supply of fresh air. Provided that the Inspector, subject to the control of the Local Government may, for reasons to be recorded in writing, relax the condition of this Rule where in his opinion this may be done with due regard to the health of the persons employed in any room. Provided also that, if in any room in any spinning or weaving mill, the following conditions are complied with by the occupier to the satisfaction of the Inspector, then the standard of ventilating openings required shall be reduced to 2 square feet for each person employed in such room :—

(*i*) The means of forced ventilation shall be such as to supply during working hours not less than 800 cubic feet of fresh air per hour for each person in the case of rooms which are artificially humidified or 600 cubic feet of fresh air per hour per person in the case of rooms in which there is no artificial humidification.

(*ii*) The atmosphere at about the breathing level shall not be vitiated to such an extent that it contains more than 12 volumes of Carbon Dioxide per 10,000 volumes of air, as given by the average of three determinations made by means of a standard Haldane's apparatus.

(*iii*) If in such rooms there is artificial humidification, a standard wet and dry bulb hygrometer shall be properly maintained and if at any time the wet bulb reading of the hygrometer is higher than that specified in the *Schedule* attached to these rules in relation to the dry bulb reading of the same hygrometer, the ventilation must be forthwith increased until the wet bulb reading is reduced to the reading required by the Schedule.

No room shall be exempted from the operation of this rule unless the occupier has received a statement signed by the Inspector to that effect and this exemption may be revoked by the Inspector if on inspection the conditions are no longer complied with.

SECTION 37 (1) AND 37 (2) (*e*), (*f*) AND (*g*).

MAINTENANCE OF GENERAL REGISTER.

12. The manager of every factory shall maintain a General Register of the Factory printed in prescribed Form C (obtainable from the Inspector) showing the following particulars :—

(*a*) The dates on which the parts of the factory are limewashed or painted or varnished (in accordance with Rules 8 and 14 (*e*)).

(*b*) The floor area, the area occupied by machinery, the breathing space in cubic feet and the area of the ventilating openings in each room together with the maximum number of persons who may be employed in such room (Rules 10 and 11).

(*c*) A list of holidays to be given in accordance with section 22 (1) and the Government of India Notification.

(*d*) The intervals of rest given in accordance with section 21, after 6 hours' work for men, women and children respectively. (Rule 21).

(*e*) Any exemptions granted under Rules 8 and 14 (*f*), or sections 13, 20 and 21(3).

(*f*) Such other particulars as may be prescribed.

When any entry is required by these rules to be made in the Register, the entry made by or on behalf of the occupier or manager of the factory shall as against him be admissible as *prima facie* evidence of the matters contained therein.

SECTION 12—SECTION 37(2).

PURITY OF WATER USED FOR HUMIDIFYING.

13. No water used for the purpose of producing humidity shall be considered to be effectively purified if it absorbs from an acid solution of permanaganate of potash in 4 hours more than 5 grains of oxygen per gallon of waters.

SECTION 13—SECTION 37(2) (*h*).

PROVISION OF SANITARY ACCOMMODATION.

14. (*a*) Except in factories provided with water-flushed latrines connected with a water borne sewage system, all latrines shall be provided with receptacles on the dry earth system which shall be cleaned daily by the sweeper and kept in a strictly sanitary condition. The receptacles must be tarred inside and out at least once a year.

(*b*) The occupier of every factory shall provide latrines within the precincts of the factory but in an accessible place detached from the other factory buildings and the accommodation shall be on such scale as may be laid down by the Municipal authority provided that it must in any case not fall short of the following scale :—

	Seats.
Where the number of operatives does not exceed 50	3
Where the number of operatives exceeds 50, but does not exceed 150	4
Where the number of operatives exceeds 150, but does not exceed 250	5
Where the number of operatives exceeds 250	One seat for every 50 or fraction of 50.

(*c*) If females are employed, separate latrines screened from those for males and marked in the vernacular in conspicuous letter "For Women only" shall be provided on the scale laid down in sub-section (*b*) of this rule.

Those for males shall be similarly marked "For Men only".

(*d*) In factories which employ more than 100 men on the average and in which the latrines are not water-flushed, one urinal shall be provided for every 50 men employed, or fraction thereof in excess of 100.

(*e*) The walls of the latrines and urinals shall be limewashed inside and out at least twice in every year and the date of the limewashing shall be noted in the General Register.

(*f*) If in the opinion of the Inspector, in the case of factories situated in a place detached from other buildings and from which access to the open on at least 2 sides of it is obtainable, such latrine accommodation is unnecessary to ensure the health of the operatives, then he may exempt such factory from the Rules under Section 13 provided that only a written sanction kept in the General Register of the factory shall be considered valid.

SECTION 14—SECTION 37(1).

DRINKING WATER.

15. The supply of drinking water shall only be deemed sufficient and suitable for the purpose of this Rule if supplied to the employees free of cost, in accordance with one of the following methods :—

(*a*) From taps connected with any public water supply from which a sufficient supply of water can at all times be drawn as required, or

(*b*) From a well so situated as not to be polluted or contaminated with organic matter or impurities, or

(*c*) If in any factory provision is not made in accordance with (*a*) or (b) above or the public water supply is intermittent, then there shall be provided free of cost to the operatives a storage of water fit for drinking at least as many gallons per day as there are persons employed in the factory.

SECTION 16—SECTION 37(1).

PROVISION FOR ESCAPE IN CASE OF FIRE.

16. (*a*) To satisfy the requirements of Section 16 every building of more than one storey shall be provided with at least 2 stairs or steps permanently fixed either inside or outside the building so as to afford direct and unimpeded access from every part of the factory to the ground level and such stairs shall be provided with a suitable and sufficient hand rail.

(*b*) In factories of more than one storey every window or door giving access to an external staircase shall be so arranged as to open immediately from the inside and such windows or doors shall be distinctively and conspicuously marked "fire" with red paint.

(*c*) Ginning factories shall be provided with at least 2 flights of stairs made of brickwork or other fire resisting material.

In the cases mentioned in Sub-Sections (*a*) and (*c*), the stairs or steps must be at least 5 feet wide and the treads must be not less than 11 inches wide with risers not more than 6 inches high.

SECTION 18 (*a*) (*c*)—SECTION 37 (2) (*j*).

FENCING AND GUARDING OF MACHINERY.

17. (*a*) The following parts of transmission machinery shall be securely fenced if in motion :—All shafts, couplings and collars within reach; all projecting keys, set screws, head of nuts or bolt heads shall either be countersunk or otherwise securely guarded.

All fast driving straps, belts, chains if more than 3 inches in width and are within reach.

All driving straps that pass through floor openings.

Heavy overhead main driving belts or ropes shall be guarded underneath where there is liability of persons having to pass under them.

All parts of wheeles, drums or pulleys within reach except such as are by construction or position equally safe to every person employed as they would be if securely fenced.

(*b*) The following parts of machine tools shall be securely fenced :—

The back gear and change wheels of lathes.

The back gear and bevel gearing of drilling machines.

The gear wheels of planing, shaping, slotting and milling machines which are within reach.

(*c*) All exposed cogwheels within reach shall be securely guarded.

(*d*) Every platen machine in a printing works must be fitted with an efficient finger guard.

(*e*) All emery wheels must be provided with strong iron guards.

(*f*) All hoist gates must be self-locking and only capable of being opened when the cage is opposite the floor.

(*g*) All band saws of whatever size shall be securely and adequately guarded.

(*h*) All circular shaws shall at least be guarded by a riving knife at the back of the saw and the saw under the table shall be completely guarded.

SECTION 18-1 (*c*)—SECTION 87 (*j*).

FENCING IN TEXTILE FACTORIES.

I.—Blowing Room Machinery.

18. (*a*) Beater covers and the door immediately over the dirt grid shall be fitted with an automatic locking arrangement which renders it impossible to open the covers or grid doors while the beater is still running, or to re-start the machinery until the doors have been closed.

(*b*) The nip between the cage wheels and calender wheels shall be efficiently protected on all machines, preferably by "spectacle" guards, extending round the outer edge of both wheels.

(*c*) Fender guards shall be provided for the fan strap side of scutchers, the guard, the fan strap and slow motion strap. Provided that on existing machines where the slow motion pulley is driven directly by a strap from the overhead shaft, it shall be optional either to plate the wheel or to protect it by a fender guard. If the fan strap is on the opposite side to the slow motion strap, each strap shall be protected separately.

(*d*) Projecting ends of beater shafts shall be fitted with loose sleeves, or be otherwise protected.

(*e*) All lap rollers shall be provided with lap protectors.

II.—Carding Machines.

(*a*) All feed roller wheels, doffer and barrow wheels, side shaft wheels, calendar wheels and coiler wheels shall be efficiently fenced.

(*b*) All cylinder doors shall be fitted with a safety automatic locking motion which will prevent the door from being opened until the cylinder has ceased to revolve, and which shall render it impossible to re-start the machine until the door has again been closed.

(*c*) Licker-in covers shall be screwed down so that they cannot readily be lifted while the machine is in motion.

III.—Driving Frames.

(*a*) The roller gearing shall be effectively covered.

(*b*) The pulley at the end of the frames shall be protected.

(*c*) The undershaft shall be enclosed in a metal sleeve or otherwise securely fenced.

IV.—Speed Frames.

(*a*) Headstocks shall be fitted with automatic locks which shall prevent the doors being opened while the machinery is in motion, and shall render it impossible to re-start the machine until the door has been closed.

(*b*) Draft change wheels, twist wheels and carrier wheels, bobbin driving wheels, and lifter wheels shall all be effectively protected.

(*c*) Bobbin skew gear wheels shall be covered over the top, and these covers shall be extended both in front and behind round the edge of the wheels, except in those cases where the spindles are not cleaned whilst the machinery is in motion.

(*d*) Spindle skew gear wheels shall be effectively covered.

(*e*) Lifter rack wheels shall be securely fenced, the guard to be such that it will effectively protect the nip both as the rail rises and as it falls.

(*f*) All balance weights shall be cast with the eyelet forming part of the weights themselves.

V.—Self-acting Mules.

(*a*) The guards for middle back shaft scrolls shall be fitted with flanges ~~to protect~~ the intake of the bands and the side of the scroll. The guards for middle draw band and carrier pulleys shall be either fixed to the bottom creel board, or be so fastened otherwise that they cannot readily be knocked aside. The side pieces of the guard shall be extended inwards far enough to completely guard the nip between the band and the scroll.

(*b*) All headstocks shall be provided with a strong sheet iron guard.

(*c*) The guards for end draw band pulleys shall be extended at least half an inch beyond the end of the pulley.

(*d*) All quadrant pinions shall be securely fenced.

(*e*) No person shall be allowed to be between the fixed and traversing parts thereof unless the mule is stopped on the outward run.

(*f*) All front and back carriage wheels shall be guarded by efficient toe guards.

(*g*) Where persons have to stand on creels to attach driving belts (not countershaft belts), the two creels shall be joined together by timber to form a platform on which to stand, or some other equally safe method shall be adopted to the satisfaction of the Inspector.

VI.—Ring and Throstle and Doubling Frames.

(*a*) All cogwheels shall be securely fenced.

(*b*) The outer ends of the frames shall be fitted in with metal plates.

(*c*) Guards, made of strong rigid bars placed so that the vertical gap between them is not more than 6 inches, shall be permanently and securely fixed along the whole length of each ring frame and such guards shall not be removable without the use of tools.

* *VII.—Calendering Machines.*

All calendering machines shall be provided with an efficient 'nip' guard along the whole length on the intake side of each pair of bowls, and shall be so fitted and maintained while the machine is in use as to prevent the access of any person's fingers to the point of contact of the rollers or bowls.

SECTION 18 (1) (*c*)—SECTION 37 (2) (*j*).

ADDITIONAL FENCING IN GINNING FACTORIES.

19. (*a*) The line shaft or second motion in cotton ginning factories shall be completely enclosed by a continuous wall or unclimbable fencing with only so many openings as are necessary for access to the shaft for removing cotton seed, cleaning and oiling, and such openings shall be kept closed and locked.

(*b*) The toothed rollers of the opener shall be guarded by securely fixing across the machine not more than 8 inches above the delivery lattice, a stout wooden plank or strong metal guard not less than 12 inches in width so arranged that under no circumstances can a man's hand get into the rollers.

(*c*) The side pulleys and belting of all openers shall be securely fenced off.

(*d*) The spur gearing at the side of the openers shall be completely covered by a strong metal guard.

(*e*) The crank shaft pulleys and roller pulleys of all gins shall be securely guarded by strong box guards and hinged top covers.

SECTION 18 (4)—SECTION 37 (2) (*j*).

PROTECTION FROM DANGER OF PERSONS ATTENDING TO MACHINERY OR BOILERS.

20. (*a*) Efficient devices or appliances shall be provided and maintained in every room to throw out of gear and stop promptly each unit of the transmission machinery.

(*b*) All important pulleys shall be provided with belt hangers or perches.

(*c*) Efficient appliances, *e.g.*, belt shippers shall be provided and used for putting driving straps on and throwing them off wheels, drums or pulleys on main shafts in motion except where such shafts are stopped or the speed reduced to 6 revolutions per minute.

(*d*) Suitable striking gear shall be provided and used to move driving straps on all fast and loose pulleys.

(*e*) Lubrication of bearings, gear wheels or loose pulleys or replacing or adjusting of belts must be done only by an authorised experienced and specially trained person.

(*f*) Service platforms and gangways shall be provided for overhead shafting and where required by the Inspector, shall be securely fenced with guard rails and toe boards.

(*g*) No transmission machinery in motion shall be cleaned by cotton waste rags, or similar material held in the hand.

(*h*) Every shafting ladder shall be fitted with either hooks or some effective non-skid device.

(*i*) Every person engaged in oiling or adjusting belts or in any work whatsoever within reach of unfenced transmission machinery shall be allowed to wear only close fitting clothing.

(*j*) Safe and convenient access shall be provided to all bearings.

(*k*) All water gauge glasses of boilers whose maximum pressure exceeds 100 lbs. per square inch shall be securely guarded.

(*l*) No additional weights shall be placed on the safety valve of any boiler unless written authority has been received from the Boiler Inspector to do so.

(*m*) All kiers, digesters or steam jacketed pans or other vessels worked under pressure shall be fitted with safety valves and pressure gauges.

SECTION 21—SECTION 37 (1).

Rest interval after 6 hours.

21. In order to enable the Inspector to see that the rest interval is given after 6 hours' work, the working hours and the rest intervals given thereafter for men, women and children shall be entered daily in the General Register of the factory in the Form prescribed and if the factory is found working during the time stated in the Register as a rest interval, it shall be *primâ facie* evidence that Section 21 of the Act has been disregarded.

SECTIONS 22 AND 38—SECTION 37 (1).

Holidays.

22. (*a*) In order to enable the Inspector to see that Section 22 of the Act providing for a weekly holiday is observed, a list of the dates whether Sundays or week days on which the factory is closed, must be entered in the General Register in the Form prescribed.

(*b*) The list of holidays shall also be affixed at the factory entrance in both English and the Vernacular in accordance with Section 22(*b*) of the Act. If a factory is found to be working on any day stated in the General Register or the notice to the Inspector to be a holiday, it shall be *primâ facie* evidence of the disregard of Section 22 of the Act.

(*c*) Before the end of each calendar month a return shall be sent to the Inspector of Factories, Punjab, in *Form H* (copies of which may be obtained from the Inspector) giving notice of all the days on which the factory will be closed during the succeeding month and this return shall be submitted whether the factory is or is not working during the calendar month preceding the one to which the return relates, and if any change of date is subsequently made, notice must be given to the Inspector accordingly.

SECTIONS 23, 32 AND SECTION 35—SECTIONS 37 (1) AND 37(2) (1).

Employment of children.

23. (*a*) In every factory a muster roll or attendance register shall be kept up either in English or Urdu in which shall be recorded each day, the names of all children 'employed' in the factory. It shall clearly show the hours of work of each child or each shift of children and opposite the name of each child shall be recorded the number of this certificate of age and fitness. This register must be entered up at the commencement of each working period and shall always be kept available during hours for immediate inspection.

(*b*) In every factory where children are employed, there shall be kept a register of children in Form E attached to these rules and in it shall be correctly entered the prescribed particulars for every child employed in the factory.

(*c*) Every child when at work in a factory shall carry on his person either the certificate, or the token referred to in Section 23(*a*) of the Act and where a child when at work wears a token instead of certificate, the token shall have the number of the child in the Register of children (Form E) stamped upon it.

SECTIONS 24, 26, 28 AND 29; AND SECTION 37 (1)

Hours of employment of men and women.

24. In every factory a muster roll shall be kept which shall show the time of beginning and ending of each period of employment during the day, for men and women. (The children's muster roll kept in accordance with Rule 23(*a*) may be combined with the one kept under this Rule but the particulars must be kept separate).

25. If any person is found at work at any other times than those stated in the muster rolls for either men, women and children, then such employment shall be *primâ facie* evidence that the Section regulating the hours of employment relating to the particular case has been disregarded.

SECTION 34 AND SECTION 37 (2) (*k*).

NOTICES OF ACCIDENT.

26. (*a*) Notice of accidents resulting in death or causing such severe injury that there is no reasonable hope that the injured person will be able to return to work within 48 hours, shall be sent by telegram, telephone or by special messenger within 2 hours of the occurrence to :—

(*i*) To the Inspector.

(ii) The District Magistrate, or if he by general order so directs, the Sub-Divisional Officer.

(b) In case of any accident resulting in death, notice shall also be sent within the same time and by similar agency to the officer-in-charge of the police station for the area in which the factory is situated.

(c) If the notice is sent by special messenger, it shall be in Form D attached to these rules, and if it is sent by telegraph or telephone, it shall be confirmed by a written report in that Form.

27. Notice of accidents of a minor character but which nevertheless prevent the injured person from returning to work within 48 hours of the occurrence shall be given in the same Form D within 24 hours of the expiry of that time to both the Inspector and the District Magistrate.

SECTION 36 AND 37 (2) (m).

THE ABSTRACT OF THE ACT AND RULES.

28. (a) The Abstract of the Act and Rules required by Section 36 of the Act to be affixed, shall for textile factories be in Form F (1) and for non-textile factories in Form F (2) which will be hereafter published.

(b) If the Abstract of the Act and Rules becomes illegible or defaced, a fresh copy shall be affixed.

(c) Copies of the Abstracts of the Act and Rules can be obtained in English, Urdu, Gurmukhi and Hindi languages at one anna each.

SECTION 38.

SUBMISSION OF ANNUAL RETURNS.

Government of India, Notification No. 6750, dated Simla, the 14th September 1912.

29. Every manager of a factory shall furnish to the Inspector of Factories on or before January 15th in each year an annual return in duplicate in the Scheduled Form A.

SECTION 50 AND SECTION 37(2) (m).

PROCEDURE IN APPEALS.

30. (a) An appeal presented under Section 50 of the Act shall lie to the Chief Commissioner, Delhi, and shall be in the Form of a memorandum setting forth concisely the grounds of objection to the order and bearing a court-fee stamp in accordance with Article 11 of Schedule II of the Court Fees Act and shall be accompanied by a copy of the order appealed against.

(b) On receipt of the memorandum of appeal the appellate authority shall, if it thinks fit, of if the appellant has requested that the appeal should be heard with the aid of assessors, call upon the body, if any, declared to be the body representative of the industry concerned under sub-section (3) of Section 50 of the Act to appoint an assessor within a period of 14 days. If an assessor is nominated by such body, the appellate authority shall appoint a second assessor itself. It shall then fix a date for the hearing of the appeal and shall give due notice of such date to the appellant and to the Inspector whose order is appealed against, and shall call upon the two assessors to appear upon such date to assist in the hearing of the appeal.

(c) An assessor appointed in accordance with the provisions of clause (2) shall receive, for the hearing of the appeal a fee to be fixed by the Chief Commissioner, subject to a maximum of Rs. 50. The fee shall be paid by Government, but, where assessors have been appointed at the request of the applicant and the appeal has been decided wholly or partly against him, the appellate authority may direct that the fees of the assessors shall be paid in whole or part by the appellant.

SECTION 37 (s).

MANNER OF SERVICE OF NOTICES.

31. The despatch through the post, under registered covers of any notice, order or extract of an Inspector's report sent under the Act or under these rules, shall be deemed a sufficient service on the occupier or manager of the factory of such notice or order or of any directions contained in such extract.

NOTIFICATIONS.

Abu, the 22nd September 1916.

No. 2344—1353.—The following draft rules which it is proposed to make for the regulation of motor vehicles in Ajmer-Merwara, in exercise of the powers conferred by section 11 of the Indian Motor Vehicles Act, VIII of 1914, are published as required by section 11, sub-section 1, of the said Act, for the information of persons likely to be affected thereby, and notice is given that the draft will be taken into consideration by the Hon'ble the Chief Commissioner on or after the 31st October 1916.

2. Any objection or suggestion with respect to the draft rules which may be received from any person before the date fixed as aforesaid will be considered by the Hon'ble the Chief Commissioner.

DRAFT RULES FRAMED UNDER THE INDIAN MOTOR VEHICLES ACT, VIII OF 1914.

I.—PRELIMINARY.

Short title, extent and definition.

1. (1) These rules may be called the Ajmer-Merwara Motor Vehicles Rules, 1916.

(2) They shall extend to the whole of Ajmer-Merwara.

(3) In these rules—

Registering and licensing authority.

(*a*) "Registering authority" and "licensing authority" mean in respect of Ajmer-Merwara, the District Magistrate or such other authority as the Local Administration may from time to time by order in writing appoint in this behalf; and in respect of any other part of British India the officer or officers lawfully invested with the powers exercisable in Ajmer-Merwara by the District Magistrate or "other authority" referred to above, under the rules for the purpose of registering and granting licenses;

The Act.

(*b*) "The Act" means the Indian Motor Vehicles Act, 1914;

Motor Cycle.

(*c*) "Motor Cycle" means a self-propelled vehicle running on not more than three wheels and weighing not more than 5 cwts;

Heavy Motor Vehicle.

(*d*) "Heavy Motor Vehicle" means a motor vehicle exceeding two tons in weight, unladen;

Trailer.

(*e*) "Trailer" means any vehicle drawn by or attached to a motor vehicle;

Axle weight.

(*f*) "Axle weight" means in relation to an axle of a heavy motor vehicle or of a trailer, the aggregate weight transmitted to the surface of the road or other base whereon the heavy motor vehicle or the trailer moves or rests by the several wheels attached to that axle when the heavy motor vehicle or trailer is loaded;

Registered axle weight.

(*g*) "Registered axle weight" means in relation to an axle of a heavy motor vehicle, the axle weight of that axle as registered by the licensing authority in pursuance of the rules;

Weight.

(*h*) the expression "weight", when used in relation to a heavy motor vehicle or a trailer, means

(*i*) when the vehicle or trailer is unladen, the weight of the vehicle, including all parts, equipments, stores, fuel, water and accumulators which are necessary for or are ordinarily used with, the vehicle or trailer when working; provided that, where alternative parts or bodies are used, the heaviest shall be taken for the purpose of calculating the weight,

and (*ii*) when the vehicle or trailer is laden, its weight when unladen, *plus* its full lawful load, including the weight of the driver;

Width.

(*i*) the expression "width", when used in relation to the tyre of a wheel, means the distance measured horizontally and in a straight line across the circumference of the wheel and between the two points in the outer surface of the tyre which are further apart;

Diameter.

(*j*) "diameter", in relation to a wheel, means the diameter measured between the two opposite points in the outer surface of the tyre which are farthest apart.

II.—REGISTRATION.

Registration.

2. (1) No motor vehicle shall be used until it has been registered by the registering authority. In the case of any motor vehicle which has already been registered outside Ajmer-Merwara in accordance with the Act and is required for use in Ajmer-Merwara no registration shall be necessary;

Proviso.

Provided that no person shall be punishable for a breach of this rule if he has had no reasonable opportunity of registering the motor vehicle in accordance therewith;

Fee for registration.

(2) The fee for such registration shall be thirty-two rupees for a heavy motor car weighing more than two tons, sixteen rupees for a light motor car, and four rupees for a motor cycle;

Provided that there shall be no fee for registering motor vehicles which have already been registered outside Ajmer-Merwara under the Act.

Compliance with rules a condition precedent to registration.

(3) The registering authority shall not register any motor vehicle or motor cycle unless he is satisfied that the requirements of these rules in respect thereof are satisfied.

Continuous compliance with rules.

(4) No person shall drive or have charge of, or cause or permit to be used, any motor vehicle, motor cycle or trailer which does not in all respects conform to these rules, or which is so driven or used as to contravene any of these rules.

(5) The term of validity of registration certificates shall be follows:—

(*a*) Light vehicles (*i.e.*, those not exceeding 2 tons in weight) . Unlimited period.

(*b*) Heavy motor cars (*i.e.*, those weighing more than 2 tons) . One year.

(*c*) Motor cabs and omnibuses . . . . . One year.

Number, transfer of ownership, etc.

3. (1) The registering authority shall assign a distinguishing number and the letters "A. M." (meaning "Ajmer-Merwara") to the motor vehicle and shall record the name and address of the owner.

(2) (*a*) Numbers and letters assigned to motor vehicles shall be shown in large white figures on a black ground and shall be of the following dimensions painted on a plate which shall be rigidly affixed in a conspicuous place on the front and back of the motor and on the back of any vehicle drawn by the motor vehicle:—

Height of each figure or letters 3½ inches, uniform thickness ¾ inch, each figure or letter occupying a space of 2½ inches with one inch between each figure or letter, and a margin of ½ an inch at the top, bottom and sides of the plate:

Proviso.

Provided that in the case of motor cycles the figure or letter may be not less than one-half of the above dimensions with a space of ½ inch between contiguous figures and letters.

(*b*) No number or letter shall in any way be obscured or rendered, or allowed to become not easily discernible at a reasonable distance.

(3) All motor vehicles shall have plates showing the firm which built the chassis, and the manufacturer's number of the chassis, the horse power of the motor or the number and bore of the cylinders, and the weight of the car unladen.

(4) Every transfer of ownership of the motor vehicle or motor cycle registered under these rules shall forthwith be reported to the registering authority by the registered owner and by the transferee.

(5) The registering authority may assign to a manufacturer of, or a dealer in, motor vehicles, on payment of an annual fee of thirty rupees, a general number which, together with a distinguishing alphabetical letter of the same dimensions as the numbers, shall be affixed as laid down in sub-rule (2) (*a*) to any motor vehicle when on trial after completion, or when on trial by an intending purchaser; provided that such motor vehicle shall not ply or be let for hire unless it has been separately registered under rule 2.

Requirements before registration.

4. (1) Before registering a motor vehicle, the registering authority shall be satisfied that it has either been passed as suitable for use on the road after examination by competent authority or that it is of a type approved in the same way.

(2) The examination shall be conducted with special reference to the following points:—

(*a*) The engines shall be reliable in working and so constructed as to render the risk of fire or explosion, as far as possible, nil, not to frighten riding or draught animals by their noise, to cause no danger to other traffic, and to cause no serious discomfort to passers-by by their exhaust gases or steam.

(*b*) The motor vehicle shall be provided with the following apparatus:—

(*i*) Strong steering gear, which permits of turns being made quickly and accurately.

(*ii*) Two sets of brakes working independently of each other and sufficiently effective. At least one of these shall be applicable instantaneously, and shall act directly on the wheels, or on drums in immediate connection with them.

(*c*) Every motor vehicle weighing more than 6·9 cwt. shall be furnished with mechanism enabling the driver to back his car by the engine from the driver's seat.

(*d*) The different parts of the controlling gear shall be so arranged that the driver can manipulate them accurately without taking his eyes off the road.

(3) Before a heavy motor vehicle is registered, the weight of the vehicle when unladen, and if the registering authority so directs, the axle weight of each axle of the vehicle, shall be ascertained by, or in the presence of, an officer appointed in this behalf by the registering authority.

(4) The said officer shall certify the weight or weights so ascertained and shall make any necessary correction in the statement of weights declared by the owner; and shall also satisfy himself that the tyres of the wheels of the vehicle, if the tyres are not pneumatic or are not made of a soft or elastic material, are of the dimensions required by rule 26.

(5) The owner of the vehicle shall, for the purposes of clauses (3) and (4) of this rule, cause the vehicle to be driven or brought to any such place as the registering authority may appoint.

(6) Upon the registration of a heavy motor vehicle—

(*a*) the weight of the vehicle when unladen, as certified under clause (3) of this rule;

(*b*) the axle weight of each axle, as so certified, or (if not so certified) as declared by the owner of the vehicle;

(*c*) the diameter of each wheel;

(*d*) the width and material of the tyre of each wheel; and

(*e*) the highest rate of speed at which, in conformity with rule 9, the vehicle may be driven without a trailer,

shall be entered in the register of motor vehicles.

Subsequent defects.

5. When the registering authority, at any time after a motor vehicle has been registered, considers that it has ceased to comply with the requirements of rule 4, or, if the vehicle is a heavy motor vehicle, with any of the special rules for heavy motor vehicles, or that it has not been maintained in such a condition as to prevent danger to the public, such registering authority may, after notice to the registered owner, direct, that the registration be cancelled until such time as the defects are rectified to its satisfaction.

III.—GENERAL.

Driving on the right side of the road.

6. A motor vehicle shall be driven in accordance with the rules of the road, which require a vehicle to keep on the left of the road except when passing horses and other vehicles going in the same direction, which shall be passed on the right: provided that it shall ordinarily pass a tram car on the left or near side whether it be going in the same or the contrary direction.

Person learning to drive.

7. No person shall, in any public place or street, learn to drive a motor vehicle unless accompanied by a licensed driver.

Reckless driving.

8. A motor vehicle shall not be driven in a public road or place recklessly or negligently or at a speed or in a manner which is likely to endanger human life or to cause hurt or injury to any person or animal or damage to any vehicle or property or which would be otherwise than reasonable and proper, having regard to all the circumstances of the case, including the nature, condition and use of the road, and to the amount of traffic which is actually on it at the time, or which may reasonably be expected to be on it.

Speed limit.

9. (1) No motor vehicle shall be driven within municipal or cantonment limits at a greater speed than 15 miles an hour:

Provided that the speed at which a motor vehicle shall be driven within such limits as the Chairman of the Municipal or District Board, or the Cantonment Magistrate, may indicate by means of notice boards within their respective areas, shall not exceed such rate as may be shown on the notice board.

(2) The speed at which a heavy motor vehicle is driven on any public road shall not exceed 7 miles an hour:—

Provided that—

(*a*) if the weight of the motor vehicle unladen exceeds three tons, or

(*b*) if the registered axle weight exceeds six tons, or

(*c*) if a trailer is attached to the heavy motor vehicle,

the speed shall not exceed 5 miles an hour.

Provided also that—

If the heavy motor vehicle has all its wheels fitted with pneumatic tyres or with tyres of a soft or elastic material, the speed at which the heavy motor vehicle may be driven on any public road shall not exceed—

(*a*) twelve miles an hour where the registered axle weight of any axle does not exceed six tons ;

(*b*) seven miles an hour where such registered axle weight exceeds six tons.

Prohibition as to use of motor vehicles on footpaths in certain localities.

10. A motor vehicle shall not be driven in any footway nor in any road or public place where such traffic may, for the time being, be prohibited by the licensing authority.

Directions in regulation of traffic.

11. (1) The person in charge of a motor vehicle shall obey all directions of police officers posted or stationed at crossings or other places for the regulation of traffic ; and shall cause the motor vehicle and the engine to stop and to remain stationary so long as may reasonably be necessary—

(*a*) when requested to do so by any police officer for the purpose of ascertaining his name and address or for any other reasonable purpose, or

(*b*) when approaching restive horses or animals or when requested to do so by any person having charge of a restive horse or animal, or

(*c*) when an accident occurs to any person or to any animal or vehicle in charge of any person owing to the presence of the motor vehicle on the road.

(2) The request referred to above may be made by such police officer or person by putting up his hand as a signal or at night time by moving a lantern or light up and down.

(3) The person in charge of a motor vehicle shall, on request of any police officer, or, on the occurrence of an accident such as is referred to in sub-rule (1) (*c*), on the request of any other person truly state his name and address and the name and place of abode or business of the owner, and shall further render all possible assistance to any person injured, and if there be no police officer present shall give intimation of the accident at the nearest police station.

Motor vehicles to carry horns.

12. Every person driving a motor vehicle shall have ready and available for immediate use a deep-toned horn or other instrument capable of giving audible and sufficient warning of his approach or position and shall sound the same whenever expedient to prevent danger to any of the public :

Provided that in the case of a motor cycle the horn shall have a high-pitched tone.

Motor vehicles to carry lamps.

13. No person shall drive a motor vehicle during the period commencing half an hour after sunset and ending half an hour before sunrise unless such vehicle is provided with lights as follows :—

(1) In the case of vehicles other than motor cycles—

(*a*) one lamp showing a white light in front affixed on each side of the front portion of the vehicle ;

(*b*) one lamp showing a red light at the rear and showing a white light at the side affixed at the back of the vehicle in such manner as to illuminate with the white light and render easily distinguishable the signs and numbers on the plate.

(2) In the case of motor cycles—

(*a*) one lamp showing a white light in front affixed to the motor cycle.

(3) In all cases—

(*a*) the lamps shall be of suitable character and illumination ;

(*b*) the lamps shall be kept properly alight ;

(*c*) where acetylene or electric lamps or lamps of any description giving a powerful and intense light are used, the same shall be properly hooded or screened.

14. No motor vehicles shall be allowed to stand in any street or public place unattended by a person licensed under section 6 of the Act, unless all reasonable precautions have been taken to ensure that it cannot be put in motion in the absence of the driver, or, if such motor vehicle is propelled by steam, unless its fires have been extinguished and it has ceased to contain in itself sufficient power to move.

15. The driver of a motor vehicle shall not cause the vehicle to travel backwards for a greater distance or time than may be requisite for purposes of safety or in order to turn round.

Register to be kept.

16. A manufacturer of, or a dealer in, motor vehicles shall keep a register in such forms as the registering authority may direct showing the description of the vehicle used, the name of the driver, and the hours and dates on which he was in charge of the vehicle.

Such register shall be open to inspection on the demand of any police officer of or above the rank of sub-inspector.

Motor competitions or reliability trials.

17. No motor competition, reliability trial, display, or exhibition, in which more than 5 motor vehicles take part, shall be permitted on any public road without the previous sanction of the Local Administration.

Driving test for licence.

18 (1) No Person shall be granted a licence to drive a motor vehicle under section 6 of the Act, unless he has qualifications which give a sufficient guarantee for the safety of the public.

(2) This examination shall be conducted by a competent person to be appointed by the District Magistrate :

Provided that no such examination or test shall be necessary if the person has driven a vehicle on a licence of the period of one year :

Provided also that a licence granted in any other part of British India under the Act shall be valid in Ajmer-Merwara during the period for which it was granted.

Period of licence.

19. Every licence to drive a motor vehicle granted under section 6 of the Act shall remain in force for such period, not being less than twelve months, as the licensing authority may direct.

Fee for licence.

20. There shall be payabale for every such licence a fee of Rs. 2 at the date when the licence is taken out and a further fee of Rs. 2 at the commencement of each calendar year during which the licence may thereafter continue in force.

Crediting of fees.

21. All fees shall be credited by the licensing authority to Government.

22. The issue of a licence to drive motor vehicles in Ajmer-Merwara shall not be necessary in the case of a person duly licensed to drive in any other province provided that such person shall produce his licence when so required by any Magistrate or police officer in Ajmer-Merwara.

IV.—Special Rules for Heavy Motor Vehicles.

Registration of weights.

23. On every application to a registering authority for the registration of a heavy motor vehicle and for permission to ply for hire the applicant shall declare :—

(*a*) the weight of the heavy motor vehicle unladen,

(*b*) the axle weight of each axle,

(*c*) the diameter of each wheel, and

(*d*) the width and material of the tyre of each wheel.

Registered weight to be printed on the vehicle.

24. Upon receiving from the licensing authority a copy of the entries made in the register relating to a heavy motor vehicle, or trailer, the owner of the motor vehicle shall cause to be printed or otherwise plainly marked in a conspicuous place in letters and figures not less than one inch in height, and in such a manner as to be legible at a reasonable distance—

(*a*) on the right or off side of the vehicle—

(*i*) the registered weight of the vehicle or trailer when unladen, and

(*ii*) the registered axle weight of each axle;

(*b*) on the left or near side of the vehicle—

(*i*) the highest rate of speed at which, in conformity with rule 9, the vehicle may be driven without a trailer, and

(*ii*) the owner's name and address :

Provided that this rule shall not apply to trailers not exceeding one ton in weight when unladen.

Axle weight.

25. (1) The axle weight of an axle of a heavy motor vehicle shall not exceed the registered axle weight.

(2) The registered maximum axle weight of any axle of a heavy motor vehicle shall not exceed eleven tons and the axle weight of a trailer shall not exceed seven tons.

(3) The sum of the registered axle weights of all the axles of a heavy motor vehicle shall not exceed sixteen tons.

26. The tyres of each wheel of a heavy motor vehicle or trailer, unless the tyres are pneumatic or made of a soft or elastic material, shall be smooth and shall, where the tyre touches the surface of the road or other base whereon the heavy motor vehicle moves or rests, be flat, provided that the edges of the tyre may be levelled or rounded to the extent in the case of each edge of not more than half an inch.

Provided also that—

(*i*) if the tyre is constructed of separate plates, the plates may be separated by parallel spaces which shall be disposed throughout the outer surface of the tyre, so that nowhere shall the aggregate extent of the space or spaces in the course of a straight line drawn horizontally across the circumference of the wheel exceed one-eighth part of the width of the tyre ;

(*ii*) the driving wheels of a heavy motor vehicle shall be cylindrical and smooth soled, or shod with diagonal cross bars of not less than three inches in width nor more than three-quarters of an inch in thickness extending the full breadth of the tyre, and the space intervening between each such cross bar shall not exceed 3 inches.

Width of tyre.

27. (1) The width of the tyre of each wheel of a heavy motor vehicle or trailer shall be determined by such of the following conditions as may apply to the circumstances of the case :—

(*a*) The width shall in every case be not less than 5 inches, or, in the case of a trailer 2 inches.

(*b*) The width shall not be less than that number of half-inches which is equal to the number of units of registered axle weight of the axle to which the wheel is attached.

The unit of registered axle weight shall vary according to the diameter of the wheel, and the rules set forth in the subjoined scale; that is to say—

(*i*) if the wheel is 3 feet in diameter the unit of registered axle weight shall be 7½ cwts.;

(*ii*) if the wheel exceeds 3 feet in diameter, the unit of registered axle weight shall be 7 cwts. with an addition of weight in the proportion of 1 cwt. for every 12 inches by which the diameter is increased beyond 3 feet, and in the same proportion for any increase which is greater or less than 12 inches; and

(*iii*) if the wheel is less than 3 feet in diameter the unit of registered axle weight shall be 7½ cwts. with a deduction of weight in the proportion of 1 cwt. for every 6 inches by which the diameter is reduced below 3 feet; and in the same proportion for any reduction which is greater or less than 6 inches.

(2) This rule shall not apply to any tyre which is pneumatic or which is made of a soft or elastic material, or to trailers not exceeding one ton in weight unladen.

Size of wheels.

28. The diameter of a wheel of a heavy motor vehicle or trailer, if the wheel is fitted with a tyre which is not pneumatic or is not made of a soft or elastic material, shall be not less than 2 feet.

Width and length of vehicle.

29. A heavy motor vehicle, and any trailer attached to any such heavy motor vehicle may, when measured between its extreme projecting points, be of a width not exceeding 8 feet 6 inches and no heavy motor vehicle or train made up of a motor vehicle with one or more trailers attached to it shall be used on any street or road if such motor vehicle or train exceeds 75 feet in lengh.

Springs.

30. Every heavy motor vehicle and trailer shall be constructed with suitable and sufficient springs between each axle and the frame of the heavy motor vehicle.

31. (1) Each trailer attached to a heavy motor vehicle shall have a brake approved by the licensing authority and each trailer shall carry upon it a person competent to apply the brake efficiently. Provided that where the brakes upon the motor vehicle to which any trailer is attached are so constructed and arranged that neither of them can be used without bringing into action simultaneously the brake attached to the trailer, or if the brake of the trailer can be applied from the motor vehicle independently of the brakes of the latter, the above conditions need not be complied with.

(2) No heavy motor vehicle used on any street or road shall have attached to it more than three trailers.

Vehicles for the conveyance of passengers.

32. A trailer shall not be attached to a heavy motor vehicle which is used as a public conveyance except under a permit granted by the Local Administration or by an officer authorised by it in this behalf.

Use of motor vehicles on bridges.

33. (1) Where the registering authority or the District Magistrate or the Executive Engineer or a Local Board or Municipality or Cantonment authority or Railway Administration affixes or sets up in suitable and conspicuous positions, on each approach to a bridge, forming part of a highway, notices which state that the bridge is insufficient to carry a heavy motor vehicle, the registered axle weight of which exceeds that specified on the said notice board, the owner of any such heavy motor vehicle shall not cause or suffer the motor vehicle to be driven, and the person driving or in charge of the motor vehicle shall not drive the motor vehicle, upon the bridge.

(2) The owner of a heavy motor vehicle shall not cause or suffer the motor vehicle to be driven and the person driving or in charge of the heavy motor vehicle shall not drive the motor vehicle, upon a bridge forming part of a highway, at any time when another heavy motor vehicle or a locomotive is on the bridge, the combined weights of which would exceed the carrying capacity of the bridge.

34. When a heavy motor vehicle is used on any road or street two persons shall be employed in driving or attending to such vehicle.

35. The cylinder taps of a heavy motor vehicle propelled by steam shall not be opened in proximity of any person riding, driving, leading, or in charge of, any horse, nor shall the steam be allowed to attain a pressure exceeding that at which the safety valve is set to act, so that no steam shall blow off when the vehicle is upon the road or street.

36. No heavy motor vehicle, or class of heavy motor vehicles shall be driven in any street or road wherein such traffic may for the time being be prohibited by the District Magistrate.

37. Every applicant for registration of a heavy motor vehicle shall make a declaration in the form of schedule D, and append it to his application for registration.

VI.—FORMS.

CHAPTER 37.

AN ACT TO AMEND CERTAIN ENACTMENTS RELATING TO THE GOVERNMENT OF INDIA, AND TO REMOVE DOUBTS AS TO THE VALIDITY OF CERTAIN ORDERS IN COUNCIL MADE FOR INDIA.

[23rd August, 1916.]

BE it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

Elections and nominations for legislative councils.

1.—(1) In section sixty-three of the Government of India Act, 1915 (in this Act referred to as "the principal Act"), shall be inserted the following sub-sections :—

"(6A) Rules made under this section may provide for the final decision of doubts or disputes as to the validity of an election.

"(6B) Subject to any rules made under this section, any person who is a ruler or subject of any state in India shall be eligible to be nominated a member of a legislative council."

(2) In sections seventy-four and seventy-six of the principal Act corresponding sub-sections shall be inserted, and shall be numbered (4A) and (4B) in section seventy-four and (3A) and (3B) in section seventy-six.

(3) This section shall apply to and shall validate rules and nominations made as well before as after the commencement of this Act.

Removal of doubts as to validity of certain Indian laws.

2.—(1) In section seventy-one of the principal Act shall be inserted the following sub-section:—

"(3A) A regulation made under this section for any territory shall not be invalid by reason only that it confers or delegates power to confer on courts or administrative authorities power to sit or act outside the territory in respect of which they have jurisdiction or functions, or that it confers or delegates power to confer appellate jurisdiction or functions on courts or administrative authorities sitting or acting outside the territory."

(2) In section eighty-four of the principal Act, after the words "Governor-General in Legislative Council" shall be inserted the words "or a local legislature," and, at the end of the section, shall be inserted the following words :—

"A law made by any authority in British India and repugnant to any provision of this or any other Act of Parliament shall, to the extent of that repugnancy, but not otherwise, be void."

(3) This section shall apply to and shall validate laws made as well before as after the commencement of this Act.

Qualification of rulers and subjects of certain states for office.

3. After section ninety-six of the principal Act shall be inserted the following section :—

"96A. Notwithstanding anything in any other enactment, the Governor-General in Council, with the approval of the Secretary of State in Council, may, by notification, declare that, subject to any conditions or restrictions prescribed in the notification, any named ruler or subject of any state in India shall be eligible for appointment to any civil or military office under the Crown to which a native of British India may be appointed, or any named subject of any state, or any named member of any independent race or tribe, in territory adjacent to India, shall be eligible for appointment to any such military office."

Admission to Indian Civil Service.

4. In section ninety-seven of the principal Act, after the words "British subjects" shall be inserted the words "and of persons in respect of whom a declaration has been made under the last foregoing section who are," and, after sub-section (2), shall be inserted the following sub-section :—

"(2A) The admission to the Indian Civil Service of a British subject who or whose father or mother was not born within His Majesty's dominions shall be subject to such restrictions as the Secretary of State in Council, with the advice and assistance of the Civil Service Commissioners, may think fit to prescribe, and all such restrictions shall be included in the rules."

Removal of doubts as to validity of Orders in Council under Foreign Jurisdiction Act.

5. An Order of His Majesty in Council heretofore or hereafter made under the Foreign Jurisdiction Act, 1890, empowering the Governor-General of India in Council to make rules and orders in respect of courts or administrative authorities acting for any territory, shall not be invalid by reason only that it confers or delegates power to confer on courts or administrative authorities power to sit or act outside the territory in respect of which they have jurisdiction or functions, or that it confers or delegates power to confer appellate jurisdiction or functions on courts or administrative authorities sitting or acting outside the territory.

Transfer of India stock by deed.

6.—(1) India stock may, if registered for the time being as stock transferable by deed in manner provided by regulations made under this section, be transferred by deed.

(2) The Banks of England and Ireland respectively, with the concurrence of the Secretary of State in Council, shall provide by regulations for a separate stock register being kept for India stock which is for the time being transferable by deed, for the conditions upon which stock is to be entered in or removed from that register, for the mode in which the transfer by deed is to be carried out, and for the payment of any fees in respect of the entry or removal of stock in or from the register and the carrying out of any transfer of stock by deed.

(3) The provisions of all enactments relating to India stock which are in force at the commencement of this Act shall apply to stock transferable by deed under this section as they apply to stock transferable in the books of the Bank of England or Ireland, or of the Secretary of State in Council, except so far as express provision is made to the contrary by this section or by the regulations made thereunder.

(4) No stamp duty shall be payable in respect of any deed of transfer of India stock or any dividend warrant or register certificate relating to India stock.

(5) In this section the expression "India stock" means any stock created and issued, whether before or after the commencement of this Act, by the Secretary of State in Council under the authority of Parliament.

Minor amendments, repeals, and saving.

7.—(1) The principal Act shall be further amended in manner appearing in the First Schedule to this Act.

(2) The enactments specified in the Second Schedule to this Act are hereby repealed to the extent mentioned in the third column of that Schedule.

(3) Nothing in this Act shall affect any right acquired before the commencement of this Act under any judgment or order of a court of competent jurisdiction.

Short title, commencement, printing, and construction.

8.—(1) This Act may be cited as the Government of India (Amendment) Act, 1916, and the principal Act and this Act may be cited, together as the Government of India Acts, 1915 and 1916.

(2) This Act shall come into operation on the first day of September, one thousand nine hundred and sixteen.

(3) Where any enactment or word is directed by this Act, or by any Act for the time being in force, whether passed before or after the commencement of this Act, to be inserted in or added to the principal Act, or to be substituted in the principal Act for any other enactment or word, or where any enactment or word in the principal Act is so directed to be repealed, then all copies of the principal Act printed by His Majesty's printers after that direction takes effect shall be printed with that enactment or word inserted in or added to the Act, or printed therein in lieu of any enactment or word for which the same is substituted, or omitted therefrom, according as the direction requires, and with the sections and sub-sections numbered in accordance with the direction; and the principal Act shall be construed as if it had, at the time at which the direction takes effect, been enacted with that addition, substitution or omission.

(4) A reference in any enactment, whether passed before or after the commencement of this Act, to the principal Act shall, unless the context otherwise requires, be construed to refer to that Act as amended by any enactment for the time being in force.

[23rd August, 1916.]

BE it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

Right of Admiralty to claim salvage in respect of services of certain ships.

1. Where salvage services are rendered by any ship belonging to His Majesty and that ship is a ship specially equipped with salvage plant, or is a tug, the Admiralty shall, notwithstanding anything contained in section five hundred and fifty-seven of the Merchant Shipping Act, 1894, be entitled to claim salvage on behalf of His Majesty for such services, and shall have the same rights and remedies as if the ship rendering such services did not belong to His Majesty.

Short title and construction.

2. This Act may be cited as the Merchant Shipping (Salvage) Act, 1916, and shall be construed as one with the Merchant Shipping Acts, 1894 to 1914, and those Acts and this Act may be cited together as the Merchant Shipping Acts, 1894 to 1916.

No. 1347-F.—In exercise of the powers conferred by sections 6 and 38 of the Indian Income-tax Act, 1886 (II of 1886), as subsequently amended, the Governor General in Council is pleased to direct that the following amendment shall be made in the rules issued with the Notification of the Government of India in the Department of Finance and Commerce, No. 2762, dated the 6th of June 1890, namely :—

For rule 11 the following shall be substituted, namely :—

" (11) (*a*) An officer in military employ, in determining the amount of his salary for the purpose of assessment to income tax, may in the following cases only exclude the horse allowance and tentage included in the consolidated salary, pay or Indian pay of certain appointments under paragraphs 262, 263, 373 and 445 of the Army Regulations, India, Volume I :—

(*i*) If his salary, after such deduction is made, does not exceed Rs. 500 per mensem ;

(*ii*) If, on the occasion on which he first draws in British India a salary exceeding Rs. 500 per mensem after deduction of horse allowance and tentage, he exercises the option of excluding these allowances This option may be exercised, if claimed within three months after the issue of this notification, or on the occasion on which the officer concerned next draws pay in British India, by (*a*) officers who attained a pay exceeding Rs. 500 exclusive of horse

allowance and tentage after the 1st April 1916 but before the issue of these rules, and (*b*) officers who attained a pay exceeding Rs. 500 exclusive of horse allowance and tentage before the 1st April 1916 and who on the last occasion on which they drew pay in British India before that date exercised the option, under any rule or order previously in force, of excluding these allowances.

(*b*) An officer may at any time elect to include these allowances in his salary for the purpose of income tax assessment; but, should he do so, he may not subsequently on change of emoluments or for any other reason alter his decision.

(*c*) The privilege of excluding tentage and horse allowance under rule (*a*) is subject to the condition that the officer concerned has provided, and actually maintains, the camp equipage of his rank in a serviceable condition, and the number of *bona fide* chargers prescribed for his rank.

(*d*) It shall not be open to any officer whose consolidated salary, pay, or Indian pay includes both horse allowance and tentage to exclude for the purpose of these rules horse allowance alone or tentage alone."

No 9192.—In exercise of the power conferred by Section 19 of the Sea Customs Act, 1878 (VIII of 1878), as amended by Act XII of 1914, the Governor-General in Council is pleased to prohibit the bringing, by sea or by land, into British India of any copy of the book entitled "Young India" published by Lajpat Rai from the press of W. B. Huebsch, New York, with a foreword by J. T. Sunderland.

No. 9251-W.-II.—The following Royal Proclamation is published for general information :—

BY THE KING.

A PROCLAMATION

PROHIBITING, UNDER SECTION 1 OF "THE EXPORTATION OF ARMS ACT, 1900," AND SECTION 1 OF "THE CUSTOMS (EXPORTATION RESTRICTION) ACT, 1914," THE EXPORTATION FROM THE UNITED KINGDOM OF CERTAIN ARTICLES TO SWEDEN.

GEORGE R.I.

WHEREAS by Section 1 of "The Exportation of Arms Act, 1900," it is enacted that We may by Proclamation prohibit the exportation of all or any of the following articles, namely, arms, ammunition, military and naval stores, and any article which We shall judge capable of being converted into, or made useful in increasing the quantity of arms, ammunition, or military or naval stores, to any country or place therein named whenever We shall judge such prohibition to be expedient in order to prevent such arms, ammunition, military or naval stores, being used against Our subjects or forces or against any forces engaged or which may be engaged in military or naval operations in co operation with Our forces :

And whereas by Section 1 of "The Customs (Exportation Restriction) Act, 1914," it is enacted that Section 1 of "The Exportation of Arms Act, 1900," shall have effect whilst a state of war in which We are engaged exists as if, in addition to the articles therein mentioned, there were included all other articles of every description :

And whereas by virtue of a Proclamation dated the 10th May, 1916, made in pursuance of the said Exportation of Arms Act, 1900, as amended by the Customs (Exportation Restriction) Act, 1914, certain goods are now prohibited to be exported to the Kingdom of Sweden :

And whereas We have deemed it expedient to prohibit the exportation to Sweden of all articles whatsoever other than those hereinafter excepted :

NOW, THEREFORE, We have thought fit, by and with the advice of Our Privy Council, to issue this Our Royal Proclamation, declaring, and it is hereby declared, that the exportation of the following articles be prohibited to all ports and destinations in Sweden, *viz.*—

All articles which are not by virtue of any Proclamation for the time being in force made under Section 8 of the Customs and Inland Revenue Act, 1879, as amended by any Act, or under the Exportation of Arms Act, 1900, as amended by any Act, prohibited to be exported to Sweden, except :

1. Printed matter of all descriptions.
2. Empty receptacles returned to Sweden.
3. Worn clothing and other personal effects.
4. Live animals other than animals ordinarily used for human food.

Given at Our Court at Buckingham Palace, this Eighteenth day of August, in the year of our Lord One thousand nine hundred and sixteen, and in the Seventh Year of Our Reign.

GOD SAVE THE KING.

LONDON GAZETTE.

No. 1157.—The following is published for general information :—

Supplement dated the 2nd August 1916, to the London Gazette of the 1st August 1916, pages 7631 to 7634.

War Office,
2nd August, 1916.

The Colonial Office has forwarded for publication the following despatch on military operations in the Somaliland Protectorate :—

From—H. M. Commissioner and Commander-in-Chief,

Somaliland Protectorate,

To—The Secretary of State for the Colonies.

The Residency, Berbera,

20th February, 1915.

SIR,—I have the honour to transmit a report by the Officer Commanding the Troops, Somaliland Protectorate, on the recent military operations against the dervishes at Shimber Berris, at the head of the A in Valley.

2. It will be recollected that after the action at Dul Madoba in August, 1913, the Mullah, Mahomed ibn Abdulla Hassan, sent his followers to occupy and erect forts at this spot, whence they could dominate the country providing the chief grazing grounds of our friendlies. Raids against our tribes were of frequent occurrence, and the operations under review were undertaken to drive out the dervishes from this locality.

3. Shimber Berris is a natural stronghold in the Bur-dab range, and it had been strongly fortified. Six double-storied block-houses had been erected in well-chosen positions by Yemeni Arab masons in the service of the Mullah. The walls were found to be of stone and mud plaster, some twenty feet high, twelve feet thick at the base and [redacted] thick at the top. Considerable military skill had been employed in construction, and [redacted]ding bush had been cleared to provide a good field of fire. The sides of the ravine, moreover, were honeycombed with caves affording a safe retreat for the enemy after being driven from the forts. Without modern field guns operations here involved considerable difficulties, and that they were brought to a completely successful conclusion is in consequence all the more gratifying.

4. A full account of the sharp fighting which occurred is given by Lieutenant-Colonel T. Astley Cubitt, D.S.O., in his report. On the first occasion, in November, it was found impossible to rush the main fort on the top of the escarpment, but a feature of the attack was the thrice-repeated charge of a company of the Camel Corps right up to the very walls of the fort, which was a gallant performance, reflecting great credit on officers and men. In one of these charges Captain Symons, King's Own Yorkshire Light Infantry, was killed when within a yard of the door, and Captain Carton de Wiart, 4th Dragoon Guards, was severely wounded. Other officers present attempted to batter down the door, and the men fired on the dervishes inside the fort through the loopholes. But the place was too strong and the action had to be broken off. The attack was renewed four days later, and with the assistance of an old seven-pounder gun brought up hurriedly from Burao the position was then successfully carried. The dervishes were dislodged from the forts more by the moral effect of the shelling than by any material damage done, and fleeing down the hillsides to the caves they came under heavy Maxim fire. Unfortunately, owing to lack of time and the absence of explosives, it was impossible to destroy the forts completely, and subsequently the dervishes returned.

5. Further military operations were thus necessitated, and it was hoped to clear up the situation this time once and for all. The General Officer Commanding at Aden placed at my disposal a small detachment of the 23rd Pioneers, and a column, under the command of Lieutenant-Colonel Cubitt, consisting of 15 officers, 570 rank and file (Indians and Somalis), six machine guns, and two seven-pounders, left Burao on the 1st February. I myself accompanied the column, and was present during the ensuing fighting. Speaking from personal observation, therefore, I can say that the whole undertaking was admirably planned and admirably executed. The forts on this occasion were completely demolished by guncotton, and the dervishes were driven out, leaving 32 dead in the caves alone. From beginning to end there was no hitch of any sort, and it was due to capable handling by the Commanding Officer and his staff, and excellent leading by the company commanders, that the casualty list was kept as low as it was. The behaviour also of the rank and file—Pioneers, Indian contingent, and Somali Camel Constabulary—left nothing to be desired, and great credit is due to all, officers and men alike. The fighting on the 4th February lasted for over five hours. The position in the ravine occupied by the dervishes was an extremely formidable one, and from the caves and inner fort they offered a desperate resistance, though not present in any great numerical strength. It is proved beyond dispute that the dervish of to-day is still a first-class fighter, and even when cornered he remains fanatically defiant to the end. During the two periods our casualties amounted to one British officer killed and five wounded (two severely and three slightly); four

native rank and file killed and 25 wounded; and four tribal auxiliaries killed and ten wounded. It is impossible accurately to estimate the dervish losses, but they certainly had over 70 in killed alone. The main value of the operations, however, lies in the moral effect.

6. By the destruction of his forts at Shimber Berris and the routing of his followers the Mullah has undoubtedly sustained a severe blow and his prestige is badly damaged. It is clear, moreover, that this success will be of inestimable value to a young corps, imbuing our Somali troops with confidence in themselves and in their officers; while the moral effect produced on the minds of the friendlies is, of course, excellent. I consider the operations under review, therefore, not only extremely successful in themselves, but very important in their general bearings on the country, and I desire to bring to your personal notice, for some special mark of recognition, the good services of Colonel Cubitt. I also desire to put forward, for military reward, the names of the following officers, native officers, non-commissioned officers, and men:—

* * * * * * * *

Captain H. C. Dobbs, 124th Duchess of Connaught's Own Baluchistan Infantry, brought a gun into action on the 23rd November within sixty yards of a fort, under a hot fire, and conducted a flank attack with success. During the past few years this officer has commanded the Indian contingent in Somaliland with marked ability.

No. 4392 Naik Sher Singh, 23rd Sikh Pioneers, for bravery on the 4th February. In placing a charge of guncotton against the door of a fort, under a hot fire from inside, he was knocked over and stunned; but, collecting himself, he returned and duly laid the charge.

No. 4584 Havildar Teja Singh, 23rd Sikh Pioneers, followed Sher Singh, placed his charge coolly, arranged fuses correctly, and fired the charge, also under fire.

Jemadar Feroze Khan, Indian contingent and 56th Punjabi Rifles, displayed great activity and driving power in marching his column from Burao to Little Bohotleh, and a high degree of military knowledge both in the measures taken for the security of his column and in the handling of a platoon during the attack on the forts on the 23rd November.

No. 293 Nail[redacted]l Havildar) Shah Khan, Indian contingent and 76th Punjabis, was in charge of the [redacted]ame into action on the 23rd November within sixty yards of a fort under a hot fire. He also distinguished himself after Dul Madoba in August, 1913.

* * * * * * * *

The following officers, non-commissioned officers and men also distinguished themselves, and are deserving of mention:—

Captain W. A. H. Bird, 23rd Sikh Pioneers, displayed great skill in the demolition of the forts, on one occasion under a hot fire at close range.

* * * * * * * *

Lieutenant C. A. L. Howard, 32nd Lancers, displayed considerable courage in throwing hand grenades into caves under fire, and was wounded in doing so.

Brevet Major G. H. Summers, 20th King George's Own Light Cavalry, as Staff Officer and Intelligence Officer, provided timely and most accurate information, and was indefatigable in the performance of his duties.

Captain H. L. Ismay, 21st Prince Albert Victor's Own Cavalry, made the staff arrangements in February prior to and during the operations, and with complete success, this not being an easy task in a waterless country such as Somaliland in the dry season.

I have, &c.,

G. F. ARCHER,

His Majesty's Commissioner and Commander-in-Chief,

Somaliland Protectorate.

From Lieutenant-Colonel T. A. Cubitt, Commanding the Troops, Somaliland Protectorate, to H. M. Commissioner and Commander-in-Chief.

Military Headquarters, Burao,

9th February, 1915.

SIR,—

In accordance with your request I have the honour to render the following report on the operations at Shimber Berris in November, 1914, and February, 1915.

I left Burao on 17th November with a self-contained mounted column of 14 officers and 520 rank and file, composed partly of Indian contingent and partly of Camel Constabulary. The neighbourhood of Shimber Berris was reached on 19th without the dervishes being

aware the column had even left Burao. The column ascended the Burdab, and the enemy were found to be in occupation of three forts on the top of the hill. The attack on the two nearest forts commenced at 11 A.M.; one was rushed by a party of the Indian contingent under Lieutenant Howard, but the other, though charged repeatedly by a company of the Camel Corps, was firmly held by the dervishes. During one of these charges Captain Symons, King's Own Yorkshire Light Infantry, was killed within one yard of the door. Machine guns were brought into action at close range, but to no avail. Realising that the fort was too strong to be rushed, I broke off the action at 3 P.M., the withdrawal being effected in good order and almost without molestation. The column camped eight miles south of the Burdab. Reinforced by a gun from Burao, the column advanced again against the forts on the morning of 23rd November. One fort again offered no resistance, and the fort attacked on the 19th was speedily captured. Captain Dobbs was despatched with two companies and the gun to attack a third fort situated 1,100 yards away, but necessitating a detour of four miles owing to the presence of precipitous ravines. The attack was well executed; 60 to 70 dervishes fled precipitately out of the fort and down the hill, suffering some casualties. A fort in the valley near the wells and 800 feet below my position was shelled, whereupon the enemy evacuated the forts and caves in the valley and fled eastwards.

In view of the fact that there were a number of severely wounded officers and men in my camp, I deemed it imperative to return to Burao as soon as possible. Moreover, without explosives it was impossible to effect anything more than very partial demolition of the forts; therefore I decided not to attempt any demolition in the valley. The column was accordingly assembled at 3 P.M., and Burao was reached on 25th.

The terrain at Shimber Berris is extremely difficult; the Burdab range rises a sheer 1,100 feet out of the plain, and is intersected with steep ravines covered everywhere with boulders and thick scrub. The forts are remarkably well sited and very strong. The walls are 9 to 12 feet thick at the base, 16 to 20 feet high, and 24 feet wide, provided with well-made machicouli galleries but badly constructed loopholes, and each fort is capable of holding from 50 to 70 men. The sides of the cliffs are honeycombed with caves, some of which are capable of containing 100 men and animals.

The troops were not in sufficient strength to leave a post in Shimber Berris, and, as I anticipated, the dervishes returned in about a fortnight. The M[illegible]was careful, however, to send an entirely new detachment to replace the former one, wh[illegible]ad been severely shaken. Explosives were obtained from Aden and India, and an officer with thirteen men, 23rd Sikh Pioneers, was placed at our disposal by the General Officer Commanding, Aden, so that I was enabled to concentrate a force, partly mounted and partly dismounted of 15 officers, 570 rank and file, six machine guns, and two guns in the neighbourhood of Shimber Berris on 2nd February. The mobility of this column was hampered by 280 transport camels, the majority of which were carrying water.

On 3rd February, I advanced in two columns against the forts of the Burdab. Although the dervishes had commenced construction of new forts, the hill top was unoccupied, and the forts were blown up by the Pioneers. The following morning, 4th February, the column was transferred from south to north of the Burdab by a pass seven miles west of Shimber Berris, and was concentrated in the plain close to that place by noon. The enemy were holding two forts overlooking and flanking a deep nullah and a fort at the far end of the nullah, also in occupation of the numerous caves in the hillsides.

One company was despatched against each of the flanking forts, while the middle fort was also engaged at long range.

The two flanking forts were captured after two hours' fighting, but the enemy developed a heavy fire from the caves, from the middle fort, and from the vicinity of the fort. The guns were brought forward, and with machine guns engaged the middle fort and the caves at close range. The enemy's fire slackened, and dervishes were observed to be evacuating the fort and retiring southwards up the ravine. I despatched a company against this fort, but, although unable to effect an entrance, the company remained round the fort and enabled the Pioneers to place a charge of guncotton against the door, under a hot fire from the occupants inside. The fort and its defenders were blown up, hand grenades were thrown into caves known to be still occupied, and the two flanking forts were also blown up. I then withdrew the column, reaching my zareba at 6-15 P.M., fighting having lasted continuously for more than five hours. The next morning all the caves were found to have been evacuated. Leaving a tribal post at Shimber Berris, the column returned to Burao on 7th and 9th February.

It is difficult to estimate the numbers opposed to the column or the numbers killed either in November or February, but information leads me to believe that 400 to 500 were present in November, of whom some 40 were killed and many died of wounds subsequently; while in February not more than 100 to 120 remained to oppose the advance, of whom 32 alone were found dead in the caves.

The casualties during both periods are as follows:—

Killed, 1 officer, 1 rank and file (Indian contingent), 3 rank and file (Camel Corps), 4 tribal auxiliaries; wounded, 5 officers, 1 rank and file (Indian contingent), 24 rank and file (C[illegible]

Corps), 10 tribal auxiliaries. I desire to bring to your notice the services rendered by the following officers :—

(a) In November.

* * * * * * * * * *

Captain H. C. Dobbs, 124th Duchess of Connaught's Own Baluchistan Infantry, brought a gun into action on 23rd November within sixty yards of a fort, under hot fire, and conducted a flank attack with success.

The following are also deserving of mention :—

Major G. H. Summers, 26th King George's Own Light Cavalry, my Staff Officer.

* * * * * * * * * *

(b) In February.

Captain W. A. H. Bird, 23rd Sikh Pioneers, displayed great skill in the demolition of the forts, and on one occasion under a hot fire at close range.

Captain H. L. Ismay, 21st Prince Albert Victor's Own Cavalry, made all the staff arrangements prior to and during the operations, an exceedingly difficult task in a waterless country in the dry season, and with the complete success that you witnessed.

Lieutenant C. A. L. Howard, 32nd Lancers, displayed considerable courage in throwing hand grenades into caves under fire, and was wounded in doing so.

(c) The following native officer, non-commissioned officers and men :—

In November.

* * * * * * * * * * *

Jemadar Feroze Khan, 51th Punjabi Rifles, No. 293 Naik (local Havildar) Shan Khan, 76th Punjabis.

* * * * * * *

In February.

No. 4392 Naik Sher Singh, 23rd Sikh Pioneers, for bravery on 4th February. In placing a charge of guncotton against a door of a fort, under a hot fire from inside, he was knocked over and nearly insensible, but as soon as he got clear he returned and placed the charge in the correct place.

No. 4584 Havildar Teja Singh followed Sher Singh, placed his charge coolly, arranged fuses correctly, and fired the charge, also under fire.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the twenty-eighth September 1916, and is hereby promulgated for general information :—

ACT NO. XIV OF 1916.

An Act to make provision in connection with the present war with respect to Bills of Exchange payable outside British India.

WHEREAS it is expedient to make provision in connection with the present war with respect to bills of exchange payable outside British India; It is hereby enacted as follows :—

Short title and duration.

1. (*1*) This Act may be called the Indian Bills of Exchange Act, 1916.

(*2*) It shall be in force during the continuance of the present war and for a period of six months thereafter.

Delay in presentment of a bill for payment due to war.

2. Notwithstanding anything contained in the Negotiable Instruments Act, 1881, or in any other enactment for the time being in force, delay in the presentment for payment of a bill of exchange, where the proper place for payment is outside British India, is excused if the delay is, or has been, due either directly or indirectly to circumstances arising out of the present war, or to the impracticability, owing to similar circumstances, of transmitting the bill to the place of payment with reasonable safety.

Bills lost owing to the war.

3. Where, in any suit or other proceeding founded upon a bill of exchange payable outside British India, there is reason to believe that the bill has been lost, and that the loss can reasonably be presumed to be due, either directly or indirectly, to circumstances arising out of the present war, the Court may allow proof of the bill to be given by means of a copy thereof certified by a notary public, or by means of such other evidence as the Court thinks reasonable under the circumstances, and may pass a decree thereon notwithstanding any rule of law of the place where the bill is made payable :

Provided that such indemnity be given against the claims of other persons as the Court may require.

A. P. MUDDIMAN,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislative Council received the assent of the Governor General on the twenty-eighth September 1916, and is hereby promulgated for general information :—

ACT No. XV OF 1916.

An Act to remove certain existing disabilities in respect of the power of disposition of property by Hindus for the benefit of persons not in existence at the date of such disposition.

WHEREAS it is expedient to remove certain existing disabilities in respect of the power of disposition of property by Hindus for the benefit of persons not in existence at the date of such disposition ; It is hereby enacted as follows :—

1. (*1*) This Act may be called the Hindu Disposition of Property Act, 1916.

Short title and extent.

(*2*) It extends in the first instance, to the whole of British India, except the province of Madras : Provided that the Governor General in Council may, by notification in the Gazette of India, extend this Act to the province of Madras.

2. Subject to the limitations and provisions specified in this Act, no disposition of property by a Hindu, whether by transfer *inter vivos* or by will, shall be invalid by reason only that any person for whose benefit it may have been made was not in existence at the date of such disposition.

Dispositions for the benefit of persons not in existence.

3. The limitations and provisions referred to in section 2 shall be the following, namely :—

Limitations and conditions.

(*a*) in respect of dispositions by transfer *inter vivos*, those contained in section 13, 14 and 20 of the Transfer of Property Act, 1882, and

(*b*) in respect of dispositions by will, those contained in sections 100 and 101 of the Indian Succession Act, 1865.

4. Where a disposition of property fails by reason of any of the limitations referred to in section 3, any disposition intended to take effect after or upon failure of such prior disposition also fails.

Failure of prior disposition.

5. Where the Governor General in Council is of opinion that the Khoja community in British India or any part thereof desire that the provisions of this Act should be extended to such community, he may, by notification in the Gazette of India, declare that the provisions of this Act, with the substitution of the word "Khojas" or "Khoja," as the case may be, for the word "Hindus" or "Hindu" wherever those words occur, shall apply to that community in such area as may be specified in the notification, and this Act shall thereupon have effect accordingly.

Application of this Act to the Khoja community.

(*v*) the Principal of the Patna College and the Principal of the Ravenshaw College, Cuttack.

(*2*) The ordinary Fellows of the first Senate shall be the persons specified in the Second Schedule, and shall hold office for such period as may be prescribed by the Regulations.

(*3*) Upon the expiration of the period of office of the first Senate, the next and every ensuing Senate

shall include, in addition to the nominated and *ex-officio* Fellows hereinbefore referred to in this Act, four ordinary Fellows elected by the Faculties constituted in accordance with the Regulations, and eight elected by the three foregoing classes of Fellows :

Provided that, from such date as the Chancellor may determine, the number of Fellows to be elected by the first three classes shall be reduced to such number as he may, from time to time, prescribe, and the balance shall thereafter be elected by the registered graduates of the University.

(4) The Senate may (subject to the confirmation of the Chancellor) authorise the conferring of honorary degrees of the University, and may deliberate any question relating to the administration of the University, and come to a resolution thereon. A copy of every such resolution shall be forwarded to, and considered by, the Syndicate, but shall not be binding on that body.

Admission of educational institutions to the privileges of the University.

9. (1) No educational institution shall be admitted to any privileges of the University, unless the following conditions are complied with, namely :—

(a) the admission of the institution to such privileges has, on application made, been recommended by the Syndicate, approved by the Senate, and sanctioned by the Local Government ; and

(b) all provisions of the Regulations relating to the admission of educational institutions to such privileges have been complied with.

(2) No educational institution shall be admitted as a college of the University, unless the following conditions are complied with, namely :—

(a) the college buildings are situate within one mile from the Senate House of the University;

(b) all provisions of the Regulations relating to the admission of educational institutions as colleges of the University have been complied with.

(3) No educational institution shall be admitted as an external college, unless the following conditions are complied with, namely :—

(a) the college buildings are situate in one of the following towns, namely :—Muzaffarpore, Bhagalpur, Cuttack, or Hazaribagh ;

(b) all provisions of the Regulations relating to the admission of educational institutions as external colleges have been complied with.

Exclusion of a college from the privileges of the University.

10. (1) Any member of the Syndicate may bring forward a proposal that a college be deprived, either in whole or in part, of its privileges.

(2) The Syndicate shall, after affording the governing body of the college all reasonable facilities for stating its objections to the proposal, consider the proposal and transmit a copy of its proceedings, including a copy of any representation which may be made by such governing body thereon, to the Senate.

(3) The Senate shall consider the proposal and transmit a copy of the proceedings of the Syndicate and of its own proceedings to the Local Government.

(4) The Local Government, after such further inquiry, if any, as may appear to it to be necessary, shall pass such orders on the proposal as it thinks fit, and such orders shall be binding on the University and the college.

Termination of privileges granted by other Universities to colleges in Bihar and Orissa.

11. Notwithstanding anything in any other law for the time being in force, no University established by Act of the Governor General in Council shall, after the commencement of this Act, admit any college to any privileges whatever, and any privileges granted to any college prior to the commencement of this Act, shall be withdrawn on the commencement of this Act.

University Staff.

12. The University staff shall be appointed by the Chancellor on the recommendation of the Syndicate, who shall transmit its recommendations through the Vice-Chancellor :

Provided that this provision shall not apply in the case of the temporary staff paid from the funds of the University, in which case the appointment shall rest with the Syndicate subject to the sanction of the Chancellor.

Audit of accounts.

13. The accounts of the University shall, once at least in every year, [illegible] intervals of not more than fifteen months, be audited by auditors appointed by the Local Government, and a copy of the accounts, together with the auditor's report, shall be submitted to the Governor General in Council.

Regulations.

14. (1) Subject to the provisions of this Act, the Regulations may provide for all or any of the following matters :—

(a) the duration of the term of office of the ordinary members of the Syndicate and Senate including that of the first members ;

(b) the time and mode of all elections to the Syndicate or the Senate, and the filling of all casual vacancies therein, and all other matters relating thereto ;

(c) the constitution, powers and duties of the Faculties or such other bodies, as it may be deemed necessary, from time to time, to appoint ;

(d) the conditions of appointment and the powers and duties of the Registrar, Professors or other officers of the University, whether being members of the University staff or not ;

(e) the appointment and functions of governing bodies of the colleges ;

(f) the admission of educational institutions as colleges, and the withdrawal of privileges from colleges so admitted ;

(g) the admission of students to the University and their examination ;

(h) the residential arrangements of students of the University ;

(i) the appointment and duties of Examiners;

(j) the conferment by the University of degrees, diplomas, certificates and other academic distinctions, and the qualifications for the same;

(k) the withdrawal of degrees, diplomas, certificates and other academic distinctions;

(l) the general discipline and control of the University and of the colleges of the University;

(m) the accounts to be kept and the use to be made of the funds of the University; and

(n) all other matters relating to the administration of the University.

(2) The first Regulations shall be framed by the Local Government. The Senate may, from time to time, make new or additional Regulations, or may amend or repeal the Regulations.

(3) The Syndicate shall have power to draft and propose to the Senate Regulations to be made by the Senate, and it shall be the duty of the Senate to consider the same.

ORDINARY FELLOWS OF THE FIRST SENATE.

STATEMENT OF OBJECTS AND REASONS.

THIS Bill is intended to provide the legislative sanction necessary for the constitution of a University at Patna. A scheme for the establishment of such a University was prepared in 1913 by a large local Committee and published for general criticism. This scheme, after being in some respects modified in the light of public criticism, and the views of the Local Government has received the approval of the Secretary of State, and forms the basis of the present Bill.

The University contemplated by the Bill will be primarily a residential and teaching University located at Patna. In view, however, of the existence of Colleges in other parts of the Province, and the local feeling in favour of their retention, it is provided that, in addition to the Colleges at Patna, the University should comprise Colleges situated at four other centres, and the Bihar National College at Bankipur. The Colleges at Patna, which will be known as Colleges of the University, will be under the direct control of the Syndicate in matters of education, and of a whole-time Vice-Chancellor in matters of discipline, while the other or 'external' Colleges will be subject to general supervision and inspection by the same authorities on lines generally similar to those governing the relation of affiliated Colleges to a University under the Universities Act of 1904.

The constitution of the new University will enable the Province of Bihar and Orissa to obtain a University of its own, and will effect some reduction in the large number of students now under the jurisdiction of the University of Calcutta.

The 21st September, 1916.

C. SANKARAN NAIR.

A. P. MUDDIMAN,
Secretary to the Government of India.
